Myles
Have a great summer
& see ya next year
Yonda B-

To a Kute Boy
have a good Summa
Dear Tumpy

Myles - It's been A FAIR
year, even though Biology classed Along
with "MB" (MARBLE mouth) but we did
Riddle Him pretty good. HAVE
summa AND TAKE IT EASY
BRUCE C.

Dear miles, ~~miles~~, Myles,
See, it's hard to spell your
name, now seriously! Well,
I glad the years over, so we
~~don't~~ can get out of
Selfridge's perverted class: I
guess we didn't raise too
much hell this year but we can
try to do better next year; I'll
see you this summer, and I'll
take to the beach, maybe this
summer to teach you how to
swim, Kurt

Myles

Open a Yearbook . . .
What do you see?
Pictures of friends, teachers, activities.
Your school.

But you realize this wasn't really
what it was like.
Pictures can only remind you;
of the Fridays when you had a test
for each class.
That part-time job that all too soon
became full-time.
Those freezing football games.
Working day by day at rehearsals.
The times you went cruising for parties
and almost ran over a friend.
When it was so hot. You said to your
friend, "Let's split and go to the beach."
That special date that turned out to
be a fiasco.
When you hobbled around because your feet
were so blistered from hiking.
Walking along the beach with a special friend.

The Yearbook can remind you of these things,
but only you can add the memories.

The following pages have attempted to capture
these memories, however the Galleon cannot
include everything. The rest of these memories
can only come from you.

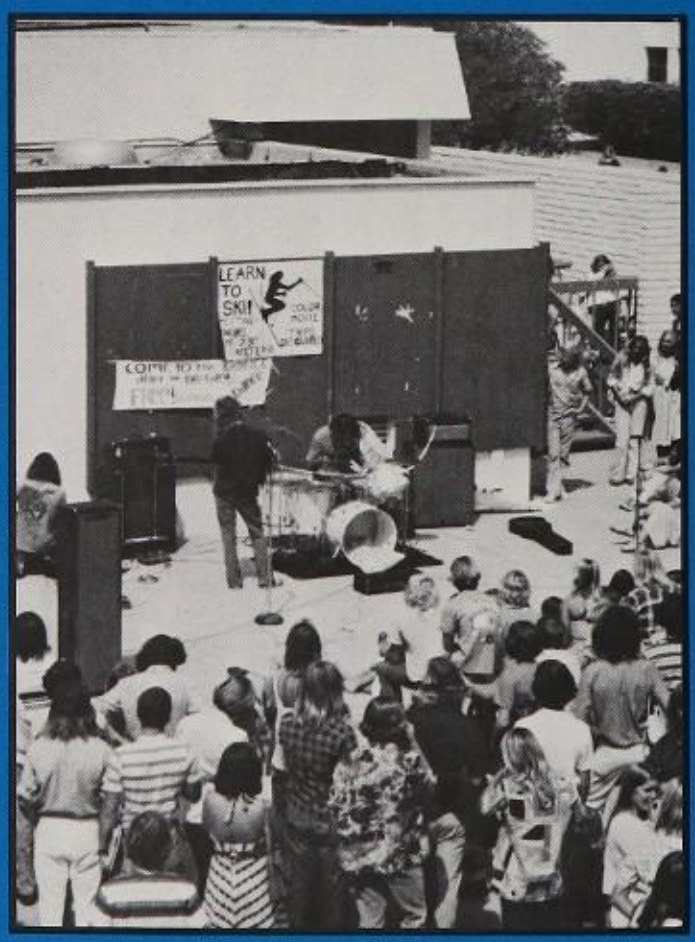
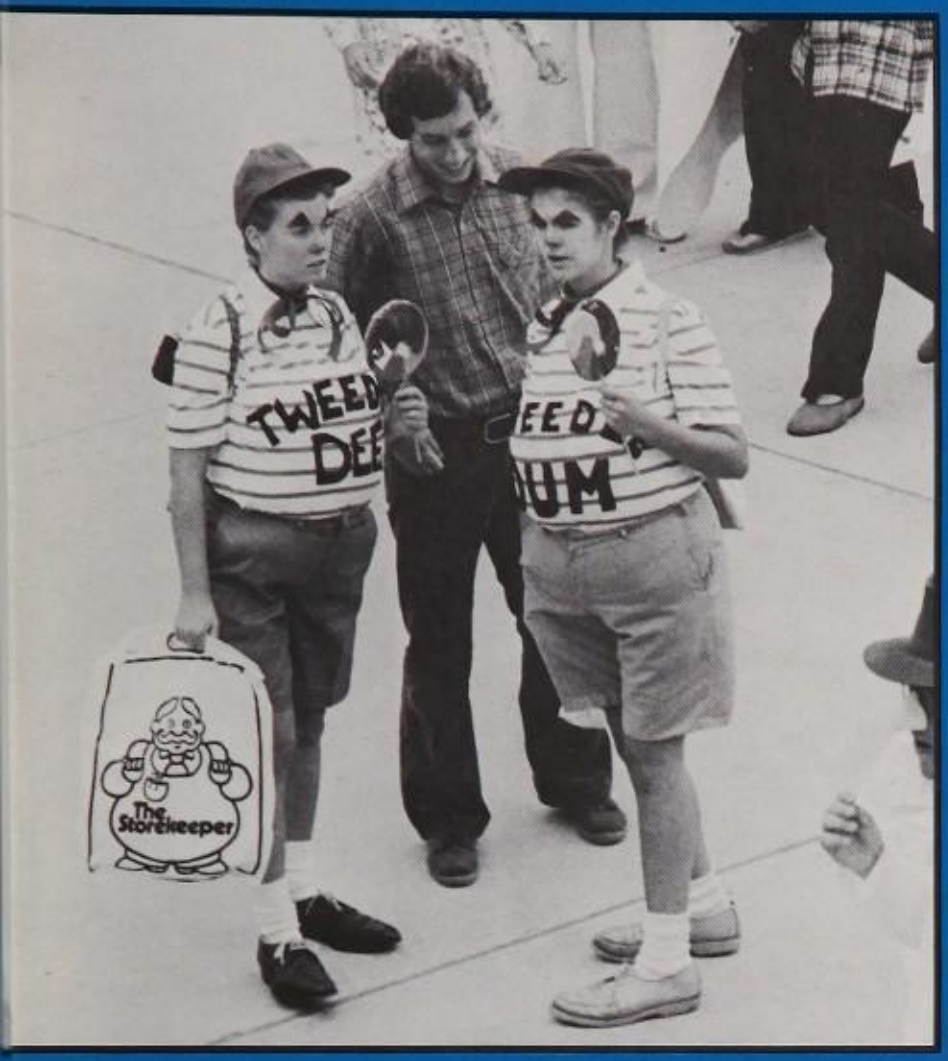
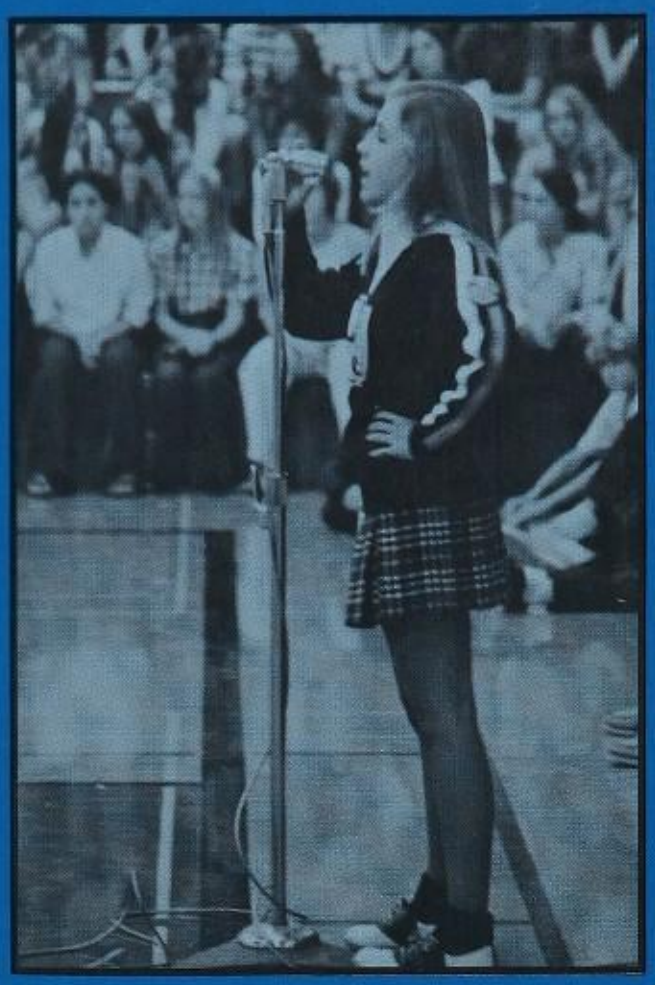
ACTIVITIES

Twenty years from now, when a student looks back on his high school days, his fond memories will not come from remembering a test that he took in history, nor an English paper that he stayed up all night to finish. No, his memories will come from the extra things that he did at high school; the prom, homecoming, noon concerts, and special assemblies. All the rallies, the times he went to Coco's to avoid those rallies, plays, concerts, the lunch time activities (care for a pie?) and of course parties. At times, school can become dull, it can even become boring and the only thing that is on one's mind is to get out. But if a person can become involved with the social aspects of high school life, that life can become so much more pleasant. Activities are an integral part of the system, and without them, that system would probably die.

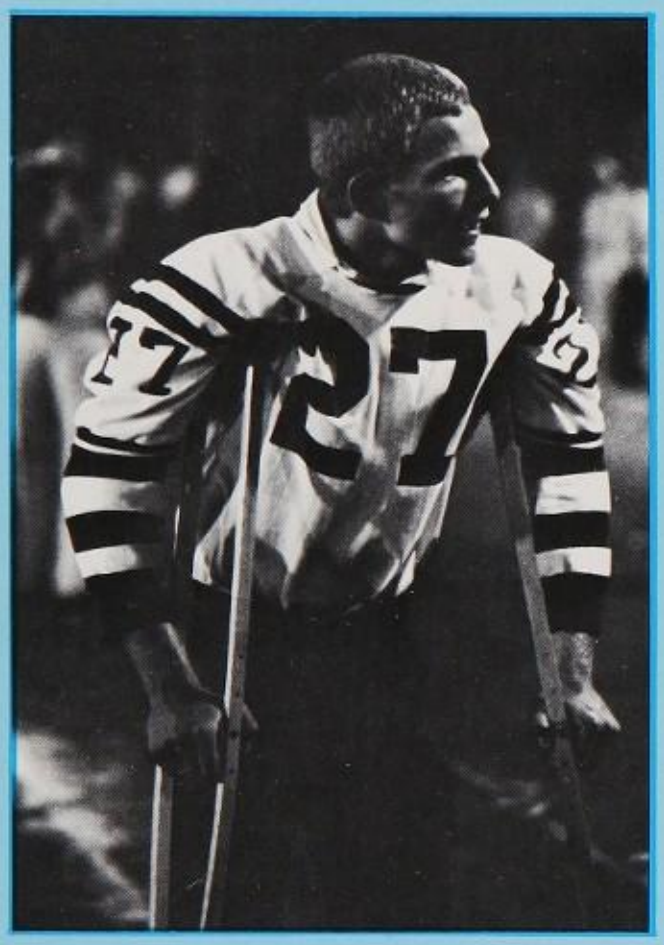


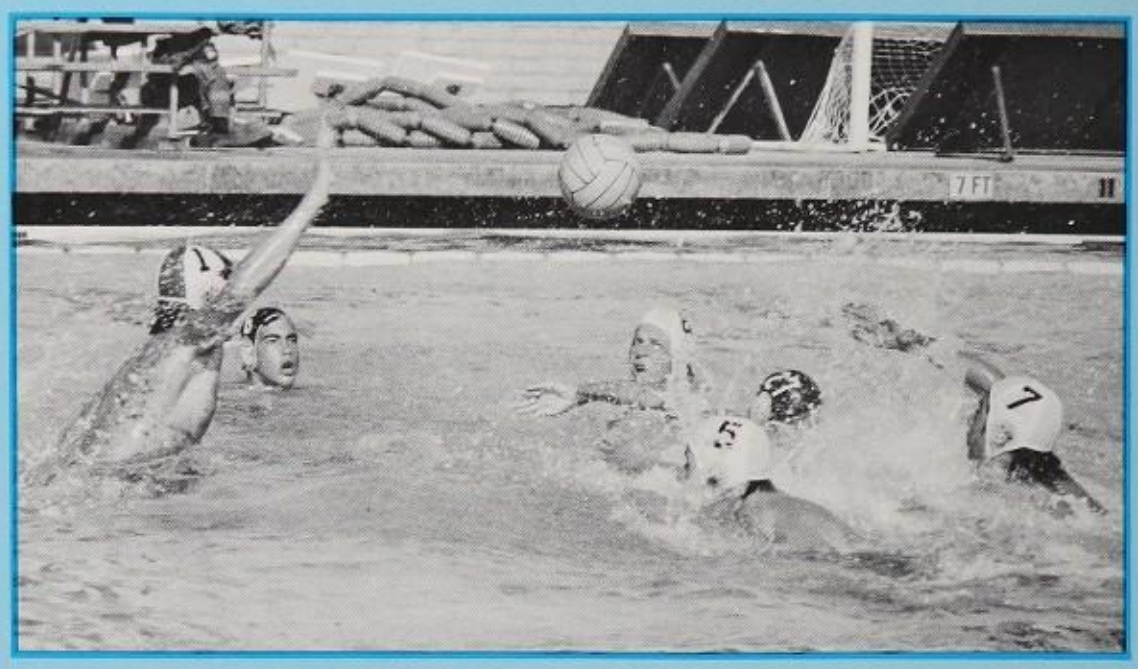


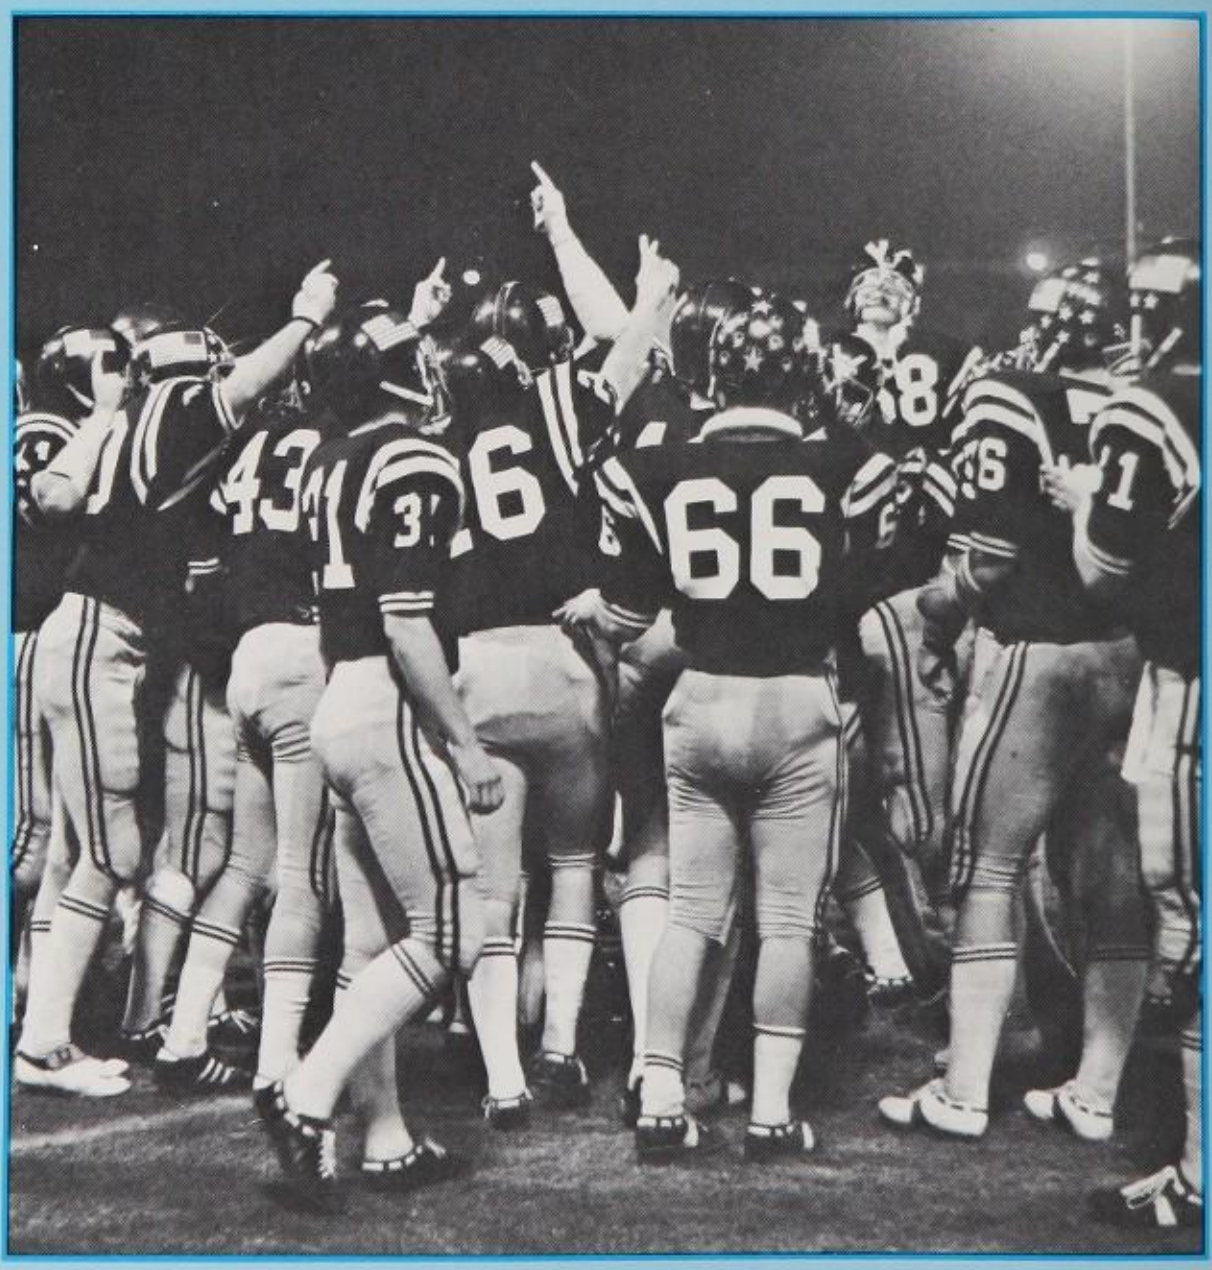
The Storekeeper

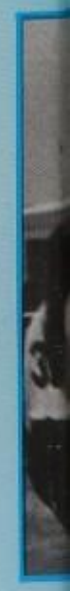


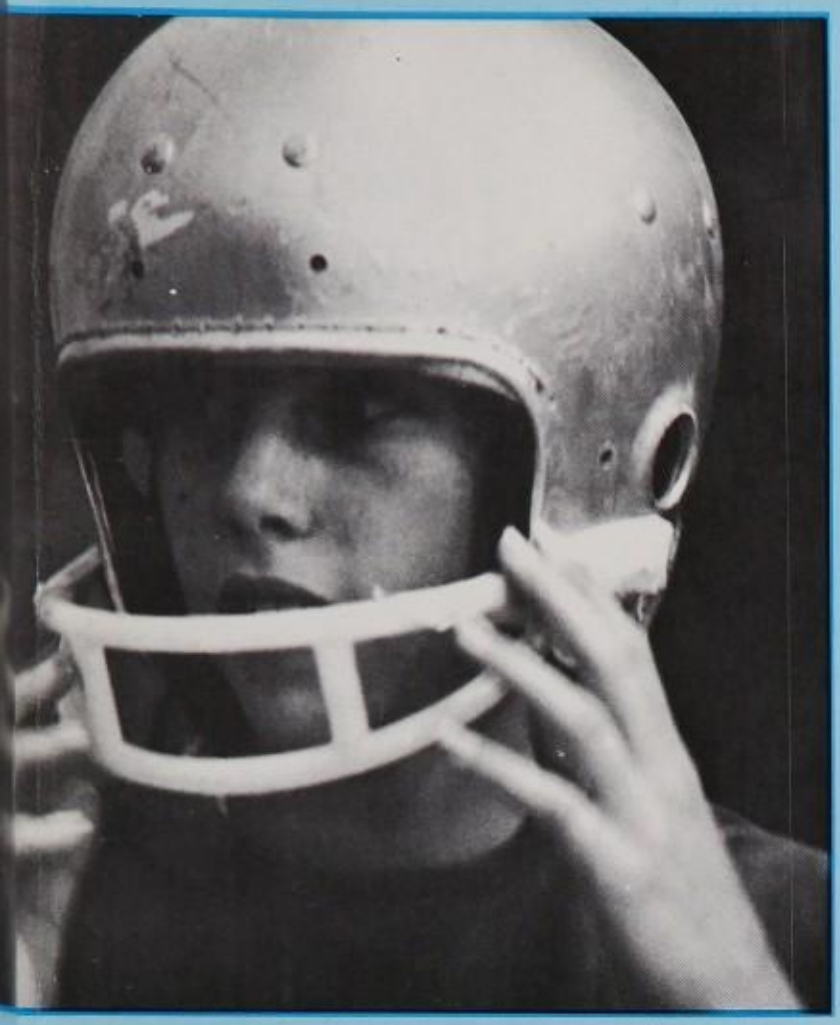
BLUE PRIDE!

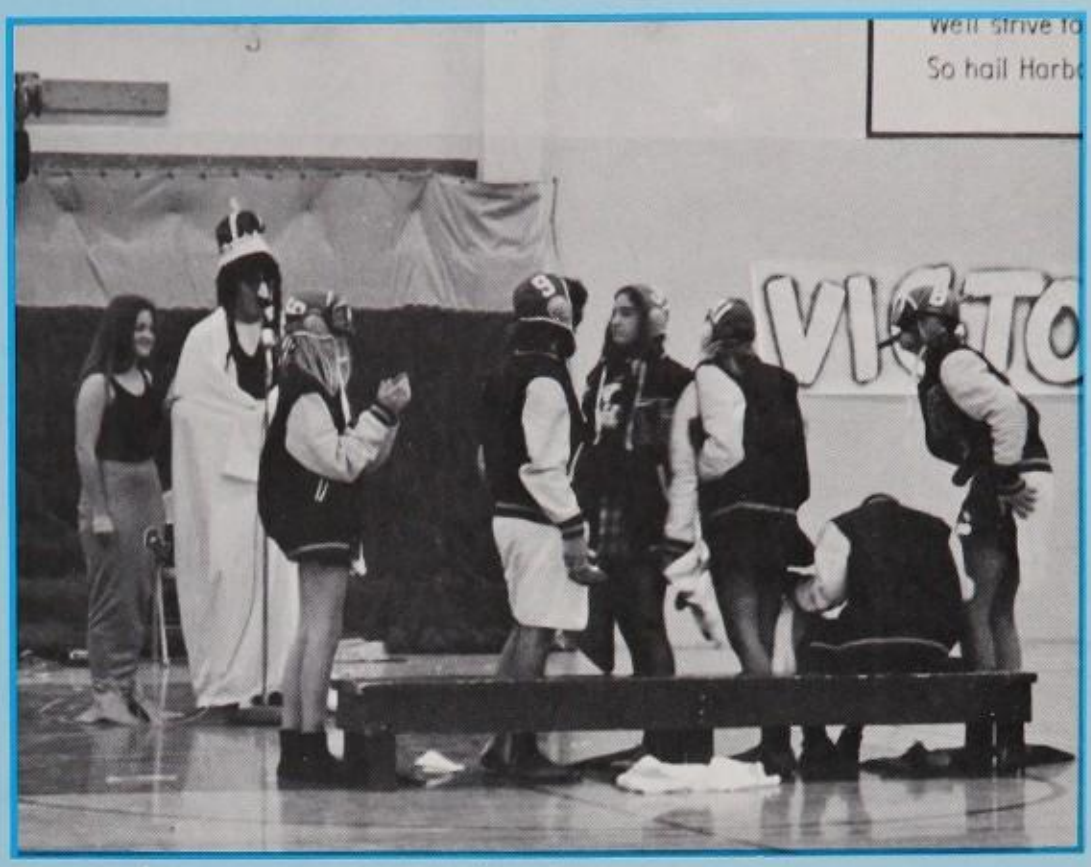




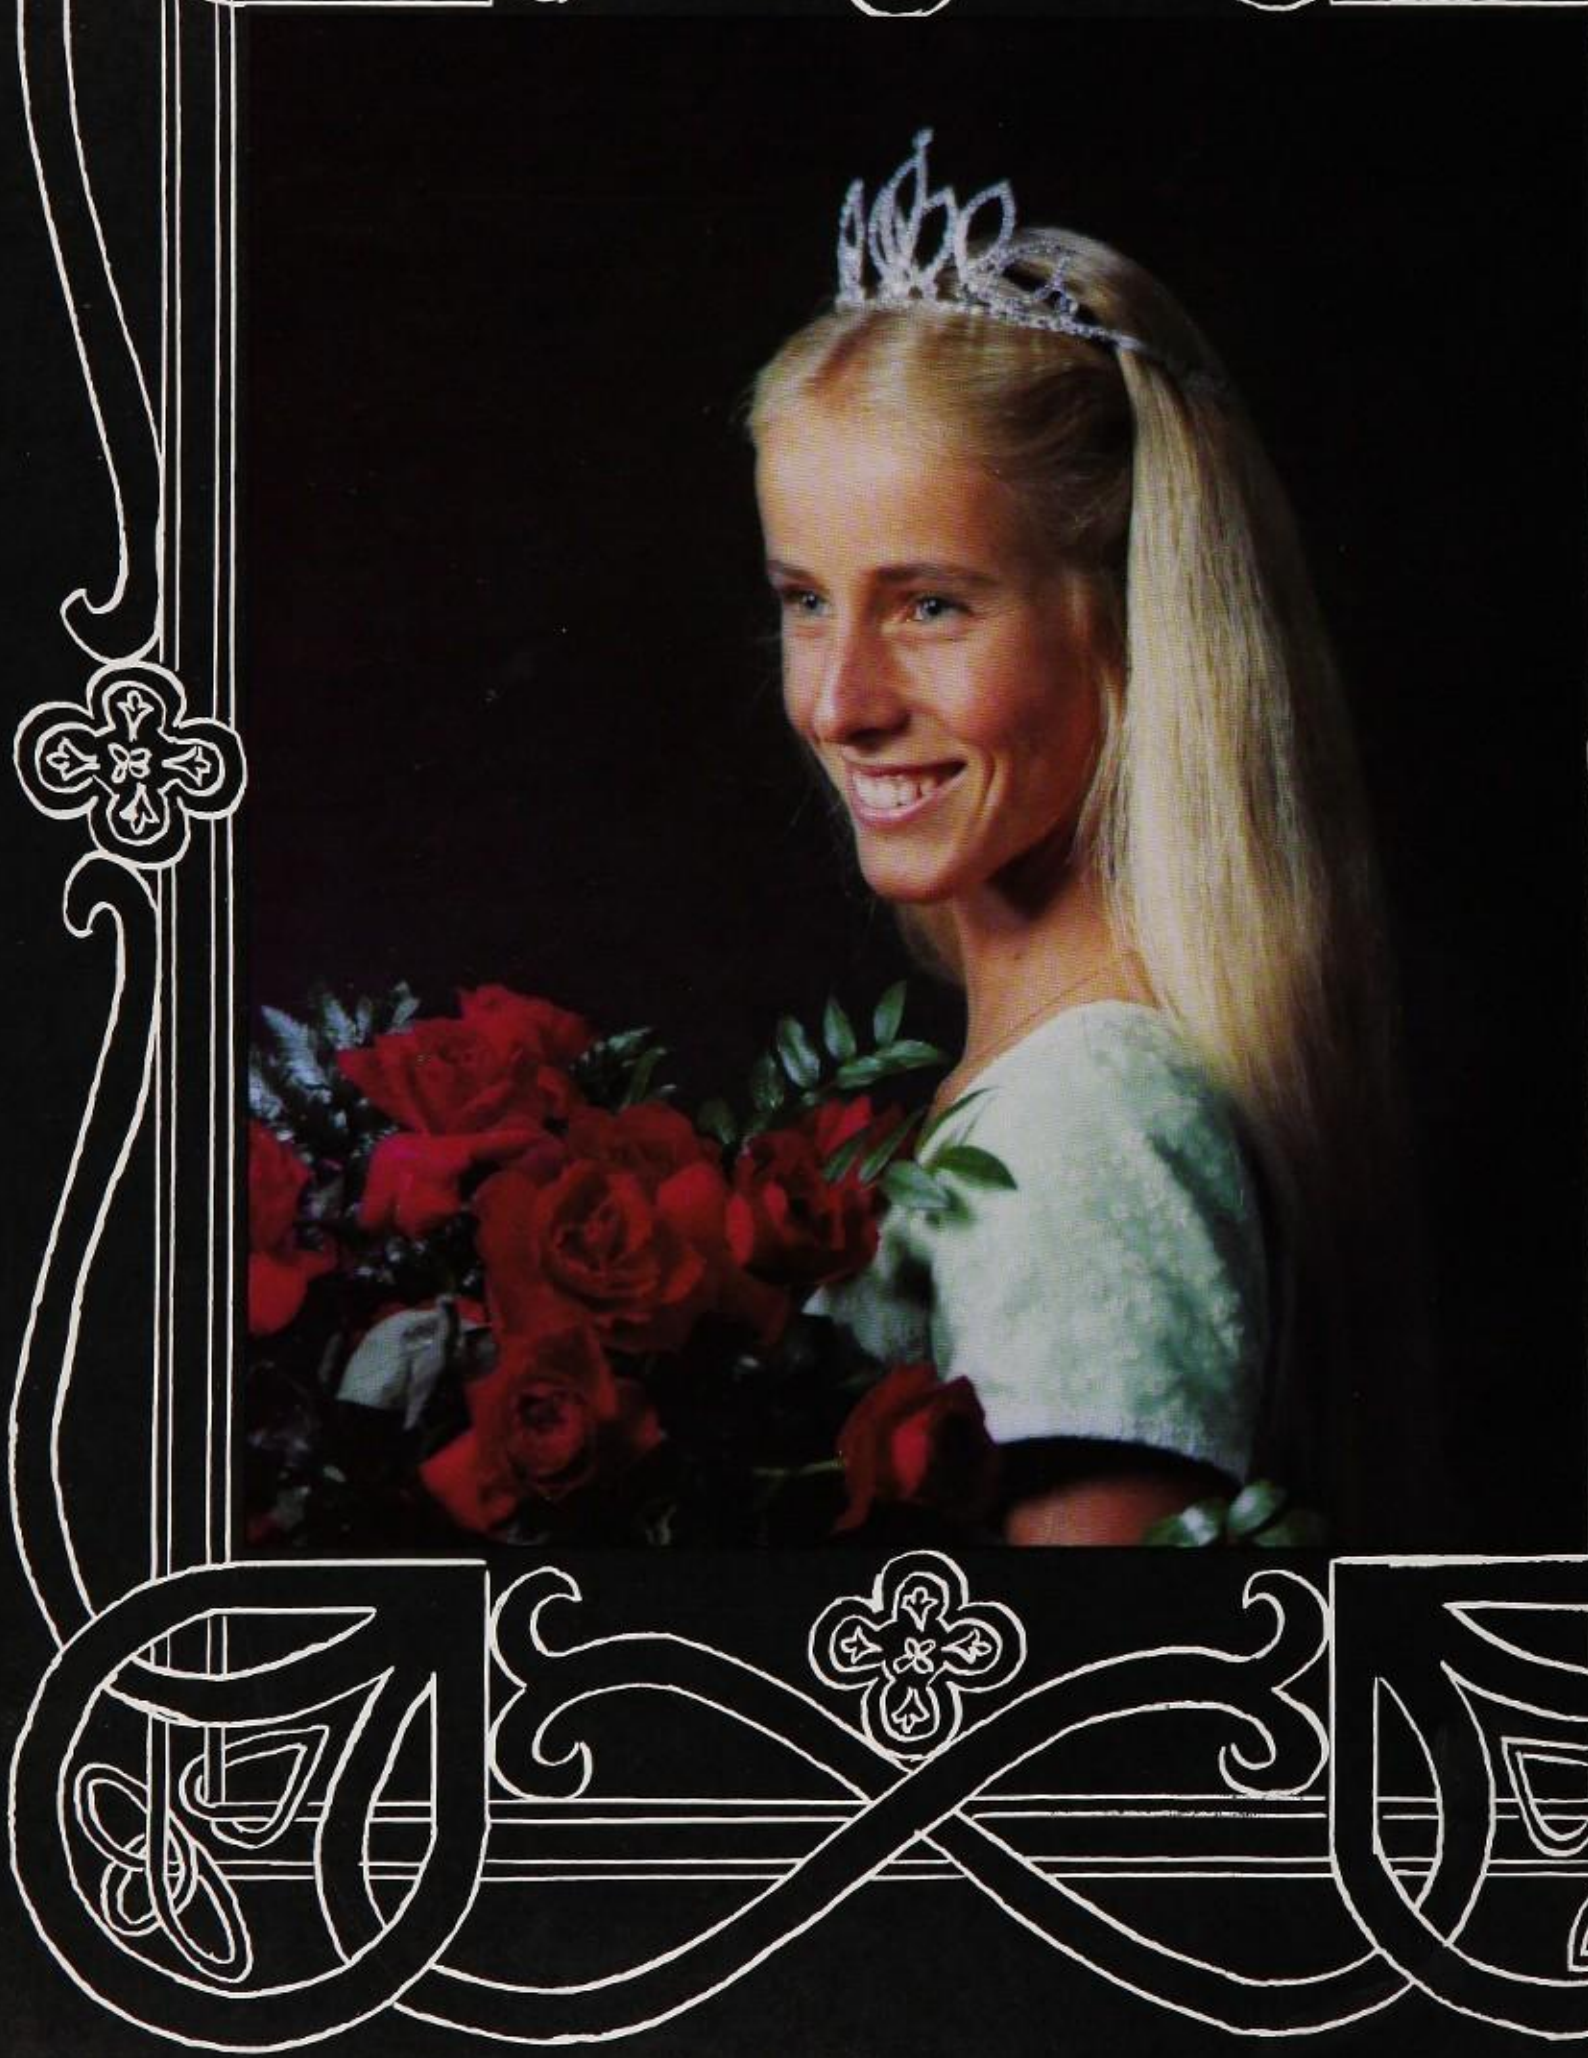








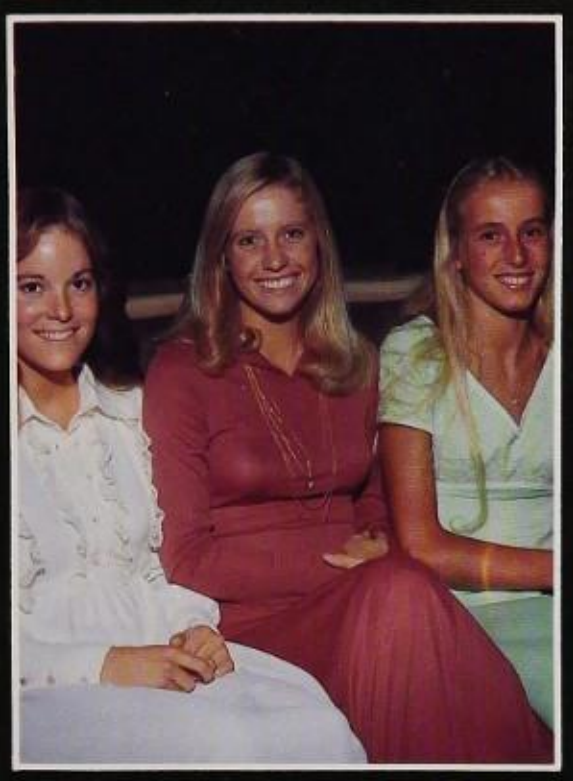
myles,
knowing you in math has been really fun. Your a great guy with a good personality. I like a lot. Probably see you next year in algebra B. Hopefully I'll see you this summer!
Cindy



1974 HOMECOMING QUEEN BARBARA BEEK

Homecoming '74

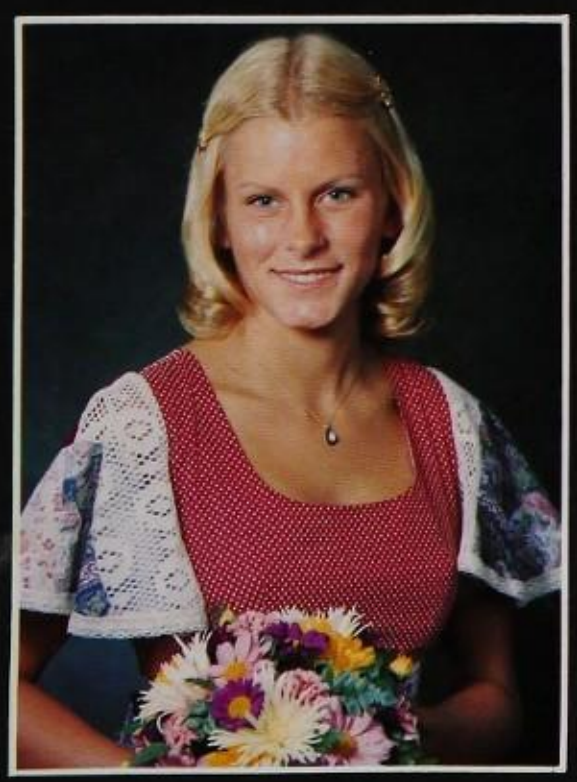
Jan Brousard



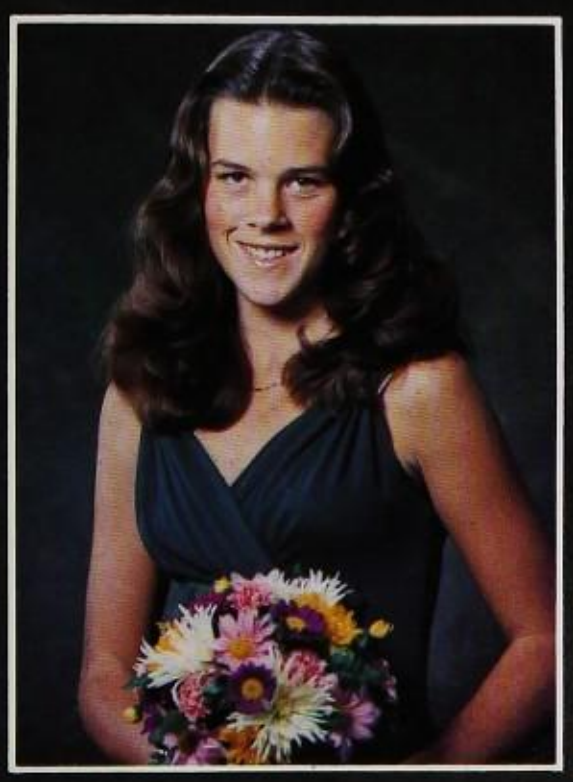
3 Senior Princesses

Nancy Beckett

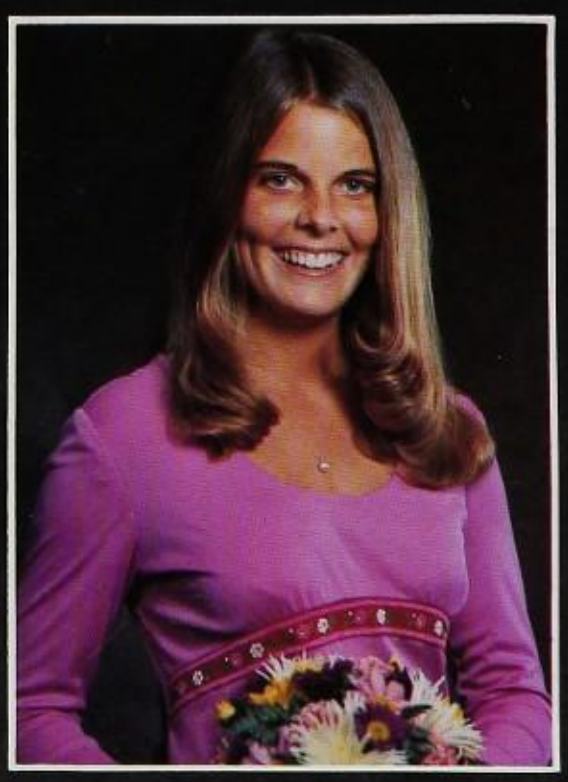
1974 HOMECOMING COURT



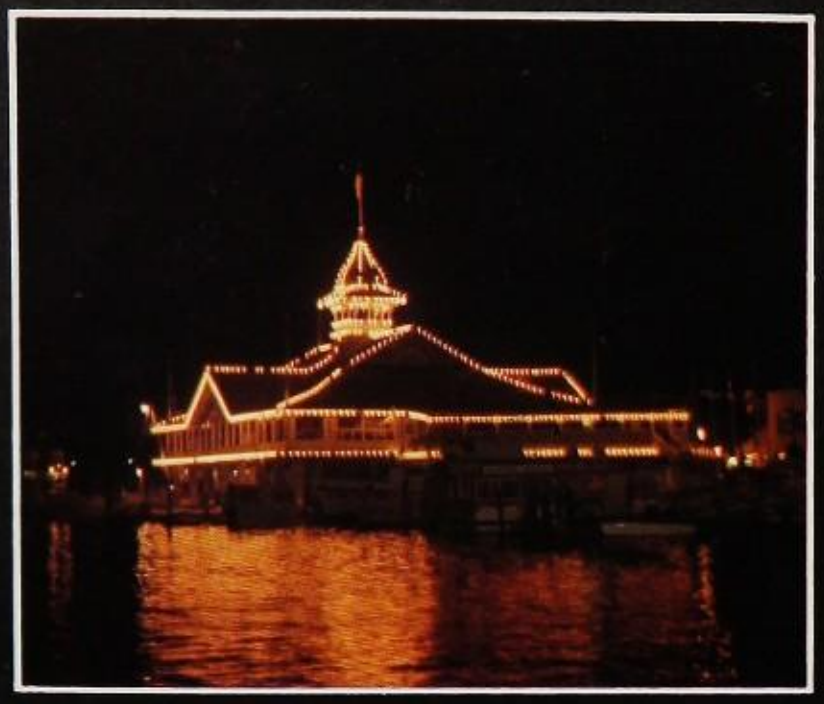
Karen Egan



Julie Brown



Leslie Scott



A flash of lightning and a clap of thunder, natural fire works, kicked off the start of Homecoming '74 on November 1st. The exciting game, against the Fountain Valley Barons, began with a first half totally dominated by the Tars. As the gun sounded indicating the end of the half, tension mounted as the Homecoming Princesses came on to the field. Each girl was chauffered to the home stand in classic cars, the first being Freshman Princess Karen Egan. Second was Sophomore Princess Julie Brown and third, Junior Princess Leslie Scott. Finally, in the last two cars, came 1973 Homecoming Queen Kris Uhler and the three Senior Princesses, Nancy Beckett, Barbara Beek and Jan Brousard. And then, the suspense was over. Homecoming Queen Barbara Beek was crowned by ASB President Jeff Zigner.

Harbor maintained its lead to beat the Barons and left the spectators in good spirits as they readied themselves for the Homecoming Dance, immediately after the game, at the Balboa Pavillion. Every half hour, students could take a ride on the Pavillon Queen while a group called Spring Canyon played into the night.

AQUA SHOW

The Annual Aqua Show presented two evening performances in the district pool. The theme of this year's show was "People". Using various songs such as Hong Kong Blues, King of the Road, Cabaret, and Killing Me Softly, the girls swam in synchronized patterns. Each number in the show had its own music and costumes creating a great variety with such numbers as, white birds drifting gracefully across the water, toy soldiers snapping to attention and old fashioned bathing costumes to add a bit of comedy.

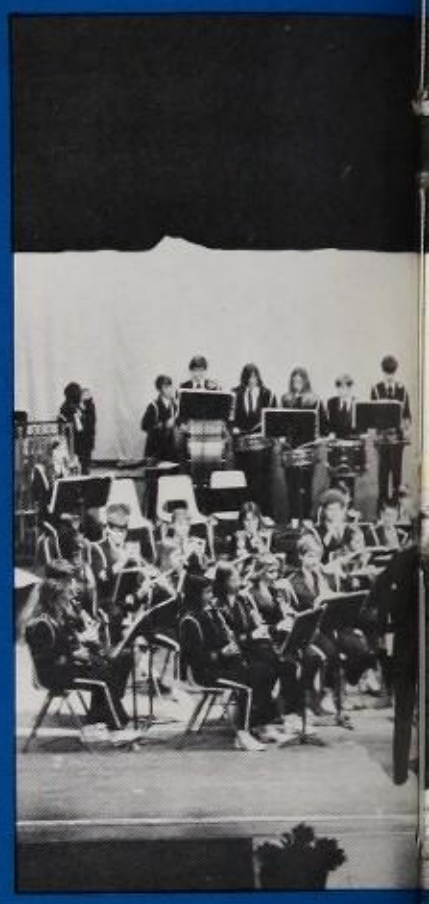
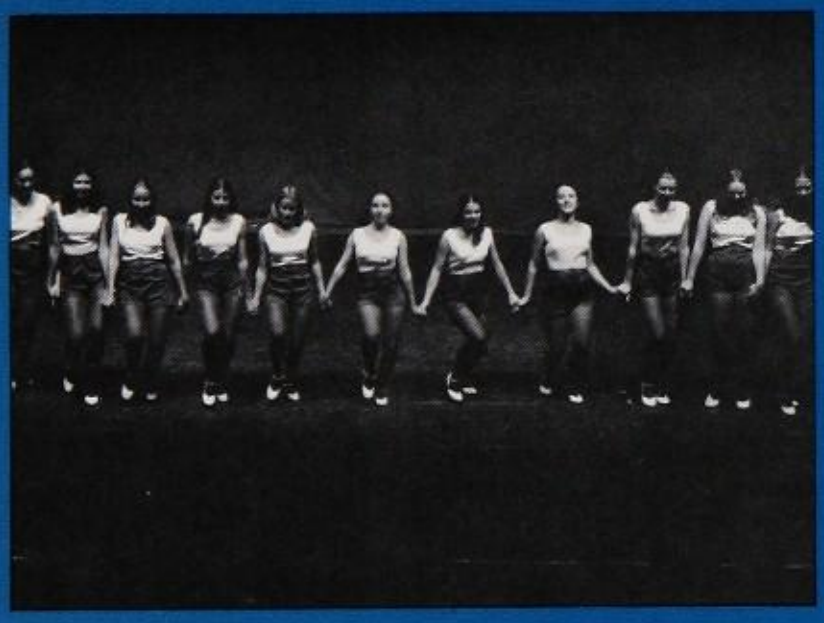
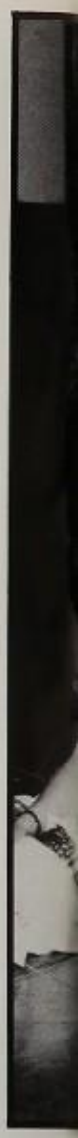
MID WINTER



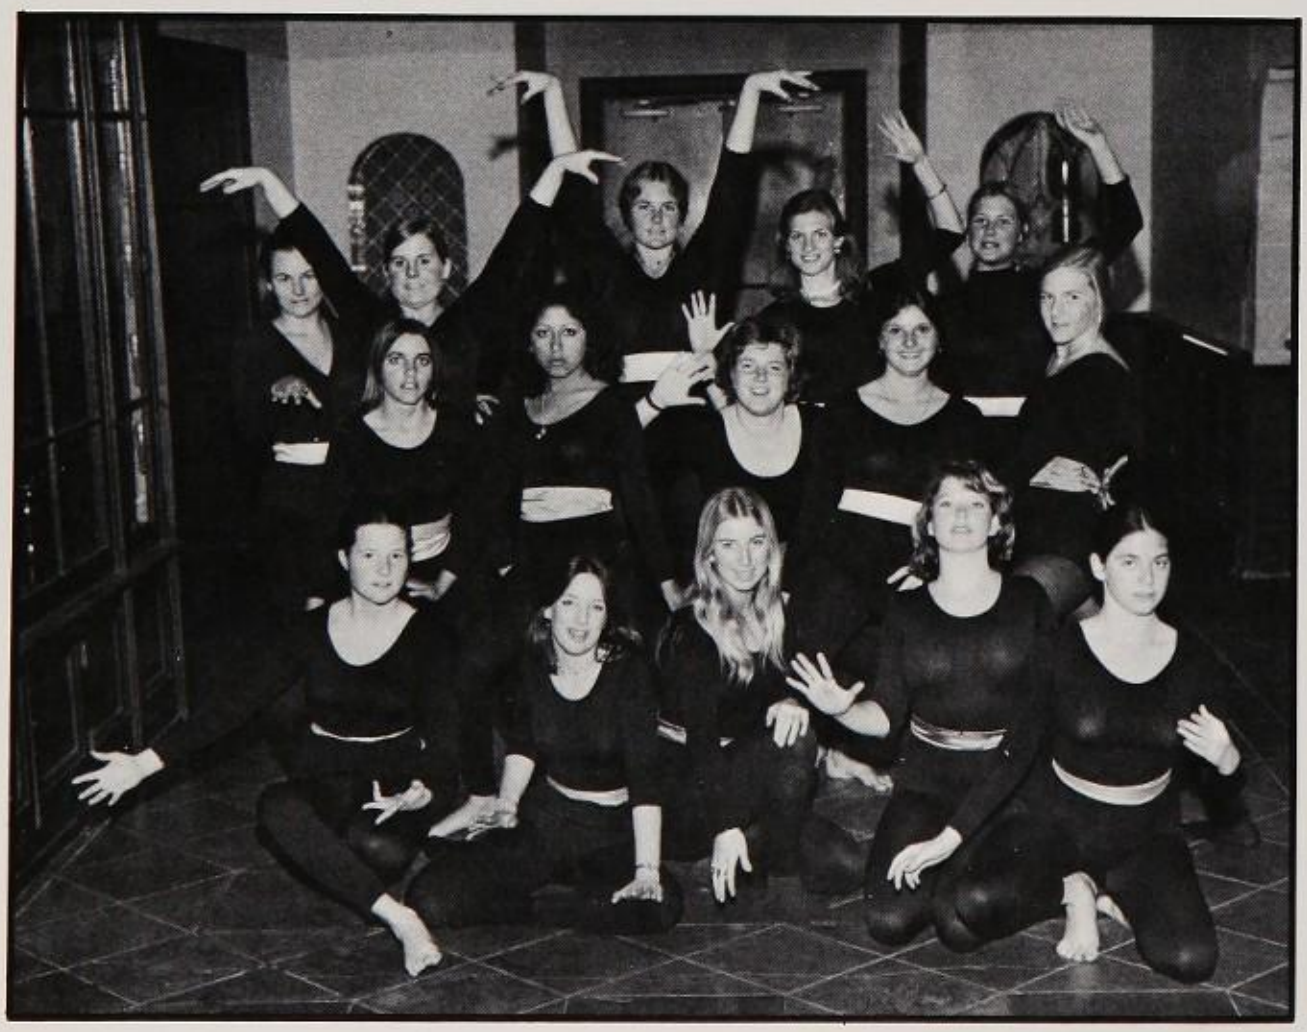


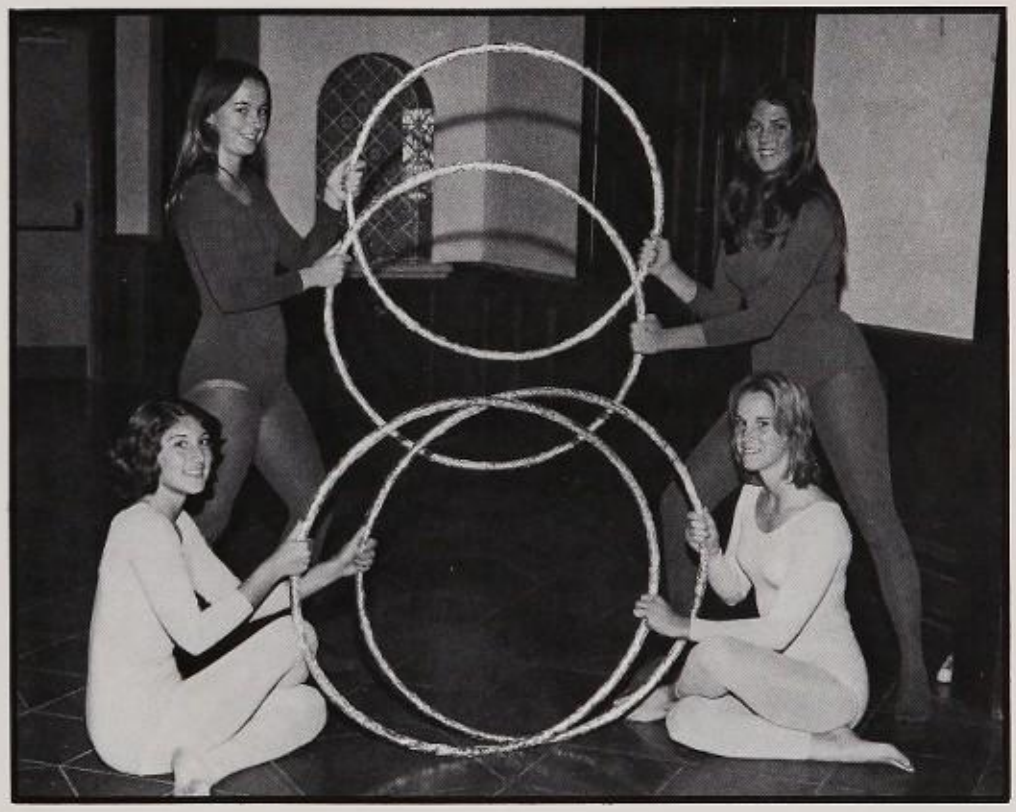
CONCERT

DANCE PRODUCTION



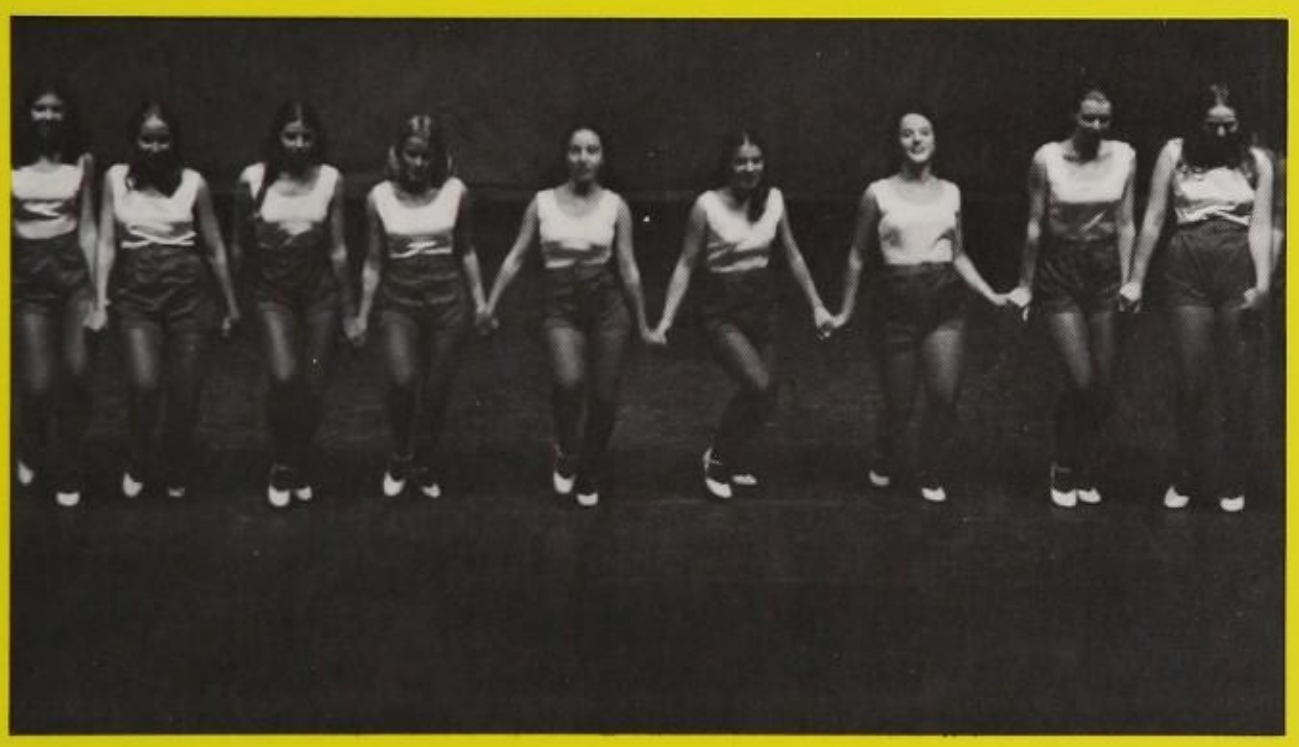
The 1975 Dance Production was presented Jan. 31st before an audience of some 400 people. Although there was no theme this year, the girls outdid themselves in dance achievement. 25 Dance numbers were presented with 17 numbers from Dance Prod. Classes and 8 from Advanced Dance. Approximately 130 girls participated to put on a most outstanding dance show.

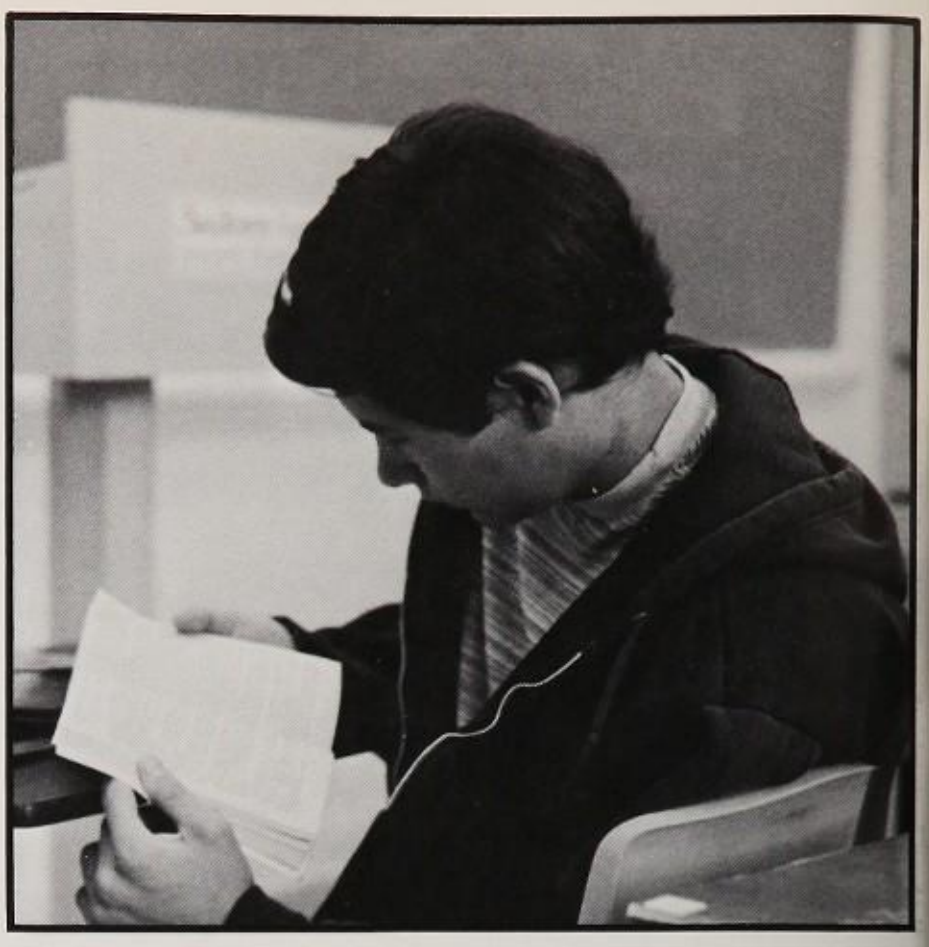




SPRING

CONCERT



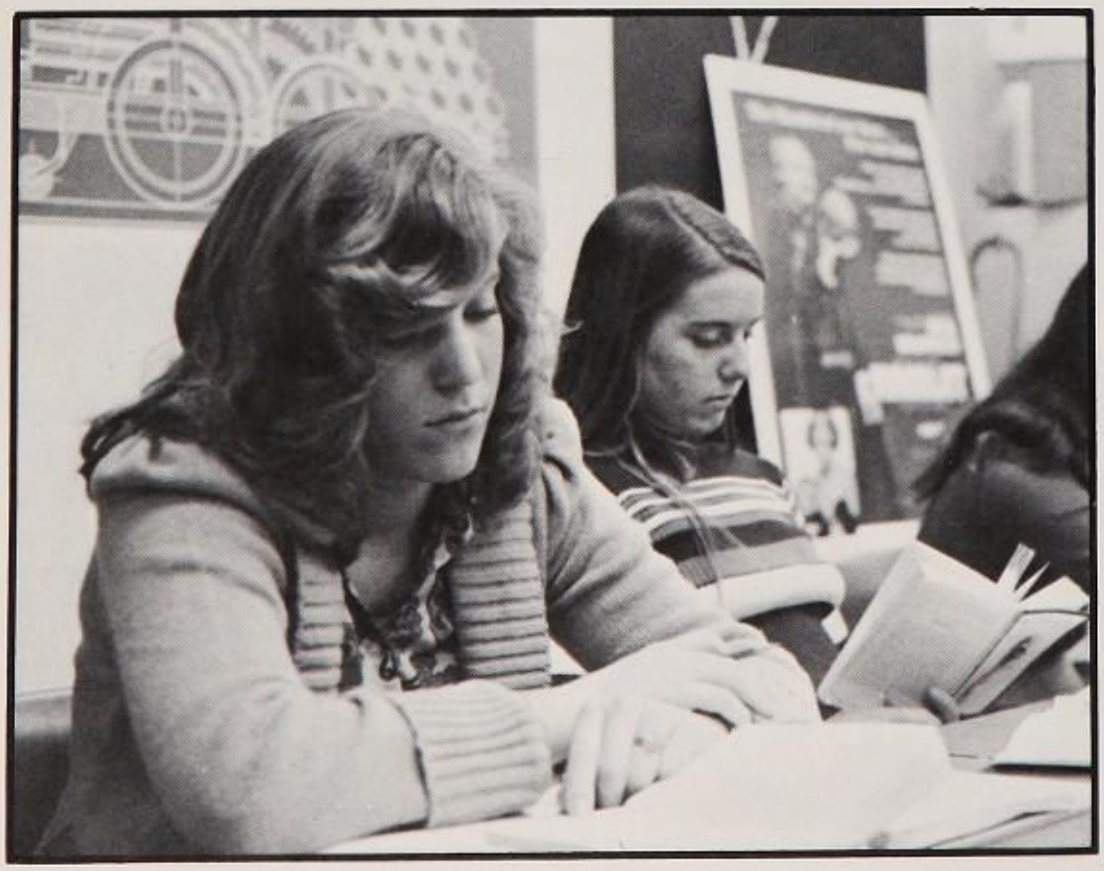


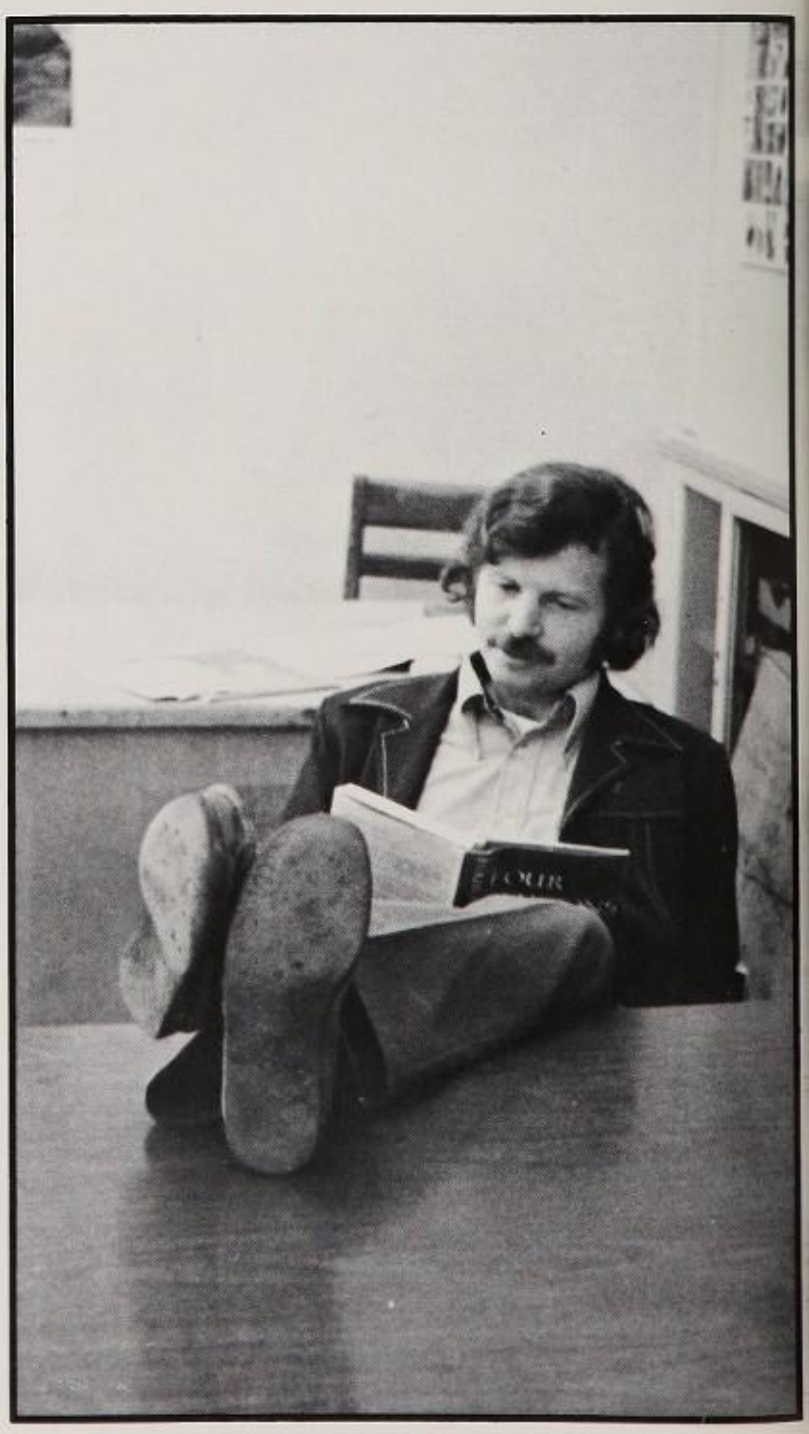
SILENT READING BREAK

Newport Harbor inaugurated a new reading program this year on February 10th. It took the form of a 24 minute "Silent Reading Break". During this period, students, faculty and administrative personnel all paused in their busy day to silently enjoy reading matter of their own choice.

The idea for the SRB program originated from the Reading Journal. Mrs. Werner sought the appropriate approvals. It appeared that everyone responded enthusiastically to the program.

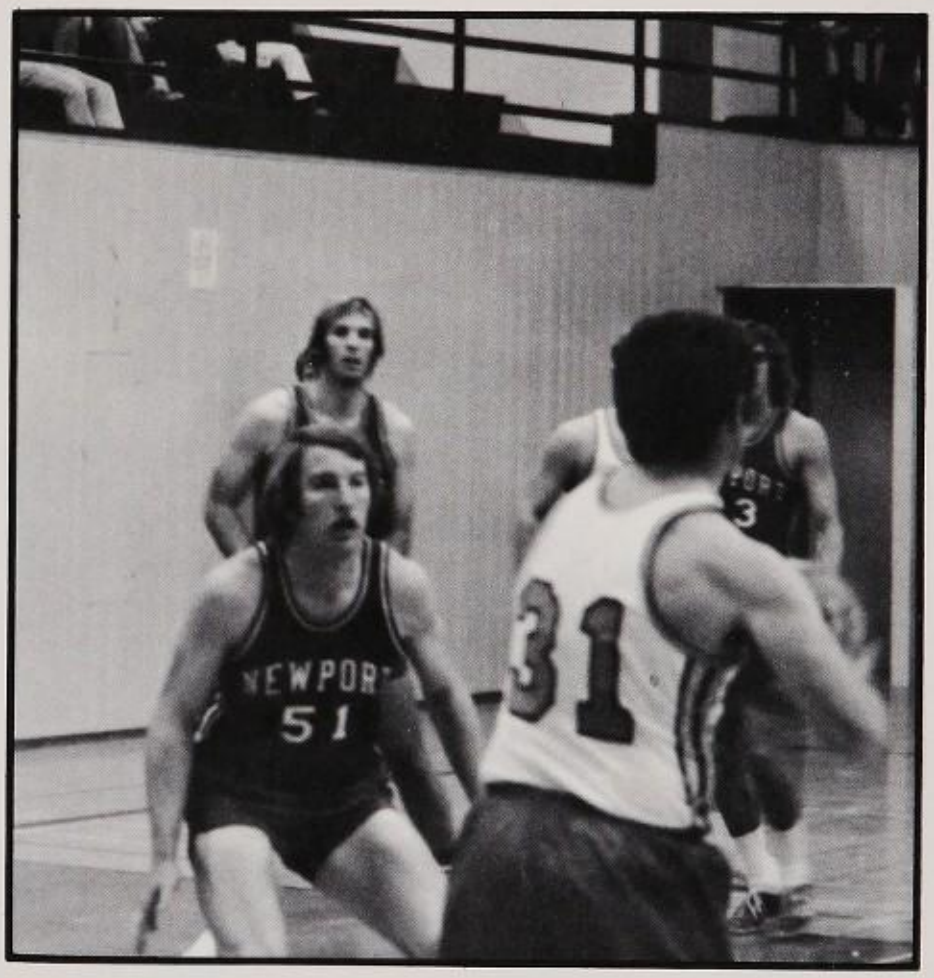
Reading for enjoyment and enrichment rather than for academic reason seemed to be enjoyable to all concerned.

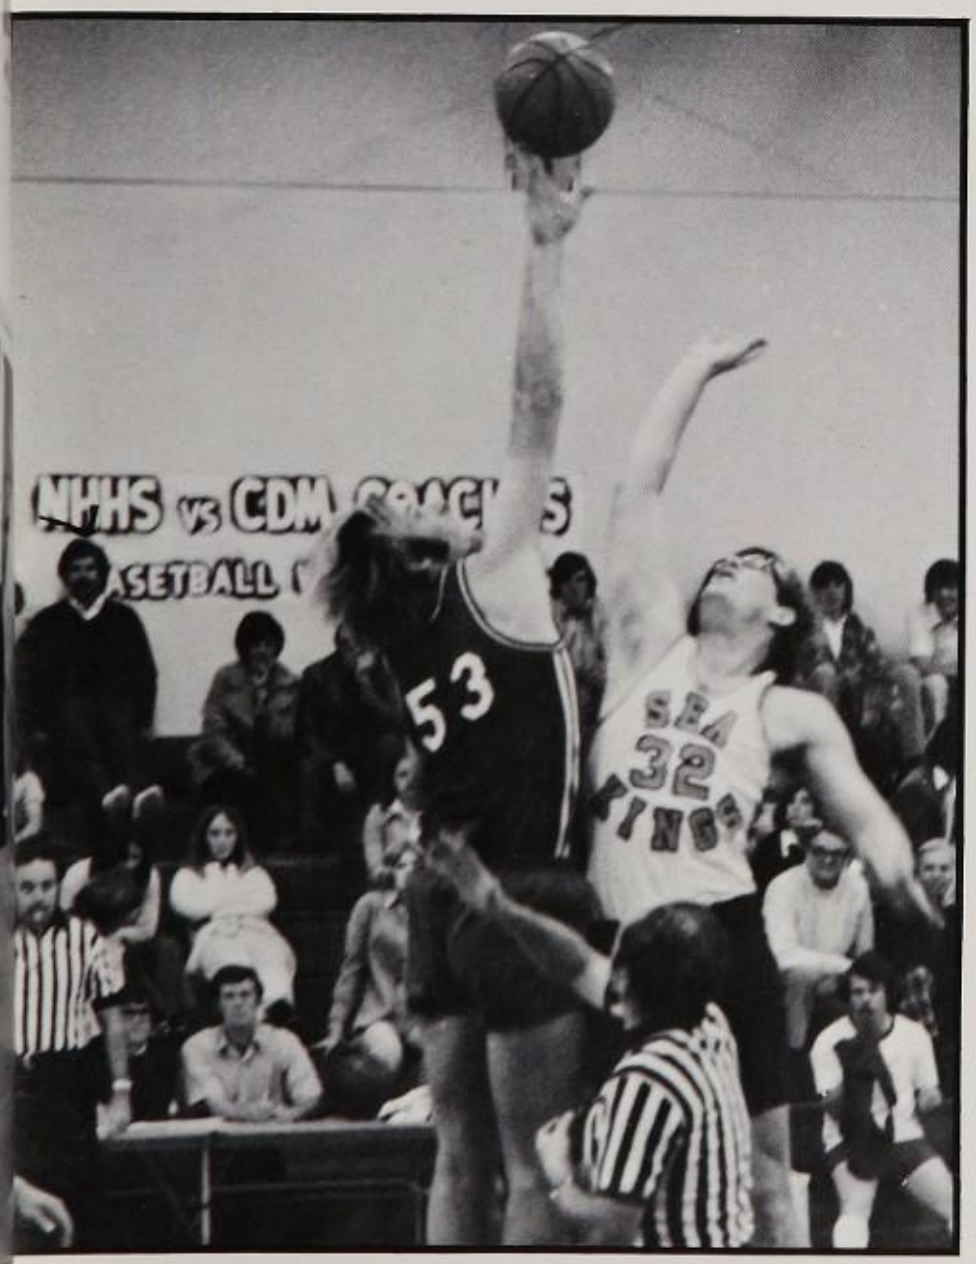




CIF VERSUS DAILY PILOT TARS - CDM COACHES

Massacre IV turned out to be just that with Newport Faculty Coaches demolishing CDM Coaches 59-51. The Tars' stand-outs were: Tim Parcell, who scored 20 pts., Hank Cochrane, who played with a broken finger. Others playing for the Sailors were: Baby Face Bratten, Doyle, Rocky Ford, Tex Blieker, and Bill George. Principal Chuck Godshall had a fantastic game playing for the Daily Pilot, and scoring 2 pts. Unfortunately, the CIF staff won against the DP.





WINTER DANCE

Dancing to the beat of the "Black Watch", strolling the decks of a famous ship, this was the scene of the '75 Winter Dance, held on the Queen Mary, January 24th. Approximately 580 people attended the Dance, which was one of the most unusual and exciting of Harbor's dances.

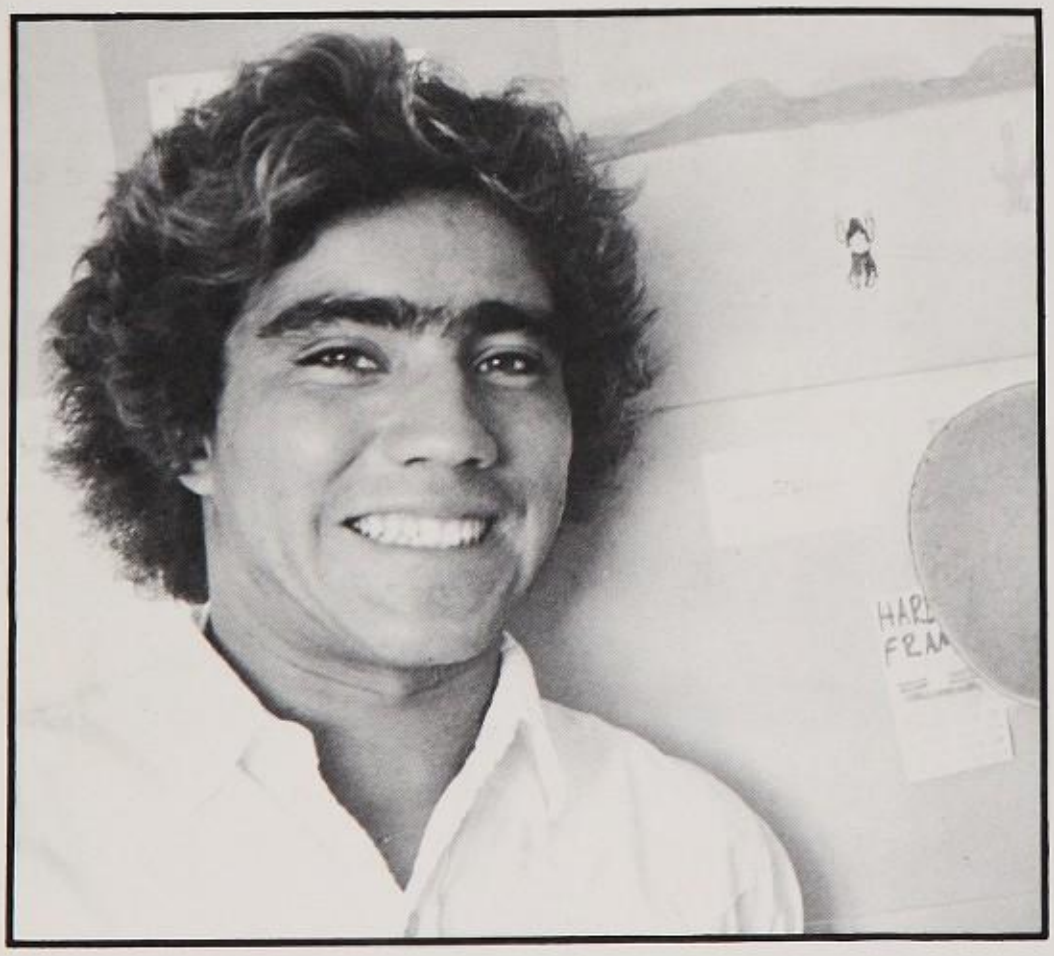
Seniors
Who Me?

Did you say sour lemon?

Watch it!

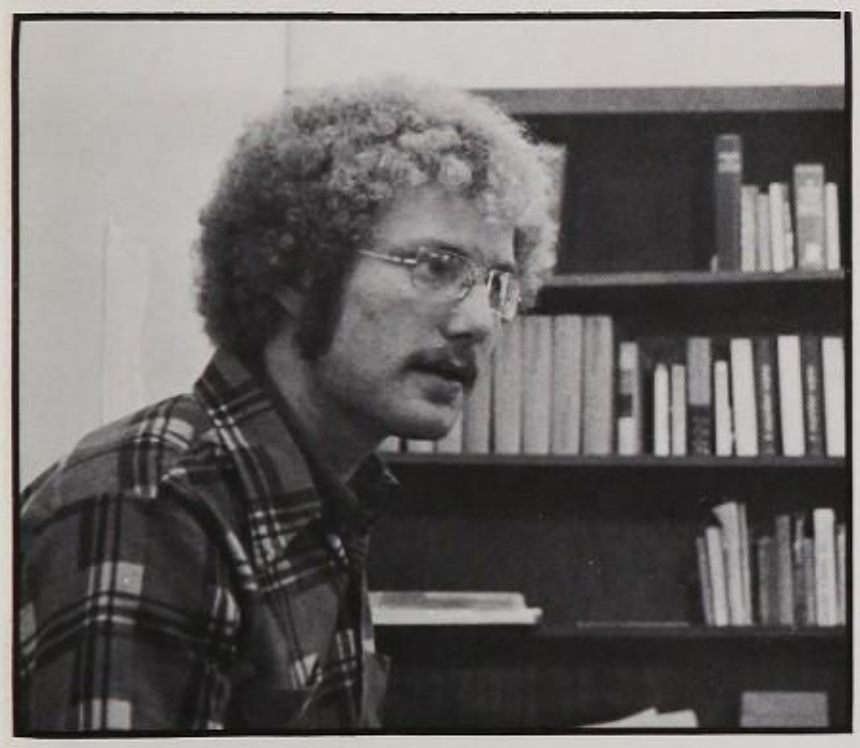


Play ball!

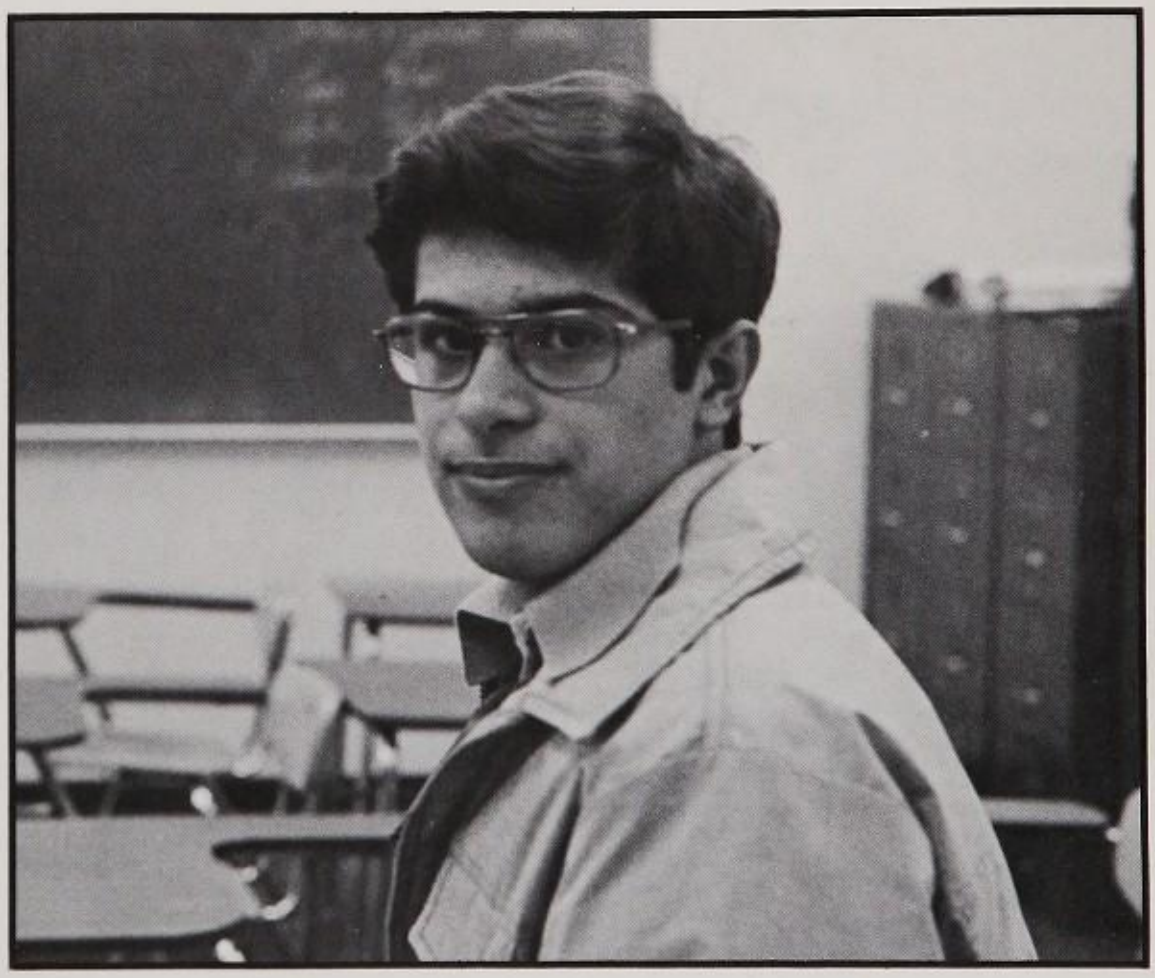
That's right Betsy, take a big bite!

I guess I'll let you take my picture.

That's really funny!

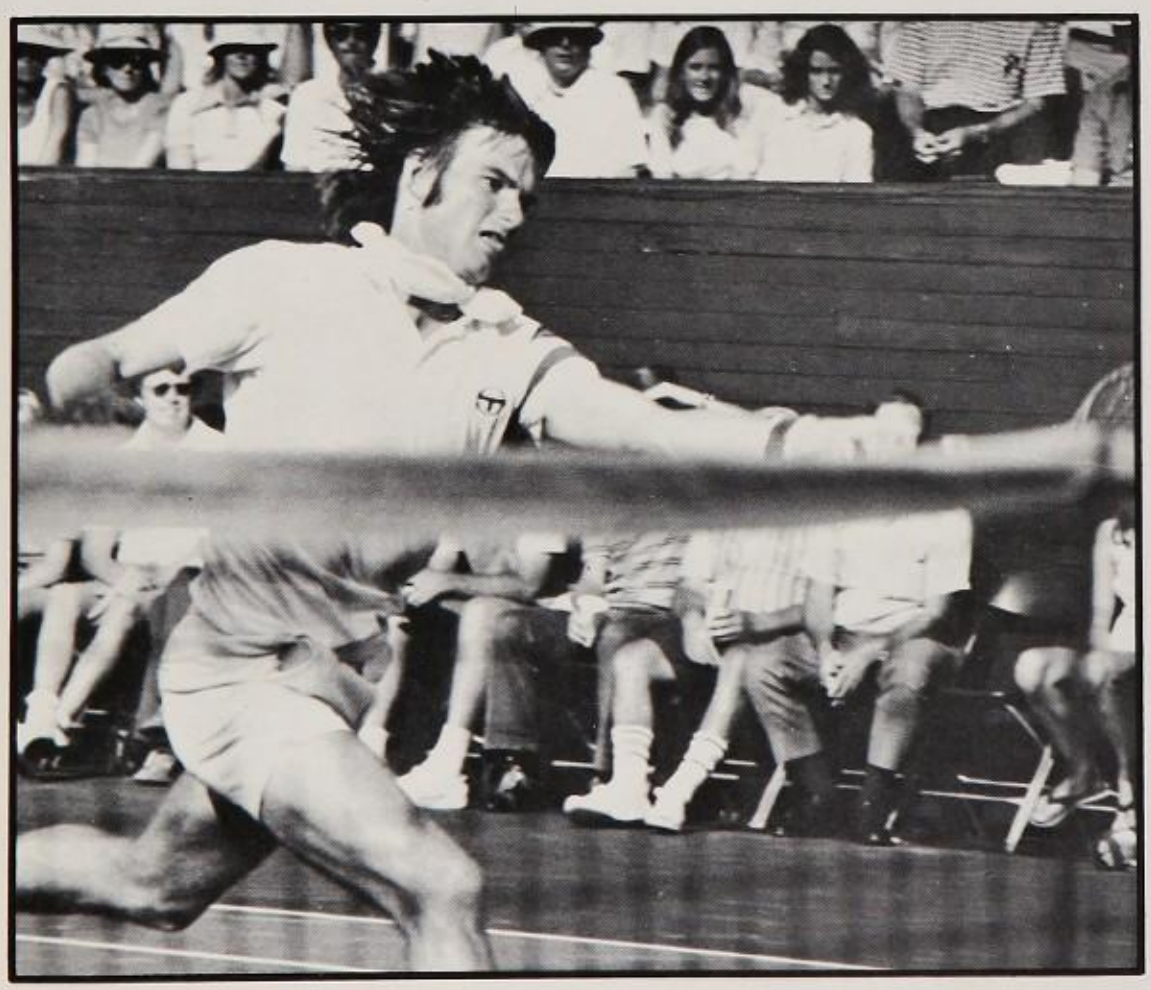


No, seriously, it's a . . .



Don't bother me, I'm thinking.

Oh, that's a shame!



By the cruelly invisible camera man
how silently time ran!
We cannot climb back, nor can our friends,
To that calm light. The brief film ends.
John Updike

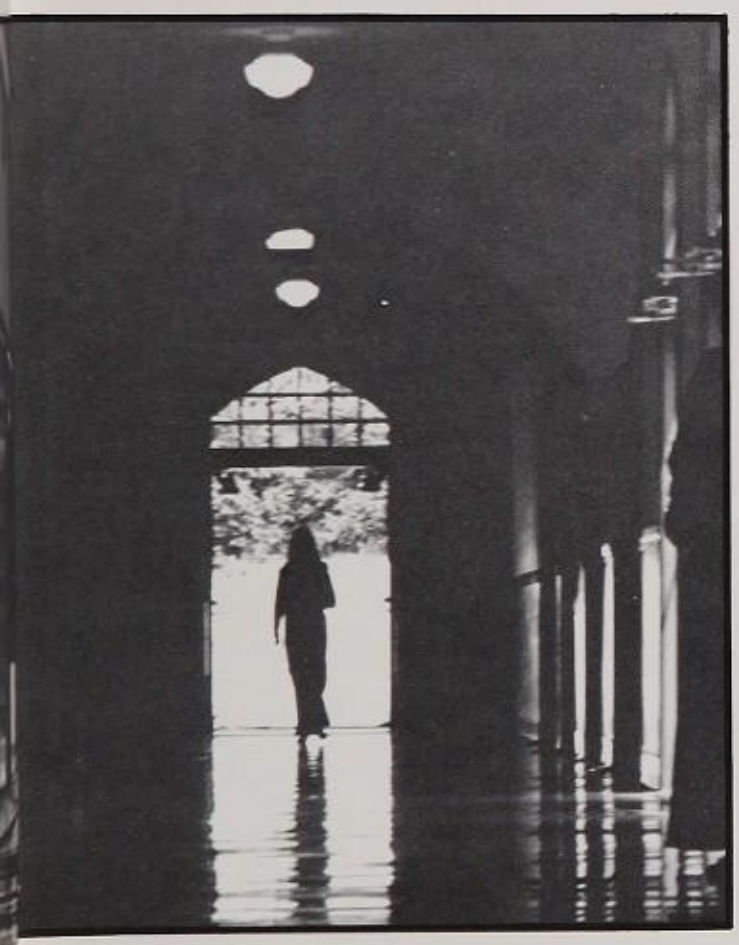
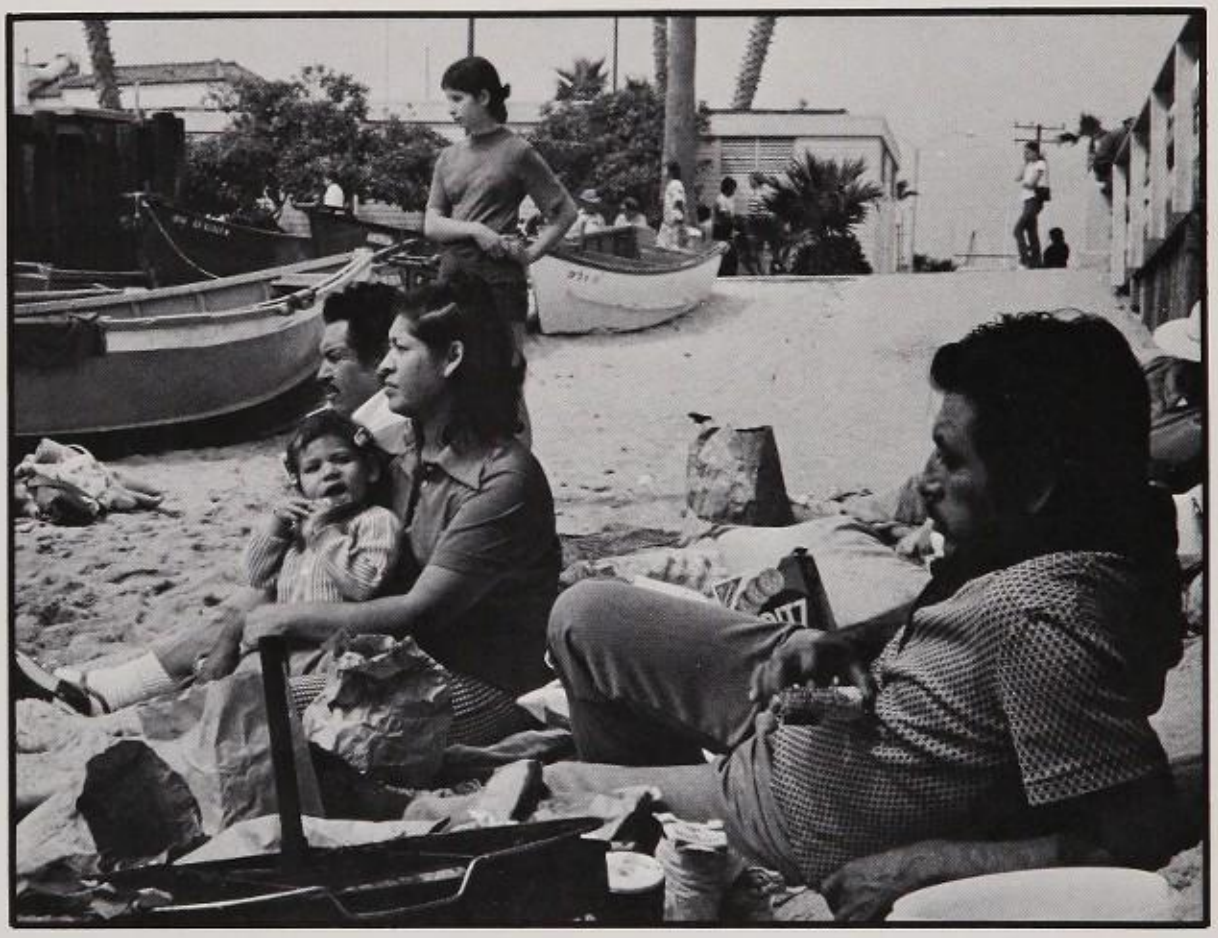
Beauty is eternity gazing at itself
in the morror.
But you are the eternity and the mirror.
Kahil Gibran





This is the passing of all shining things
no lingering, no backward
wandering be unto
us.

E.E. Cummings

EVENTS OF '74-75

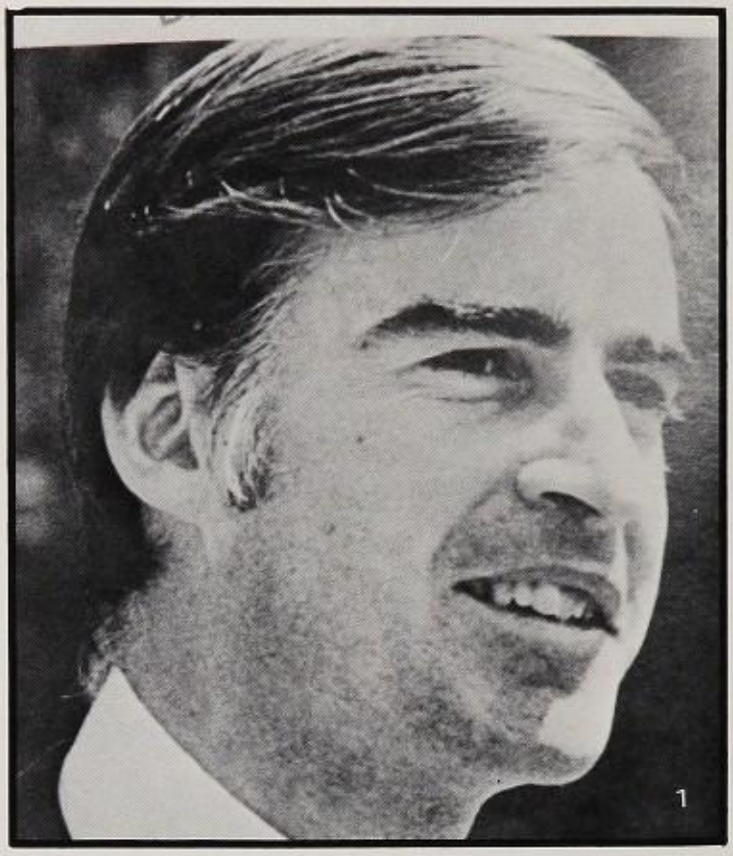
The events which shaped our lives were numerous and often confusing. Many of our prominant political figures fell from power into disgrace or were convicted of various crimes. Inflation spiraled, causing such commodities as sugar to skyrocket in prices. The Arab oil embargo caused oil and gas shortages and the oil companies were hard pressed to supply the nation's main fuel supply. A rash of kidnappings erupted and Patty Hearst despite numerous wild goose chases remained in hiding.

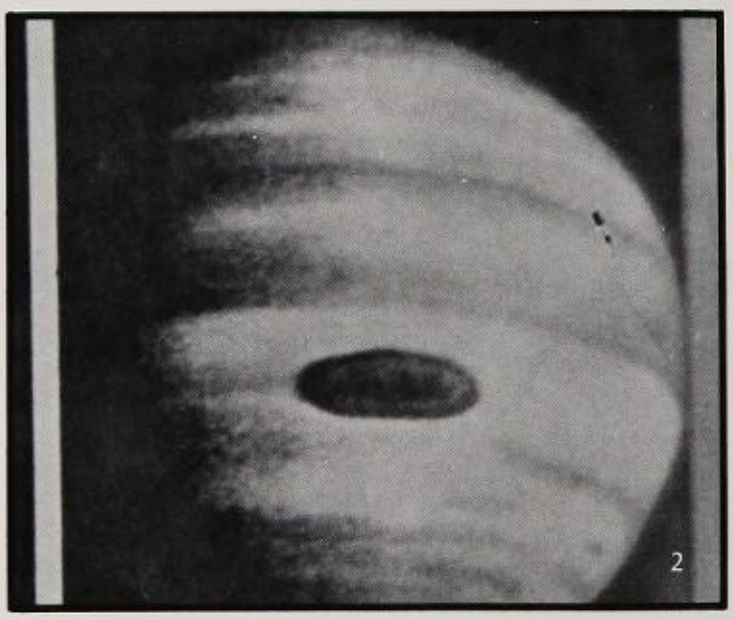
In spite of the violence and disillusionment, America pulled herself together to fight a recession with Gerry Ford at the helm and with Nelson Rockefeller as V.P. With the signing of the tax rebate bill, Americans received tax cuts to ease financial crisis and the prime rate was lowered to encourage lending power. The U.S. treasury also released its stockpile of gold into the world's gold market, causing a great controversy.

Among the achievements of 74-75 was the record breaking time spent in space by man in Skylab. The record time was 84 days. Another space project was Pioneer II which journeyed to the other planets.

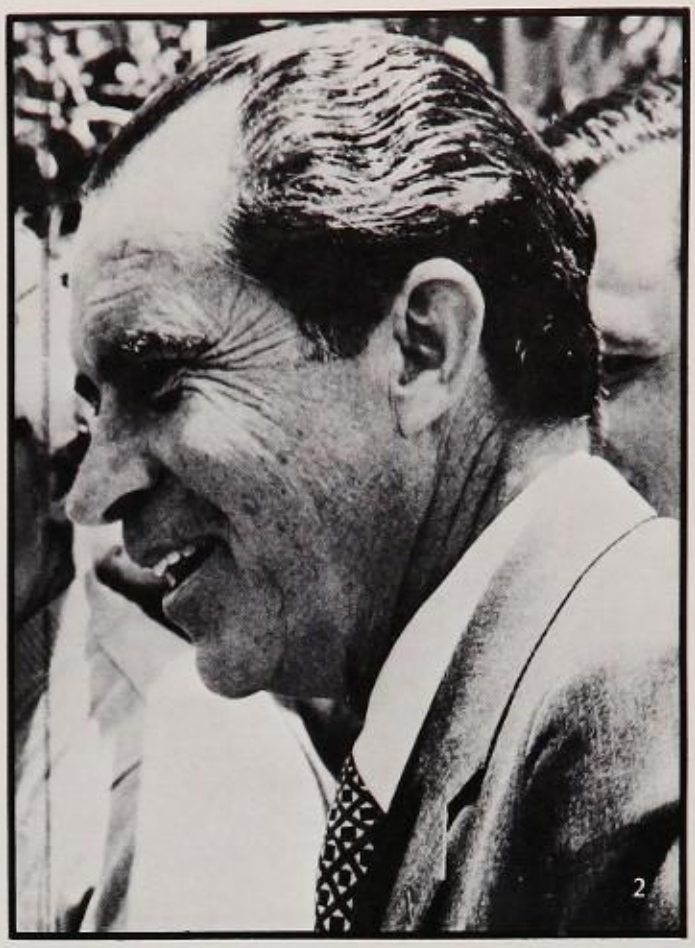
Secretary of State, Kissinger obtained a peace breakthrough between the Arabs and Israelies. Unfortunately, he was unable to procure a lasting treaty and warfare erupted again. This conflict caused the resignation of Golda Meir and Mosha Dayan. King Faisal was also assasinated by his nephew; the reasons at the time of publication were unknown. Many other countries had political upsets which often resulted in violence.

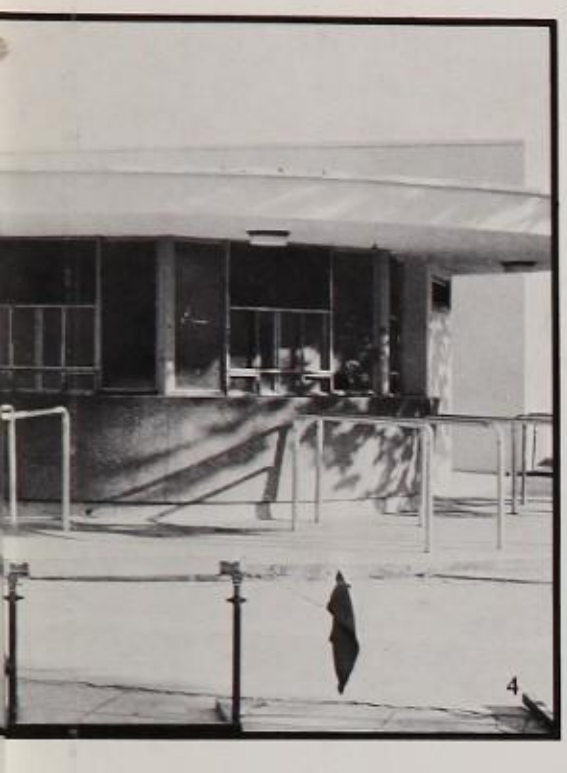
It is a tribute to America that even though her political leaders were wrong in their judgement concerning domestic affairs, she was able to relieve them of office and select other individuals without violence.

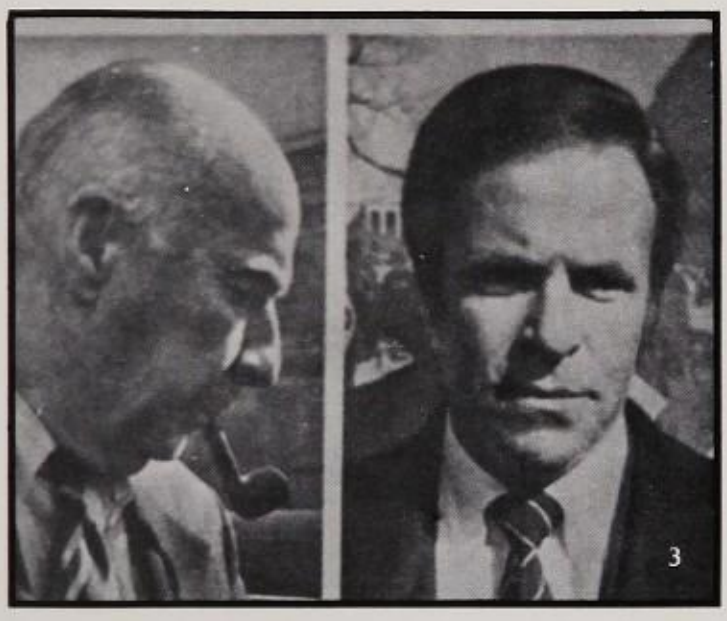


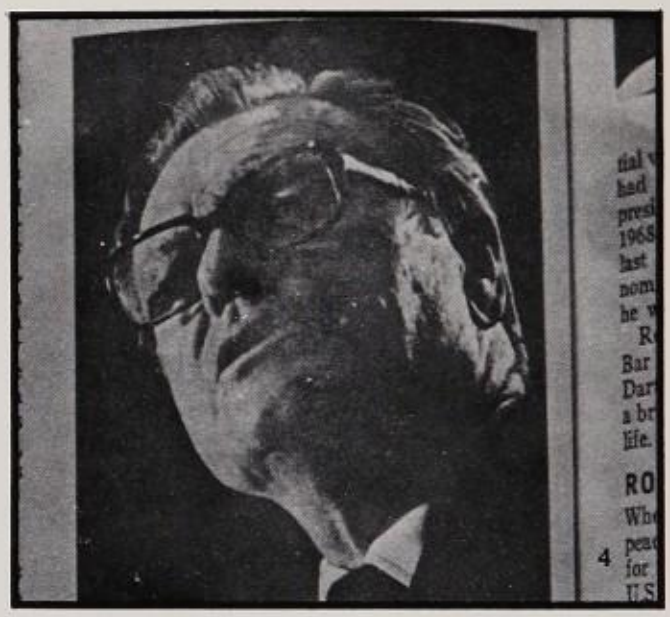


1. Jerry Brown, Democratic Governor of Ca. 2. Photo from Pioneer II from Jupiter. 3. Patty Hearst in guise of S.L.A. soldier. 4. Round Gally before destruction. 5. Scene of destruction of Mariner's Mile. 6. Sugar-symbol of inflation.









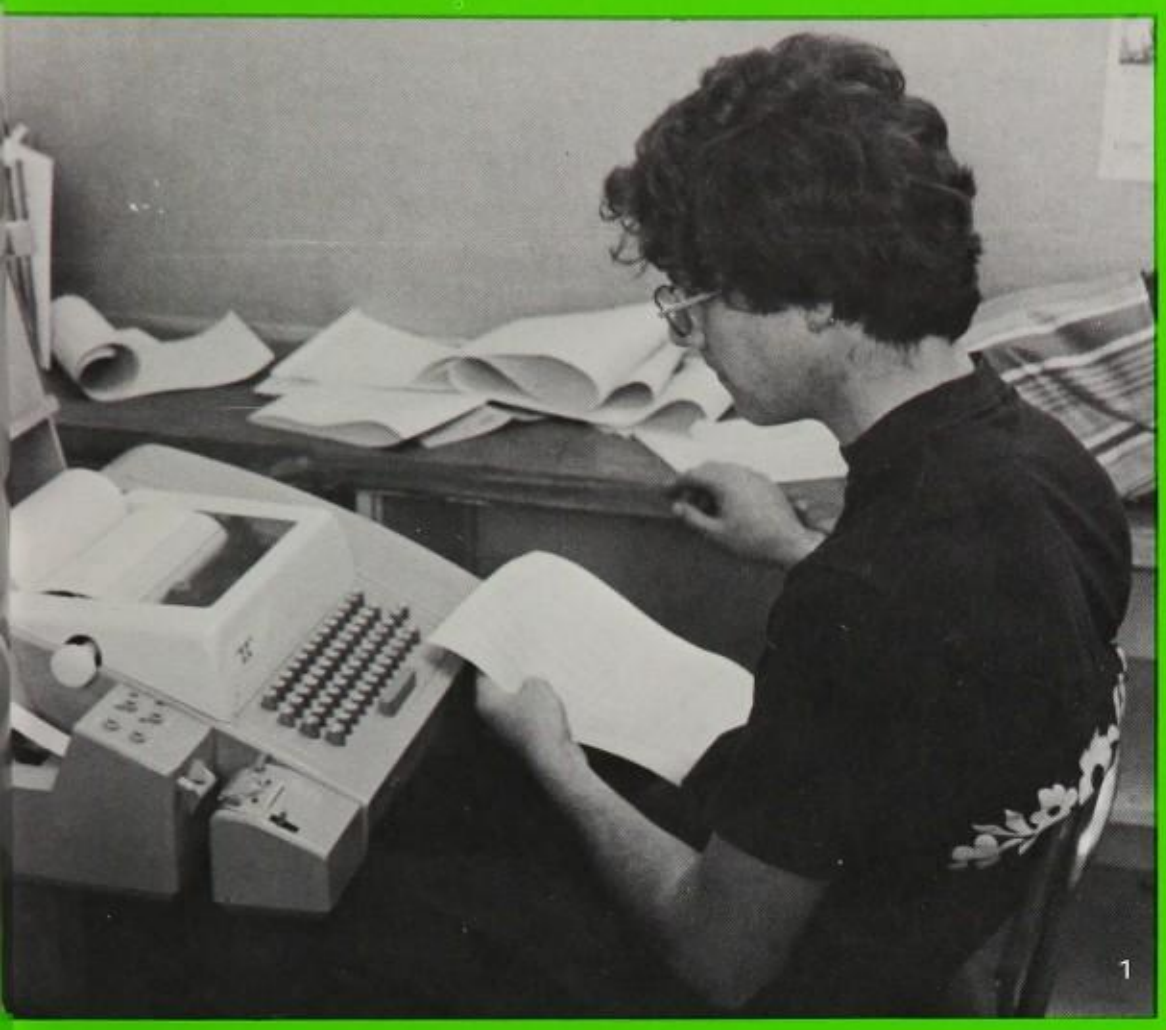
1. Gerry Ford, new President of United States. 2. Richard Nixon, resigned Presidency, was granted full pardon by Ford. 3. John Mitchell and H.R. Halderman, convicted defendants of Watergate. 4. Nelson Rockefeller, new V.P., chosen by Gerry Ford and approved by Congress. 5. Arafat addressing the United Nations.

ORGANIZATIONS

Active clubs gave a spark to student life at Newport Harbor this year. Interest was aroused in German club when they went to the October fest earlier this year. Latin club had plans for a trip up to San Francisco. The Sailor band held several fund-raising events to aid in their proposed trip to Arizona, Chantelles also were planning a trip out of state, to Hawaii. Key Club with the aid of keyettes was able to promote a march of dime fund raising activity. Girls League, another active club, along with being responsible for the winter dance sold carnations for valentines day. In competition with neighboring schools in San Clemente, Kiwanis Bowl made the semi-finals. CSF planned a field trip up to the Los Angeles County Museum of Natural History. This year, compared to years past, student's involvement within clubs thrived.

1. Dave Warner and Steve Morhiro discussing the mystery of guppies in spherical bowls.

2. Two Latin clubbers vigorously arguing over the price of a chocolate Easter rabbit.



1. A computer nut concentrating on his computer.

2. Newport's I.D. squad proudly showing Tar spirit.

3. Flotsam and Jetsam getting their act together for publication.

4. Phil King leading the cheerleaders in their routine.

BEACON STAFF

The smiles on these Beaconeers are well rehearsed, for this is photograph attempt number 36...no, 24...no it's 36. According to Kareem Adbul Jabbar, The Galleon has "set a standard of ineptitude with their style photography." As a Galleon photographer tried to find the shutter release, the Beaconeers waited patiently atop the stadium to prove that the Beacon was on top of everything. (Have you ever tried holding a phoney smile for 45 minutes?). And now for your confusion, a tribute to those seniors making their exit from the staff...

Jeff Wilkes, our immortal sports page editor, now that this peacock has left we can all take off our dark glasses.
Tim Hartman, photographer extraordinaire, who missed the second semester because he had to help his little brother put together a model airplane and cook some English muffins, put some butter on it...take a knife out of the drawer...stick the knife in the jar of jelly...spread it on the muffin...put the muffin on the plate...
Bill Prichard, who along with having the best looking legs, was responsible for some of the best looking pages in the paper. When asked his feelings about leaving The Beacon, Bill stated "What?"
Brad Bauman, who strongly advised us to use more pictures on our pages for an obvious reason: words confuse him.
Dave Kupferman, who promises to be a great sports writer, if he can only shake his awe of football players.
Van Forsyth, who will probably be the most sorely missed of them all. Our Editor-in-Chief is a very hard worker and a very good writer despite his many faults. However, it is not our purpose at this time to list Van's faults. (We only have twenty pages alloted to us).

Pictured Below is Jeff Wilkes. Seen in the Beacon Staff Picture are in the Front Row, Janet Smith, Linda Kuhn, Jeff Wilkes, Bill Prichard, Middle Row, Van Forsyth, Jim Ciment, Danny Burten, Back Row, Jeff Eichen, Bob Johnson, and Jeff Perkins.

Our thanks to the following people who have made this book possible: Bob and Beverly Walker for their excellent photography and on-time printing; Steve Jonas and Jim Williams for the sports photography; Kerry O'Reilly for his tennis photos; Kim Gilbert for her J.C. Superstar photos; Matt, Kim, Dave, and Tom for their help as referees.

FOREIGN STUDENTS

This year Newport has had the opportunity of hosting four students from South Africa, Spain, Turkey, and Sweden.

Three students, Flossie, Toni, and Altan were able to come to America under the auspices of America Field Service. AFS is a non-profit organization that allows students from foreign countries to live in an American home and to attend high school for one year. To complete the change, American students are selected to go abroad to live with foreign families for a year or a summer.

AFS is also made up of thousands of people who never will go beyond their country's borders. They are the adults and students interviewing and selecting possible candidates and matching homes with exchange students. They are the families who offer their homes and hearts to the students. And most important of all are the high school students and clubs that find an interest in the exchange students. They offer help, love, and a new way of life.

An AFS experience is one that can never be forgotten. The AFS year is one filled with love and understanding where friendships will last forever.

Thomas Norlander

Flossie Lowry

Galleon How are our schools different from schools in Sweden?

Thomas There's more freedom and a better choice of classes.

Galleon Have you been anywhere else in the U.S.?

Thomas Yes, I have been to Washington D.C.

Gallion Do you think parents are more strict here or in Sweden?

Thomas They are more strict in Sweden.

Toni Alfonso

"I am Altan Uykur, from Korya, a big city and province in central Turkey, of which my father is vice-governor. However, I am actually from Izmir, the second biggest city in Turkey. I have three brothers and my mother is a housewife. I have been here since August, and I of course have found America very different, from school to social life, from food to sport.

We have a great big formality at our schools regarding clothing and our behavior toward the teachers. Every day, we boys put on a jacket and tie, and the girls put on uniforms. In school we don't have as many sports or social activities as you do. Besides we cannot choose our classes, we should follow a compulsory weekly schedule which contains at least 11 subjects. School is five days a week like here.

So it's natural to like the kind of schools you have, for the great freedom and vivacity they have. I am having an amazingly happy time in this fine school."

Altan Uykur

Galleon Was your school different from here?

Flossie I went to a private school. I had to wear a uniform and in addition there was a lot more work.

Galleon What are some different experiences you have had since coming here?

Flossie There is no T.V. It was neat coming here and watching all the T.V. programs. I went skiing and saw snow for the first time.
There is no snow in South Africa; right now I'm staying with the Hinshaw's.

Galleon Do you like America?

It's not all that different, but the people have really been friendly.

My name is Juan Antonio Alfonso y Mory, or Toni, if you want to make it shorter. Being in this page, there is no way to hide that I was an A.F.S.'er, and I really enjoyed being one. Well, they asked me to write some lines about my year in Newport. I don't know what else can I say, except that I had the best of the times. During my stay I met a bunch of the greatest people of the world, people from whom I learned alot of things. One of the first things I learned was to answer a certain number of questions.

Q. Is the school harder than in Spain?
A. No, a lot easier. Don't you know that we are smarter?

Q. Hey, a blonde Spaniard!
A. Strange, isn't it? We are one of the endangered species!

Q. What do you speak in Spain?
A. Chinese, of course!

Q. What do you think of the Californian girls?
A. —(Censored)

Well, if any of you, dear readers, who have read until this point, which can prove either you have a real interest or that you are a masochist, have any further questions, please don't hesitate, I'll be waiting for you in San Sebastian.

Toni.

BOY'S SPORTS

Boy's Sports in 1974-75 had one of it's best years ever. It was on it's way to another all-sports trophy for 1974-75 with the end of the third quarter.

Football started off with the best season ever in the history of Harbor. It went on in the C.I.F. play-offs to the quarter-finals but then lost to West Torrance to end a great season with a 10-2 record.

Water-polo also lived up to expectations by going through C.I.F. to the finals. The game was played in East Los Angeles which was kind of unusual since Newport played it's cross-town rival Corona del Mar for the championship. Unfortunately CdM won in a hard-fought battle.

A new sport was added to the C.I.F. curriculum in the form of soccer. With a new coach, Alfredo Moran, the soccer team went on to an almost undefeated season but due to a mix-up in the records of two players eight games had to be forfeited and soccer was unable to go to C.I.F.

Two sports were added to the boy's sports section this year; sailing and surfing. Although these are not sanctioned by C.I.F. the Galleon felt that these fast-growing and popular sports should be covered in this year's yearbook.

TAR MACHINE FO

1

Extreme effort, skill and a little bit of luck was on Newport's Varsity football team as they forged their way through to the third round of CIF playoffs. Westminster's defeat by Edison put the Newport team number one in the Sunset League with an 8-0-1 overall record. This was just the beginning as Newport pushed on, forcing their way far into CIF; going the farthest ever in the football history of Newport Harbor. After an easy victory over Long Beach Poly, 25-14, Newport went on to play Pioneer, who, by a forced forfeit, took the game away from St. Paul. Newport shutout the Pioneer Titans, 37-0. The Tar Machine was next to meet up with the West Torrence Warriors. However, due to injuries to the Newport team, the Warriors defeated Newport 24-0.

FOOTBALL

The 1974 football season opened with a new coach heading the Tar Machine - Bill Pizzica. Although this was his first year coaching varsity football, he had previously coached the wrestling team. Whatever his past background was, he had a successful year and led the Tars onto an outright Sunset League championship. Newport Harbor had six returning starters on offense from last year, perhaps the fastest backs in the school's history and clearly the best receivers ever. At quarterback this year was Gordon Adams (6-1, 170 jr.). Guard Marc Wilsey (5-5, 160 sr.) and tackle Bucko Shaw (5-10, 180 sr.) were back from last year's offense. Running backs and receivers were the high points in Newport's attack starting with tailback Brian Theriot, a 9.9 sprinter and the CIF 440 champ. Theriot (6-0, 175 sr.) went on offense only, as did junior Dan Christy (5-10, 185). Vin Mulroy (6-0, 185 sr.), Newport's All-CIF 4-A first team selection for last year, at split end, returned to the fold and gave Newport a devastating aerial attack. He runs the 40 in 4.5 and has super hands. The kicking game? Newport had that too, with Art Sorce, one of four Orange Coast All-CIF 4-A players this year, being a threat from 40 yards out. However, if it wasn't for the combined team efforts, Newport never would have made its current gridiron history.

CROSS COUNTRY

Striving for its first league victory, Newport's Cross Country team did not quite reach its goals. Newport's squad this season had three returning varsity letterman; seniors Jeff King, Ben Roberts, and Dave Fabian. Also running on the team were juniors Doug Patton, Don Patton, Gary Ertz, and Don Fukumoto, and sophomores Mark Allione and Phil Lawrence.

Newport has not won in league competition, but the Tar roadrunners have lost many meets by only a few points. An example was their only loss to Los Alamitos by a score of 27-28 (low score wins).

Newport's strength this year seemed to be at the bottom as the Frosh-Soph team came in second at the UCI Invitational, October 19. Coach Donald stated, "I'm looking forward to seeing these fine sophomore and freshman runners become varsity athletes in the next couple of years at Harbor."

WATER POLO

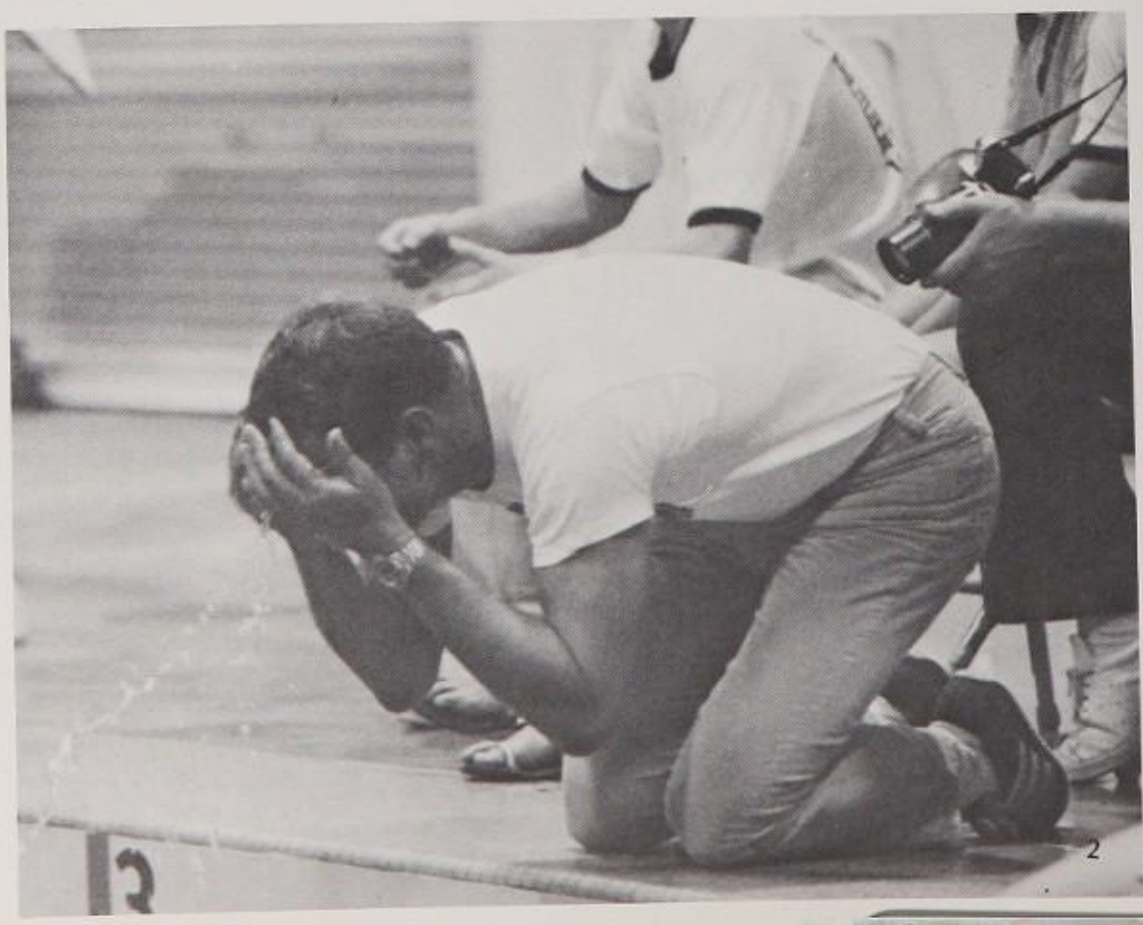
In what has become a Newport tradition, coach Bill Barnett led his Tars to their 8th straight Sunset League title, and an unprecidented 25-2 season.

Newport started off the season by defeating last year's CIF champions, Sunny Hills, with a convincing 23-15. Then, under goalie Bill Prichard's directions, the Tars swam away with first place in both the Corana del Mar and Anaheim Varsity tournaments.

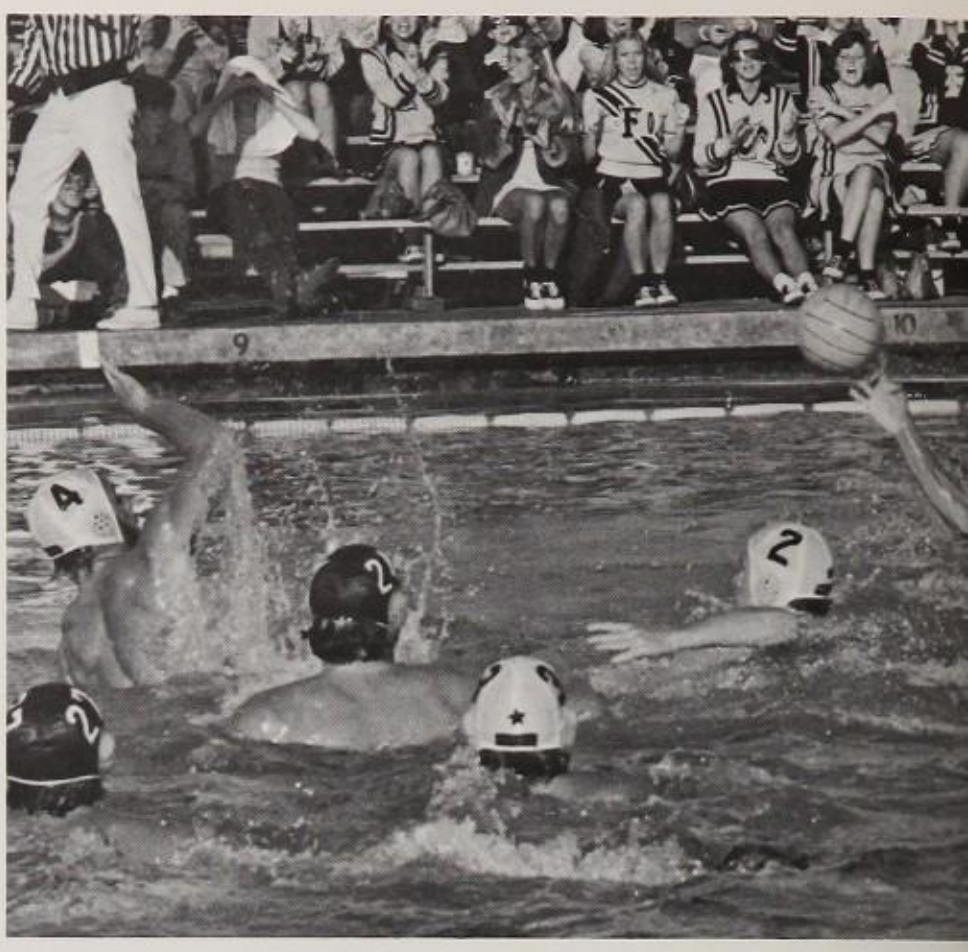
In Sunset League competition, Newport completed the season with its usual 7-0 record which included a 23-1 slaughter over Los Alamitos, and an 8-4 defeat over Fountain Valley.

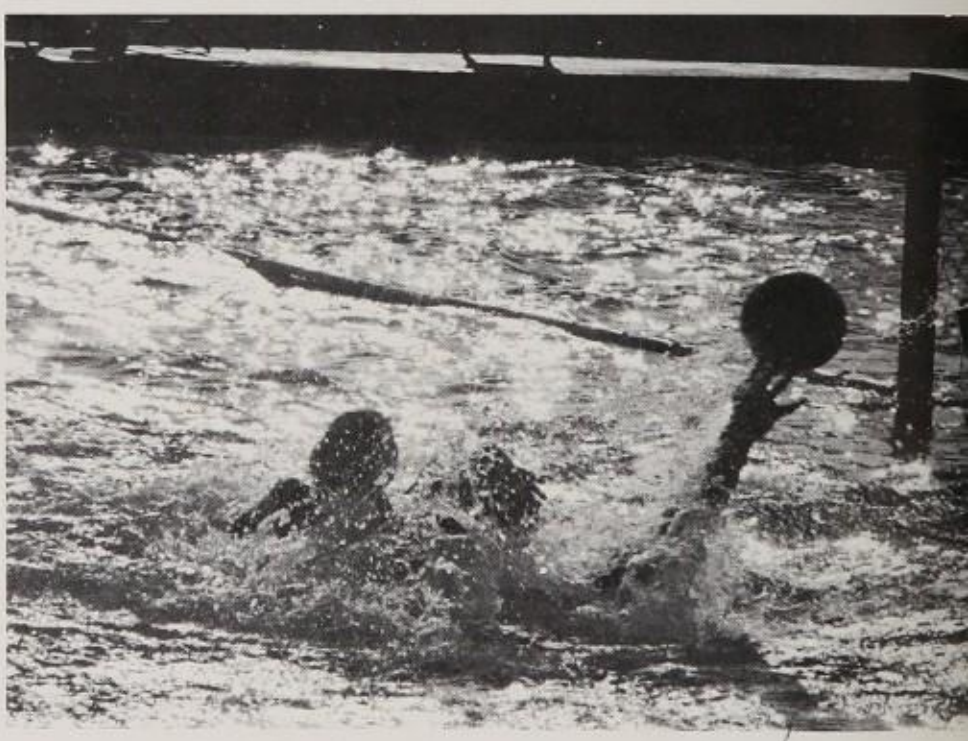
In a very difficult non-league season, the Tars defeated powerful La Puente in a lopsided 24-1 victory. Then they surged on to defeat some of the toughest teams in Southern California. Newport lost their only game in regular season play with a 5 to 6 loss against Sunny Hills. In their game, Newport was unable to contain Sunny Hills during the last quarter.

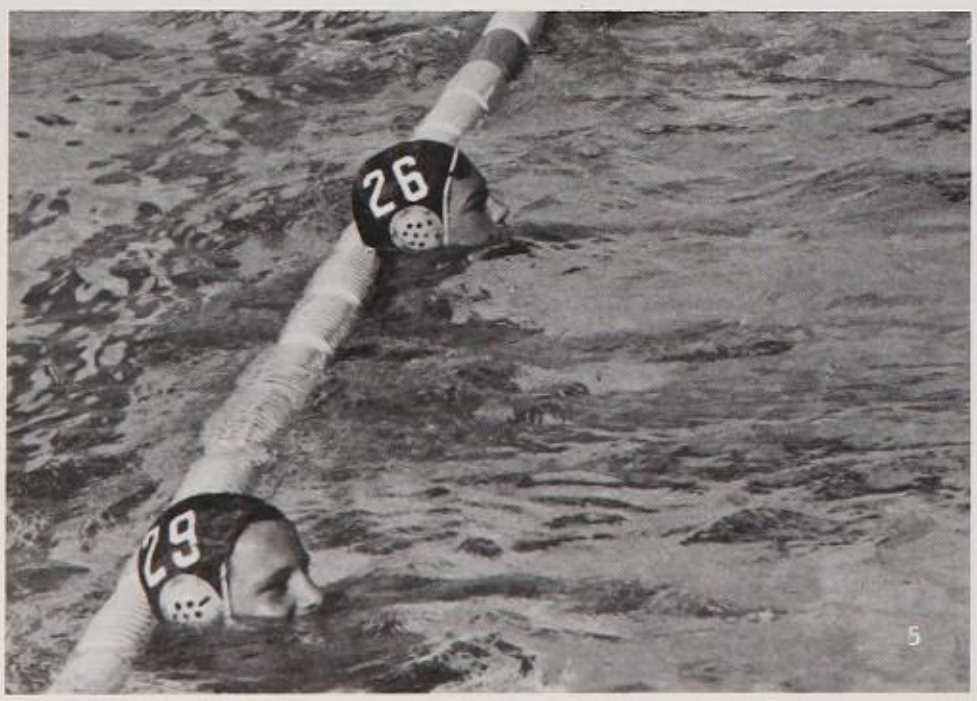
In CIF competition, Newport first breezed past Foothill with early scores by Robertson and Elder. In their next game, Wilson was left behind with a 14-9 score. Frank Anderson scored 7 goals and Mitch White drilled in 3 more. Downey proved to be tough competitiors for Barnett's Tars but Newport squeaked by, 12-11. In CIF finals, the Tars went up against our cross-bay rivals, Corona del Mar. However, due to a lack of team support and a conflict in rooter bus schedules, Newport lost. Coach Bill Barnett became somewhat enraged over the fact that "King Football" dominated the sports scene for that night. Both CIF games were scheduled "away" and only rooter buses were provided for the football game. Corona del Mar didn't help the situation by playing in East Los Angeles College's tank, instead of Newport's, but they feared that we'd have home pool advantage. Whatever the circumstances, Newport had a very successful waterpolo career this year. It was a job well done by all.



1. Coach Barnett plans strategy with Frank Anderson and Brian Lippold. 2. Coach Barnett cools off during a close game. 3. Newport shoots for a goal as the sun sets. 4. Frank Anderson shoots for a goal as Greg Fults and Kevin Robertson watch. 5. Frank Anderson fights off an opponent. 6. Randy Parole blocks a shot. 7. Bill Pritchard blocks a goal.







1. Sideline coaching from Gordon McDougal. 2. Kevin Robertson shoots. 3. Eric Elder shoots for a goal. 4. Score! 5. Jeff Stevens and Eric Holsinger. 6. Coach Barnett confers with team.

Front Row: Mitch Gray, Bob Iverson, Brian Lippold, Dan Lumas, Bill Prichard. 2nd Row: John Debrott, Jeff Stevens, Jeff Demott, Eric Elder, Kevin Robertson. Back Row: Frank Anderson, Ted McGinley, Mitch White, Mike Johnson, George Newland.

BASKETBALL

Despite a promising preseason, this year's Sailor basketball team, headed by Coach Dale Hagey, failed to live up to expectations. Led by seniors Matt Spangler, Dave Becker and junior Kim Cooke, the Tars fought through a tough season of the Sunset League's top five to finish fourth in the league. M.V.P. Matt Spangler led the Sailors with his fantastic rebounding and was second behind guard Kim Cooke in total points scored. Other outstanding players were seniors; Dave Seymour and Mark Louvier and junior Marty Feducia. Their accurate shooting greatly helped the team effort. Hope for a higher finish came in the second round Marina game when the Tars led the Vikings in a fast moving contest until the 4 minute mark in the fourth quarter. Then Marina, in a last minute effort, broke open to defeat the Sailors, 59-50, in a deserved Newport victory.

1. Kim Cooke - Ha! Got it in. 2. The Crowds - You! You! You! 3. The tip off 4. Dave Becker - Ah, the perfect lay-up! 5. Yeah, Coach, tell me about it!

CREW

This year Newport has had a successful Crew team. Due to a lack of other school participation and not being a CIF sanctioned sport, Crew has had to combine with Corona del Mar and UCI Crew teams.

Head coach Bob Whitford has had four years experience with Crew. Crew has had competition with Berkeley High School, Oakland Rowing Club, and the big competition, the School Boy Western Sprints.

Front Row:(Left to Right) David Swain, Mic Currey, David Gambel, Chris Lampman, Paul McNally, Doug Carson, Lyle Haskell. WRESTLING

The Tars began their wrestling season with an impressive showing at the Kennedy Invitational by placing 3rd among the team standings. Dane Muhlig captured the 157 lb. title and was also voted the outstanding wrestler of the tournament. Other place finishers were Wayne Carr 2nd place at 148 lbs., Steve Lovell, 2nd place at 141 lbs., and Don Wright, 2nd place at heavyweight.

In dual meet action, Coach Stansbury's wrestlers easily defeated Western 48-13 and Los Alamitos 56-13. But due to injuries and flu these were the only team wins the Tars had in Sunset League action.

In tournament action the Tars posted a 14th place at one of California's best wrestling tournaments. Nick Kovalenko placed 3rd at 135, Bobby Brown placed 3rd at 123 and Dane Muhlig at 157 won his weight class.

Fortunately for next year's team, this year's varsity had quite a few underclassmen. This will help for next year's wrestling season.

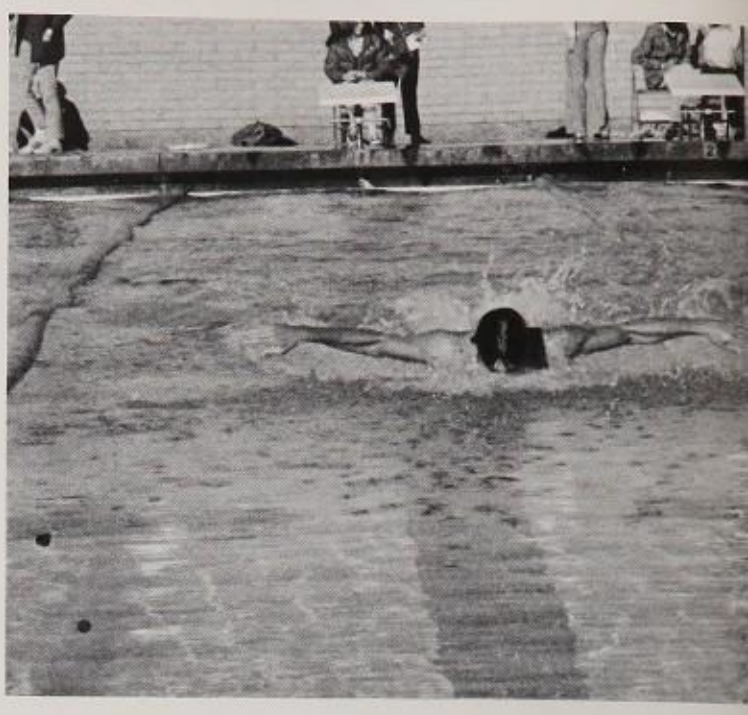
SWIMMING



With an undefeated season in their backpockets, the Newport Harbor Varsity Swim Team sizzled to an unquestionable victory in the Sunset League Championship Meet and earned its second consecutive league title.

Phenomenal performances were turned in by juniors John DeBrot, Jeff DeMott and George Newland and by sophomores Kevin Robertson, Jeff Stevens and Michael Vellekamp. DeBrott set a school and league record in the 200 freestyle while in the 500 freestyle he broke his own school record. Then DeBrott, Jeff DeMott, Kevin Robertson and Jeff Stevens teamed up for a school and league record in the 400 freestyle relay.

In the 100 free Newport cashed in on four of the six possible places with DeMott, Stevens, Frank Anderson and Bob Owsley. In the 200 individual medley Newport again went to town with George Newland placing second; Greg Fults, third; and Mike Vellekamp sixth. Kevin Robertson set both school and league records in the 100 butterfly. Continuing the assault were George Newland setting the school and league records in the 100 breaststroke.

1. Ted McGinley 2. Arm strength is an important part of the butterfly. 3. George Newland 4. Good starts sometimes make the race. 5. Mitch Gray 6. Eric Holsinger 7. Jeff DeMott 8. Peter Bradstreet 9. Gordon McDougal 10. Greg Fults rests after a race.

TRACK

1. Giving your all to win. 2. Tom Bazacas goes over the top. 3. Clearing the bar in the high jump. 4. Running is 90% willpower and 10% stamina. 5. Doug Weber is up, up and away.

Almost an unbeatable team this year in track was hoping to gain first in the Sunset League and place high in C.I.F. Southern Section Championship. But unfortunately due to production deadlines the results of this year's track meets were unavailable.

The Tar squad included one defending state champion Dave Kurrasch, two defending C.I.F. champions, Kurrasch and Brian Theriot, and several Sunset League champions.

In the Sunkist Invitational, Theriot, a senior, won the 500 and set a meet record of 58.2 which placed him second on the all time track list. Kurrasch, also a senior, broke the record of graduate Terry Albritton in the shotput with a toss of 64' 11½".

The dynamic duo of Kurrasch and Theriot also set records at the Anaheim and San Diego indoor meets. At the Anaheim meet Vin Mulroy and Bryant Humann set marks in the 500 that place them seventh and third respectively in the nation according to "Track and Field News". Kurrasch was also rated by this magazine as first in the nation.

The Sailors were also lead by Kurk Clarke in the 880, who, at the time of this writing had just broken the two minute barrior and K.C. Connell who broke the school's high jump record with a leap of 6' 6¼". Other highlights were John Phipps, Tom Bazacas and Kevin Lindsey in field events and Don Fukumoto and Matt Dickey in Distance running.

1. Winning. 2. Kevin Lindsey throws the discus. 3. Sometimes that bar just won't stay up. 4. Spring is a vital part of the pole vault. 5. Long-distance runner Mark Rowan rests after a hard fought race.

BASEBALL

This year's 1975 baseball team is hoped to be one of Harbor's best ever. Thought to be an outside chance team with the loss of two varsity pitchers last year, the Tars have come through with the excellent pitching of senior Cliff Marhoefer and sophomore Randy Hailey. Artie Sorce and Bob Hanley are other outstanding players, providing the batting power which Harbor has lacked for several years.

In preseason activity, the Sailors faced a tough schedule with many powerful teams and came out with an impressive 4-1 record. In the annual Newport Harbor Tournament, Newport ran away with the championship by defeating Estancia 2-0 and blasting Corona del Mar 6-1.

Other outstanding players for the Sailor baseball team were seniors Kevin Bissonnette behind the plate and Rick John at third base. Also adding to the Tars batting machine was senior Jeff Starr.

Next year's team has something to look forward to with outstanding players as Randy Hailey, a sophomore, and Gary Brahs, a freshman, returning for the Sailors.

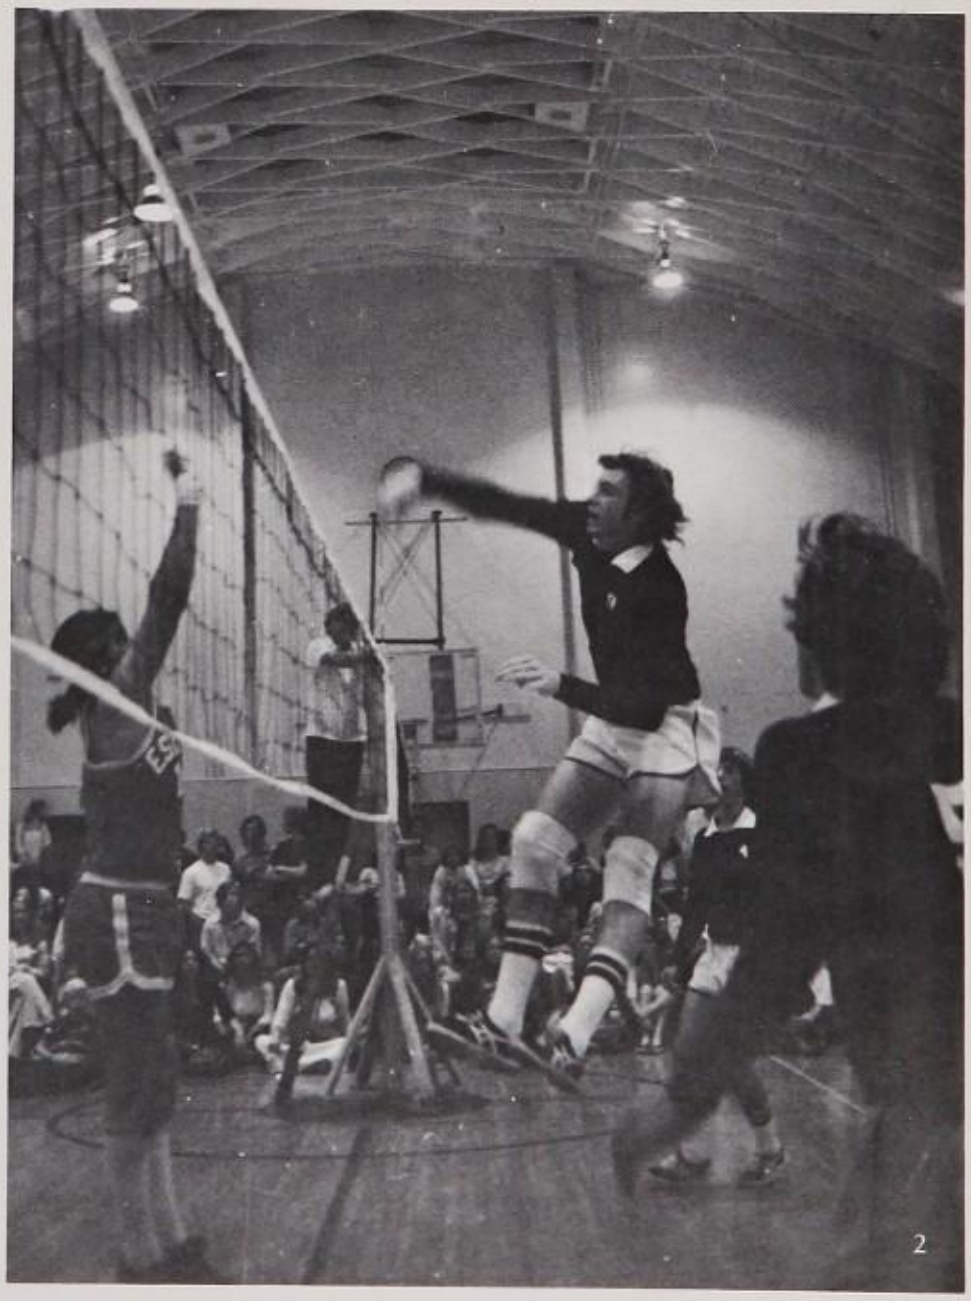
VOLLEYBALL

Again this year Newport Harbor's volleyball team was not sanctioned by the Sunset League. So to get in competition the team played in the Sunset-Grove League. This league is composed of different teams from different leagues which do not sanction volleyball as a sport.

This year's volleyball team obtained a new coach in the form of Ron Coon. Hopefully next year the sport will be sanctioned by the league, he says, and we will have a very good chance at the championship.

The volleyball team was hoping to repeat last year's performance and place first in the Sunset-Grove League. This would place them in the play-offs where volleyball is sanctioned by C.I.F.



1. Greg Kelly fires one over the net. 2. Crowds gathered to see NH's volleyball team go on to victory. 3. Set, jump and SPIKE!

Left to Right, Front Row, not identified, Bunker Hill, John Duley, Tye Eggleston, Back Row, Coach Ron Coon, Paul Barrett, Kerry Carpenter, not identified, Brad Newel, not identified.

TENNIS

This year's tennis team was on its way again to another successful season. In preseason activity the Tars won all their matches except two, losing by a half point to defending C.I.F. champions Palos Verdes and by one point to powerful Rolling Hills who were strengthened by a Junior Davis Cup player. At the time of this printing, the Sailors had won all the league matches they had played, a feat they have kept up for the past eight years.

This year's team, coached by Pat Wilson, was led by several returning varsity players including Steve Marosi, Rick Whitwer, Brad Bauman and Jon Nesbit. Also returning for the Sailors were Marc Roy and Carey O'Reilly. Keeping up the standards set by these players and this team will prove challenging for Coach Wilson and, if successful, will provide many more C.I.F. championship contenders in future years.

(Unfortunately, due to publication deadlines, the yearbook staff was unable to obtain all the results for this year's team.)

GYMNASTICS

Gymnastics this year took a turn for the better as the team had a new coach, Dean Schwartz. Coach Schwartz put the boys through a very rigorous training, and for many boys this included mastering the basics.

The team had many gymnasts who showed their excellence in the individual competitions. Junior Jeff Wilson proved to be the best in the free exercise competition. Along with endurance, his ease and grace were a great factor in helping him to do so well in this competition. Other outstanding gymnasts in this event were seniors Phil King and John Whitlow.

On the side horse, senior Bill Mudro seemed to be Harbor's best bet. Other hopes in this extremely difficult event were junior Tim Walker and sophomores Paulson Richards and Art Olswang. In probably the most dangerous event, the high bar (the only competition that requires a spotter), juniors Ron Manciet and Bill Buchanon and sophomore Ralph Hulse were the main contenders.

Demonstrating their feats of strength and endurance, juniors Dan Rossen and John Whitlow and sophomore Dan Sharp showed their skills on the parallel bars, while juniors Bill Buchanon and Jim Cathcart and Sophomores Jeff Feenstra and Eric Boss showed theirs on the still rings.

While those boys did well in their individual competitions, Senior Kelly Rossen proved to be Newport's strongest man in all the events. If not first, he placed second or third in the free exercise, side horse, high bar, parallel bars, and still rings. Kelly Rossen who has been on the gymnastics team since his freshman year was the gymnastics team's greatest asset.

The team was hoping to place second in the Sunset League with Westminster placing first. Unfortunately due to publication deadlines, the Galleon was unable to obtain the results of the team's season.

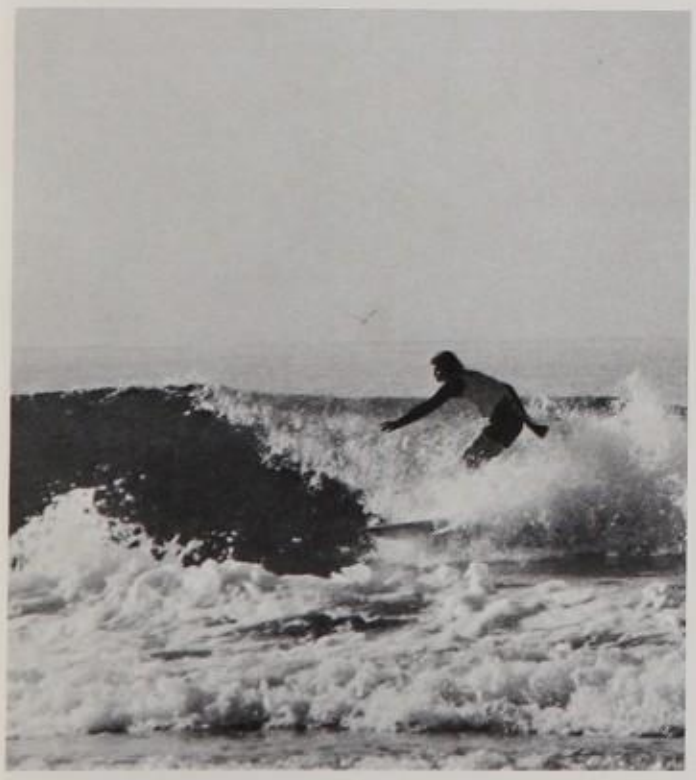
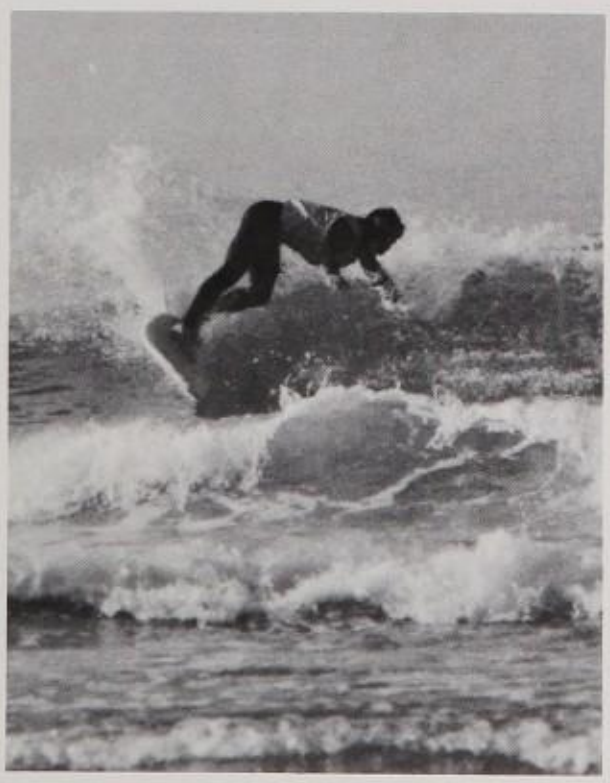
GOLF

This year's golf team was lead primarily by a batch of seniors who had been on the varsity team before. It was lead by Paul O'Shea, with transfer Gilbert Gorski and Ron Freeman fighting it out for second place. Also rounding out the team are John Coroompas and Gordon Gorski. Mike Gabrial was injured at the start of the season.

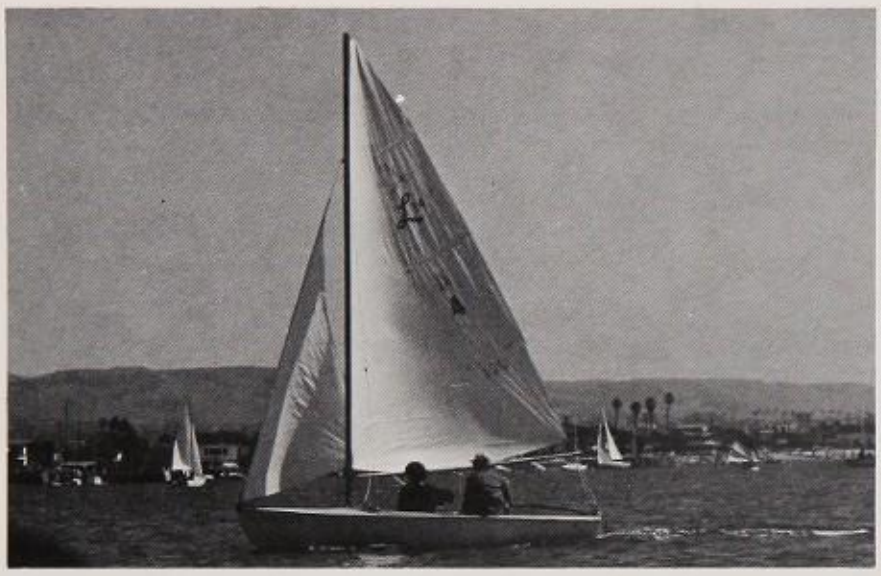
Alphabetical Order: Chris Auer, John Caroompas, Ted Cheron, Mike Draganza, Ron Freeman, Mike Gabrial, Gil Gorski, Gordon Gorski, Jeff Morton, Paul O'Shea

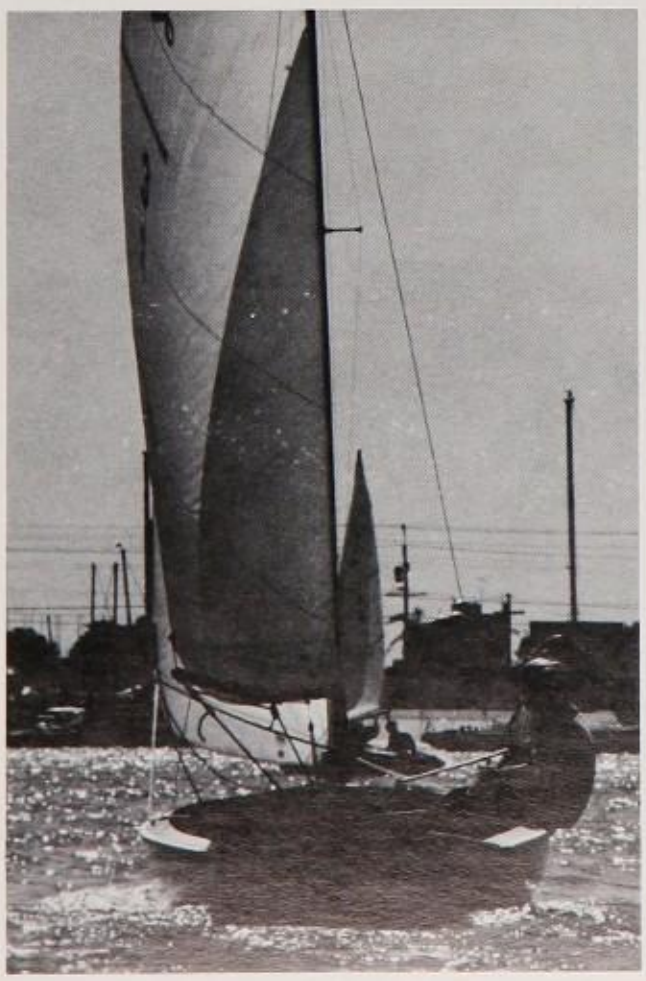
SURFING

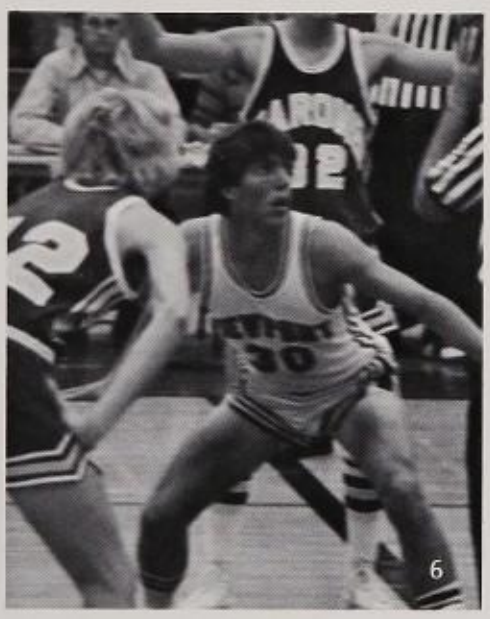


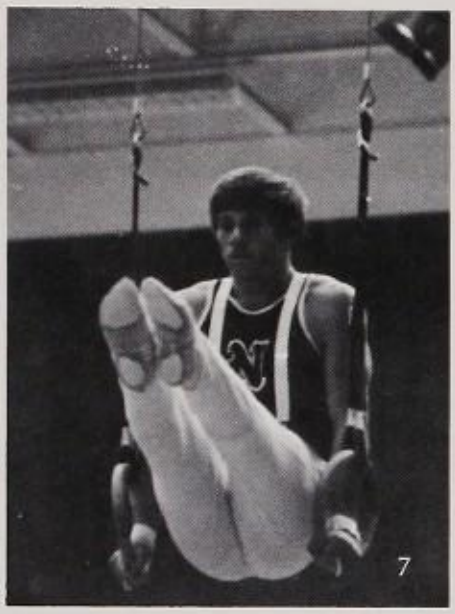


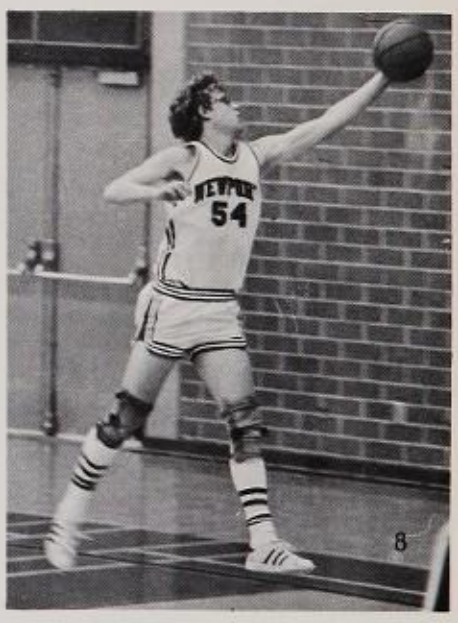
SAILING











In the opinion of the Galleon, Alfredo Moran should be recognized for his support of all Harbor teams in both girls and boys sports and thanked for the addition of his spirit to the Newport Harbor coaching staff.

1. Brian Theriot, Football and Track 2. Dane Muhlig, Sunset League Wrestling Champion, 1975 3. Vinnie Mulroy, Football and Track 4. Artie Sorce, All-C.I.F. team kicker, Football 5. K.C. Connell, High Jump school record holder 6. Tom Straw, Most Improved, Most Inspiritational, Basketball 7. Kelly Rossen, Best All-around, Gymnastics 8. Matt Spangler, Most Valuable, Basketball 9. Artie Sorce, home-run hitter, Baseball

NEWPORT HARBOR ATHLETIC STARS

These young men showed excellence this year in each of the sports they played. Some of the other Tar stars included; Dave Kurrasch-Track, Frank Anderson-Waterpolo Swimming, Tyrone Blair-Soccer, and Jeff Demott and John Dobrott-Swimming. Unfortunately, due to space not all of these outstanding athletes can be recognized on this page. There are many others, and these are just a sample of the prominent athletes from Harbor.

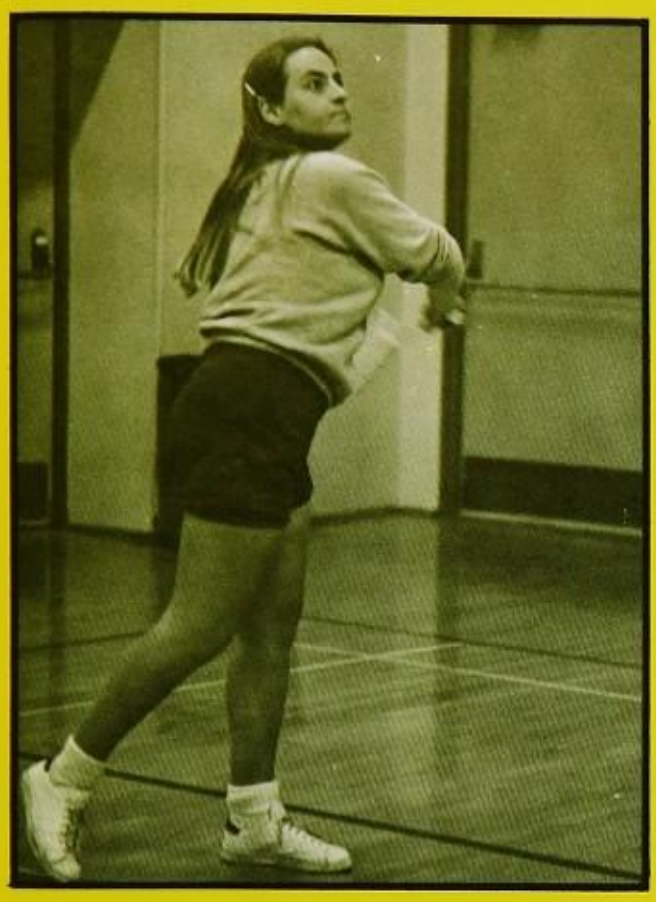
GIRLS ATHLETICS

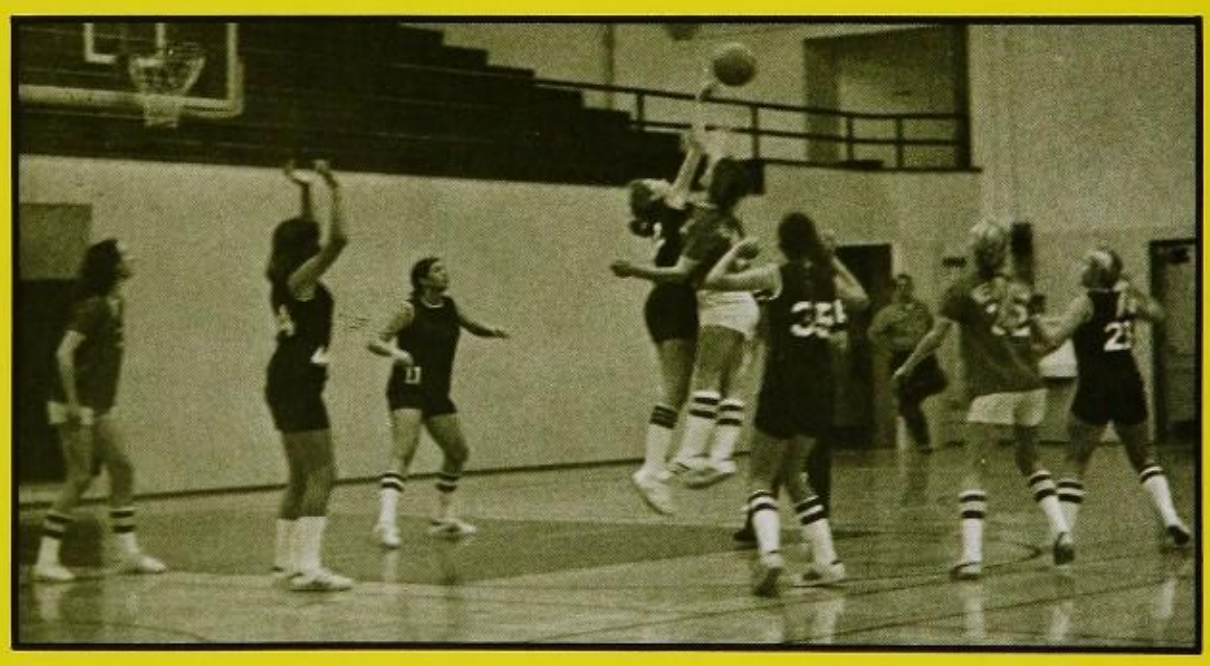
This year Girls' Athletics was very different from how it has been in the past. This was the first year that the girls were under CIF jurisdiction. With the coming of CIF, tournament teams were replaced by Varsity and Junior Varsity teams. Besides the Varsity and Junior Varsity teams, girls in sixth period P.E. competed on the GAA teams.

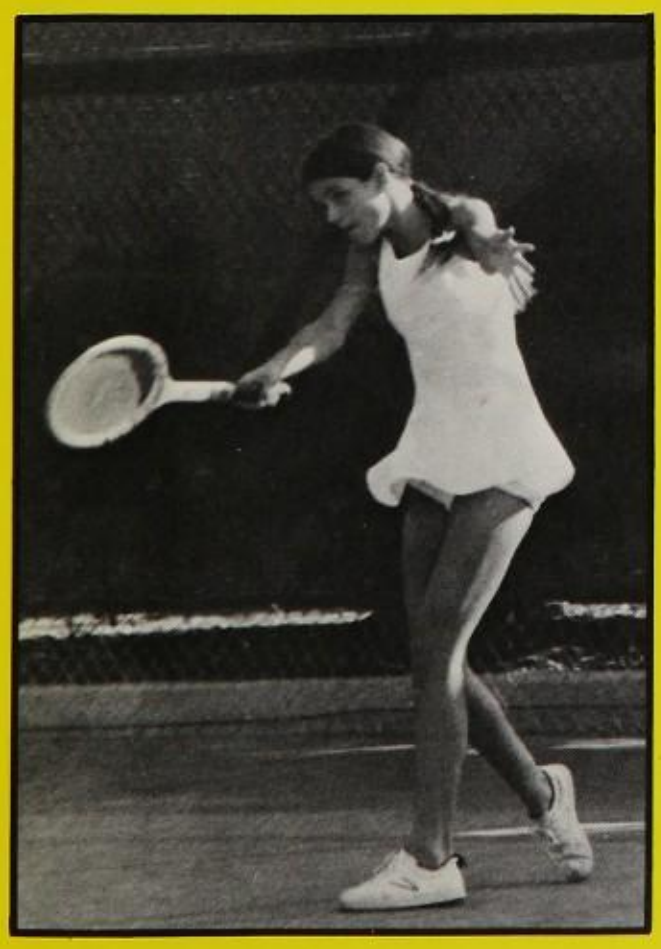
Also with the coming of CIF Newport was placed within a league to compete in. Newport was one of eight teams in the Beach Cities League. The other seven were Costa Mesa, Edison, Estancia, Fountain Valley, Huntington Beach, Marina and Westminster. In every sport Newport completed a circuit by playing every other team in the Beach Cities League.

There were nine sports that Newport competed in for CIF. First quarter was Tennis and Volleyball. Field Hockey was second quarter. Gymnastics, Swimming and Track were all second semester. Basketball was third quarter. Fourth quarter was Softball and Badminton. The Tennis team coached by Miss Gloria Grotta, the Gymnastics team coached by Mrs. Sandy Carney, the Track team coached by Mrs. Rita McFarland and Miss Sue Kemper, and the Badminton team coached by Miss Judy Fogt were sports with only a Varsity team. The Swim team had both a Varsity and Junior Varsity team and was coached by Mrs. Teri Winfrey. The Volleyball, Field Hockey, Basketball, and Softball teams had both a Varsity and Junior Varsity team plus the GAA teams. The Varsity and Junior Varsity coaches for these sports were, Miss Fogt for Volleyball, Mrs. Ellen Caricof and Miss Kemper for Field Hockey, Mrs. Lynn Blanton for Basketball, and Miss Nancy Staub for Softball.

Like in the boys' Sunset League, the girls also had an All-Sport Trophy to compete for. Points were awarded according to how a team finished within the league. Sixteen points were added if the Varsity team finished first. Eight points were added if the Junior Varsity team finished in first place. For each sportsday that the GAA teams won, two points were added. At just the end of the first semester Newport had over seventy points and the closest team behind us had under fifty points. This fact was a great inspiration to the girls to capture the All-Sports Trophy.

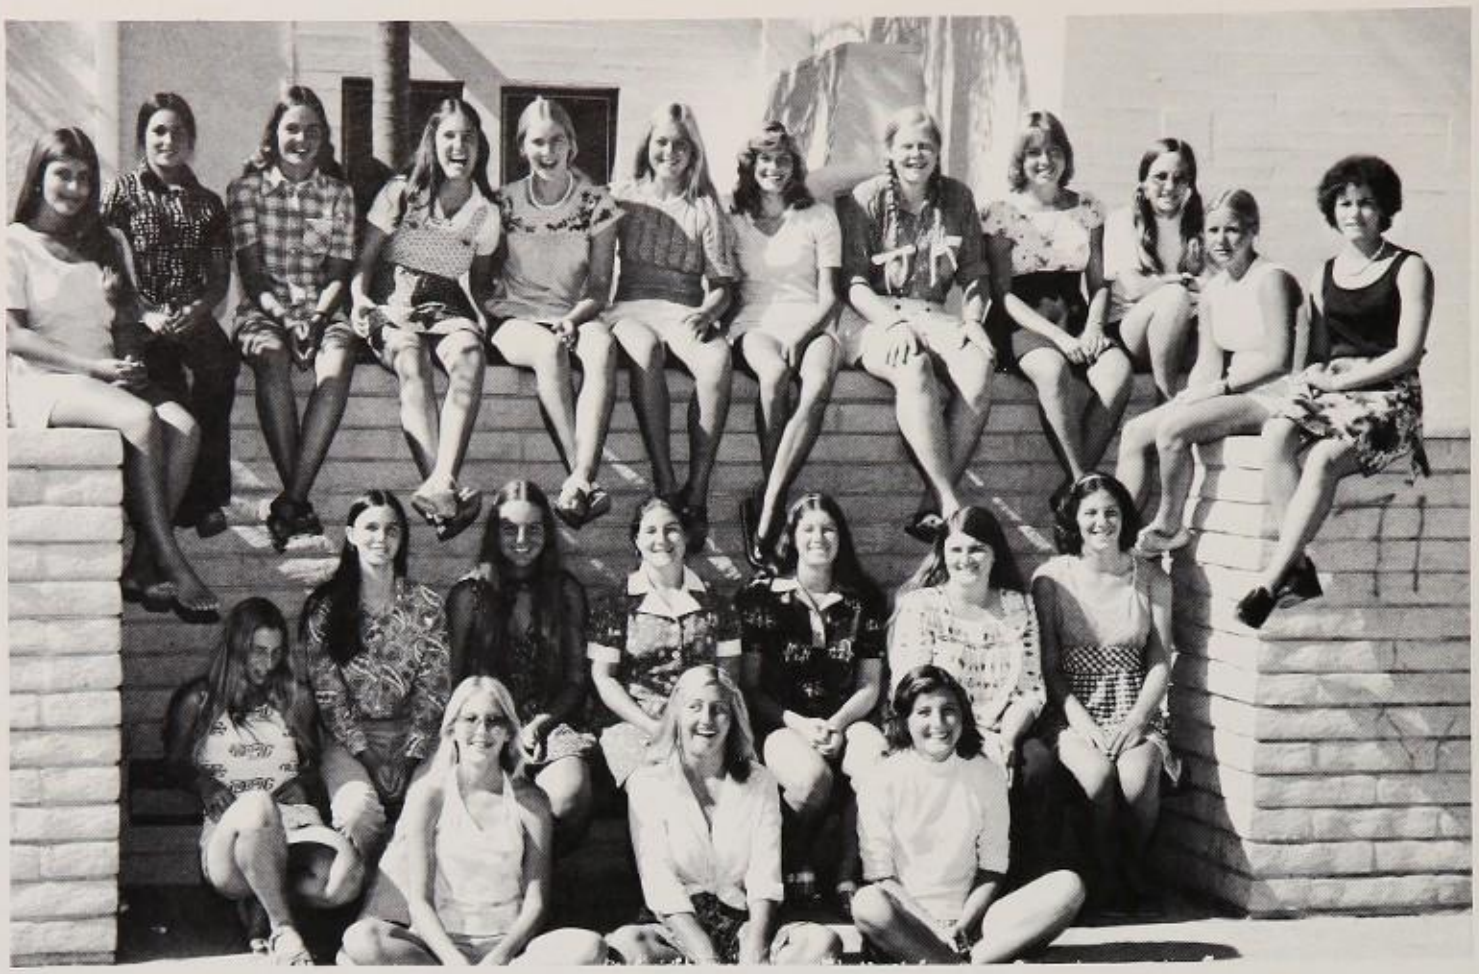






The following pages are just a brief look at the Girls' Athletics program at Newport. Shown are the sports in which the GAA girls competed. Included is copy about the season, action pictures, team scores (if possible), and team pictures. The team pictures, unless otherwise stated, include the Varsity and Junior Varsity teams. However, in some sports, as mentioned on page 104, the team picture is just the Varsity team, because there is no Junior Varsity team. The twenty pages in this year's Galleon devoted to girls' sports only represent a small portion of the time and effort that the girls and the P.E. teachers put into the Girls' Athletic program at Harbor.

Senior GAA



Front Row: Kim Wood, Kathy Wolfe, Jill Hornett. Row 2: Renie Gall, Margaret Crawford, Christy Dey, Mary Kotob, Kathy Burns, Kathy L'Ecluse, Kim Perry. Tennis

Coach Gloria Grotta's girls tennis team went undefeated in their first year under CIF jurisdiction, winning the championship in the Beach Cities League and sending two doubles teams into the CIF play-offs. The scrimmage with Beverly Hills provided the girls with their only strong competition as the team swept by all their opponents.

The teams greatest asset was depth according to Miss Grotta. Dorsey Smith led the team at the number one singles position, but the entire team was responsible for a successful season.

Newport Harbor sent two doubles teams into the C.I.F. playoffs this year. Dorsey Smith and Lori Schoettler played the number one doubles in the playoffs and advanced all the way to the semi-finals while Kelly Smith and Jill Johnston played as the number two doubles team representing the Beach Cities League.

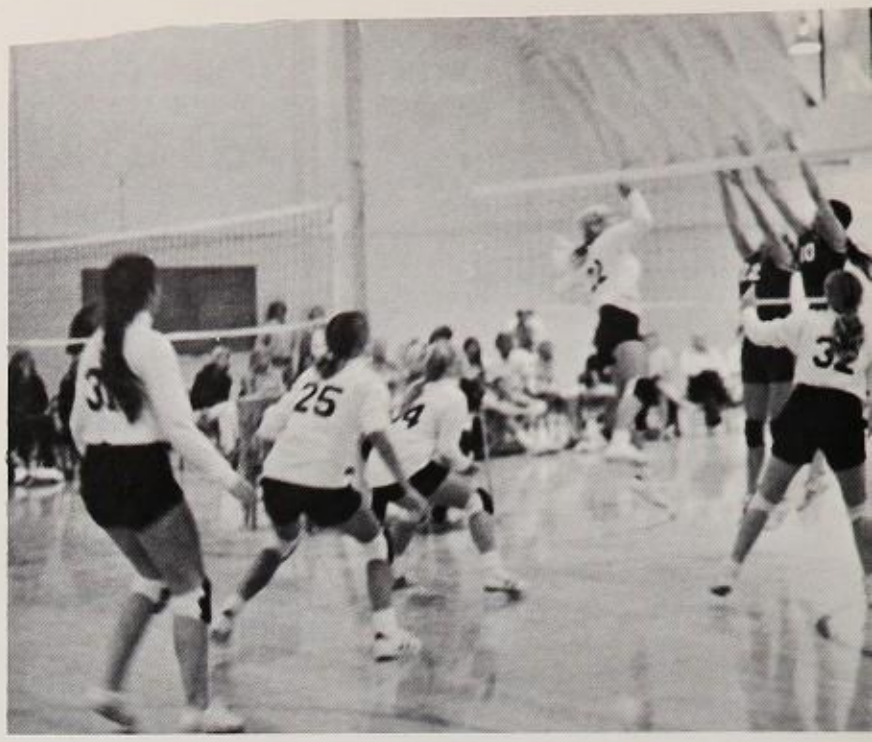
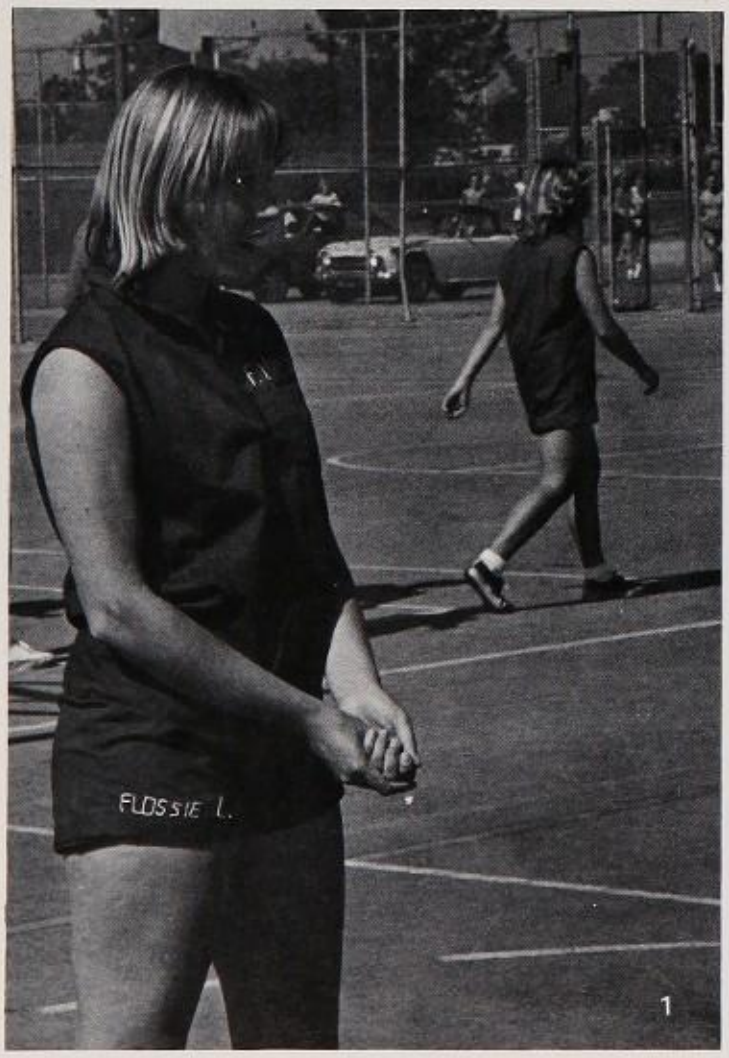
VOLLEYBALL

The 1974 volleyball season went extremly well for Girls' Athletics. Both the Varsity and Junior Varsity teams went undefeated during their regular league season. The GAA teams won all four of their sportsdays.

The Varsity and JV teams both won all seven of their league games to become Beach Cities League Champions. By winning their league, the Varsity team qualified for CIF competition. In the first round of CIF, Newport played Brethern, and Newport won 15-12, 15-4. In the second round, Newport played Corona del Mar. Corona won the first game, 15-4. Newport won the second game, 15-3. In the third and final game to determine which team would continue in CIF, Corona finally pulled ahead to win 16-14. This year's Most Outstanding players were: Marie Lundie, Becky Daniel and Tracy McCarthy. The Most Improved player was Pam Knox.

This year there were 16 GAA volleyball teams. The girls competed in four sportsdays and lost only eight games of the 51 games they played. Newport beat Edison 12-2, Westminster 14-2, Huntington Beach 12-4, and Costa Mesa 5-0.





1. Flossie Lowry ready to return in a GAA game. 2. Marie Lundie spiking. 3. Kathy Caricof and Newport fans at the Corona game. 4. Chris Pattison bumping. 5. Becky Daniel spiking. 6. HOCKEY

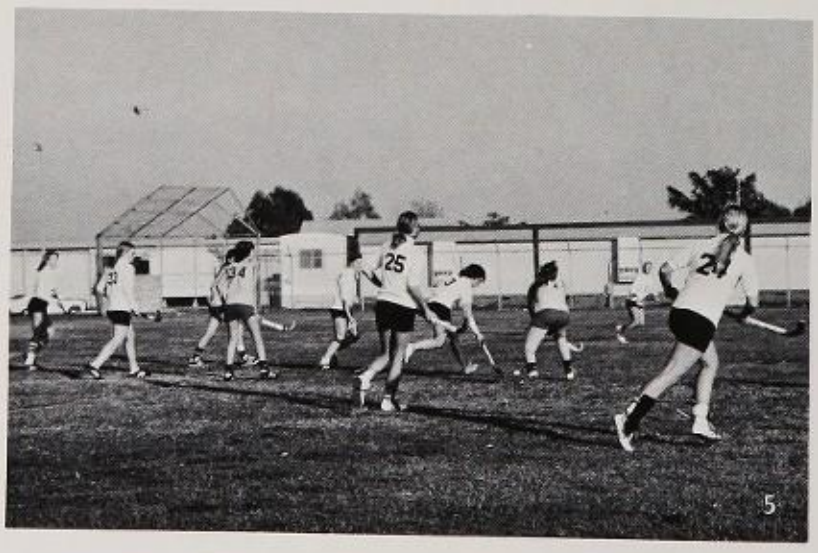
Field Hockey was no exception in the first semester GAA sports as the Varsity team qualified for CIF competition. The varsity team finished their regular Beach Cities League Circut, as League Champions, with a perfect 6-0 record. The team averaged four goals per game to their opponent's four goals during the entire season. In the first round of CIF, Newport played Santiago. Kathy Wolf scored the only goal, as Newport won, 1-0. In the quarterfinals, Newport lost to Charter Oak, 2-0. Charter Oak later won the CIF finals. Outstanding Varsity players were; Marji Friday, Chris Pattison, Patty Baker and Julie Feenstra. Julie Feenstra was nominated to the second all-CIF Field Hockey Team. The Most Improved Varsity players were Stacey Kirkpatrick and Lynn Williams. The Junior Varsity team lost only one game and were League Co-champions with Estancia. Outstanding JV players were Pam Knox, Kathy Burns and Sharon Wolfe. The Most Improved JV players were; Jennifer Hinshaw and Christy Dey.

This year, the Varsity and JV teams played a new style of hockey called System. Lyn Giovanni, a physical education teacher at Shasta College, taught the girls how to play System. The System used the same number of people, but repositioned them on the field to develop better teamwork.

The GAA teams had three sports days this year. They were against Westminster, Estancia and Huntington Beach. They lost to Westminster and Estancia, but beat Huntington Beach.



1. Marcie Kirschenbaum lunges into a pass for teammate Lynn Williams. 2. Mindy Hoose and Sharon Wolfe. 3. Flossie Lowry takes a free hit. 4. Running drills were used to keep the girls in shape 5. GYMNASTICS

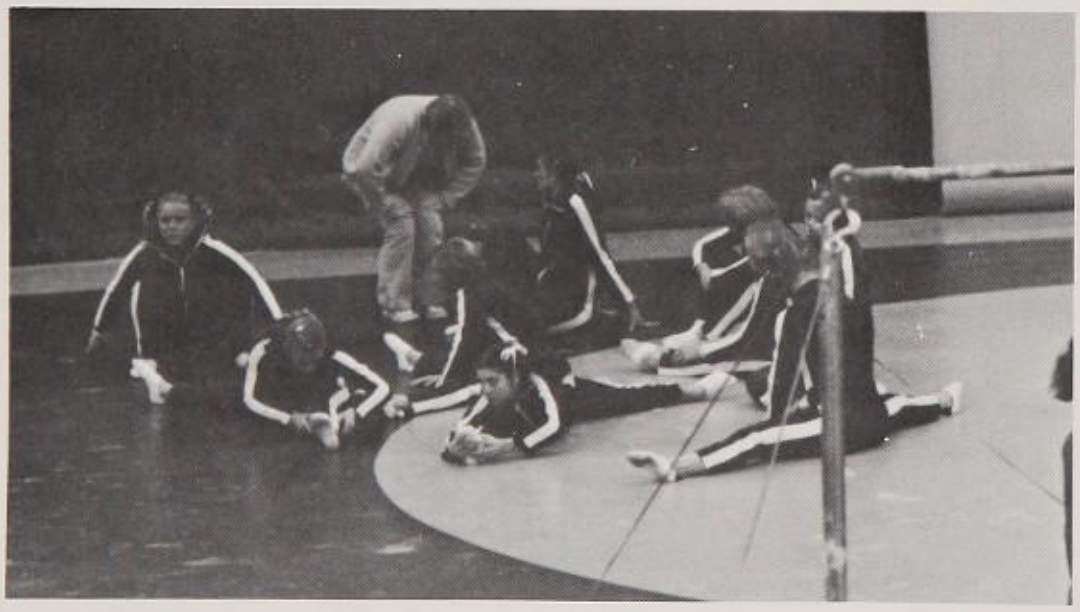
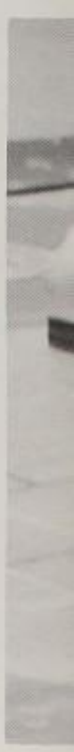
With a lot of graduating seniors, this year's gymnastics team had only nine returning gymnasts. Over half of the 28 member team were freshmen.

The girls competed in two different types of meets. The first are compulsary. The routines the girls used are made up by the Olympic Committee. In the compulsary meets only those routines are used. The other type of meet is an optional meet in which the girls can use routines which they have made up for competition. Each type has its own championship meet to determine who goes to CIF.

Some of the girls recognized for excellence this year by Mrs. Carney, their coach, were Jan Bodinus and Nancy Choineer-all around; Dana Gragg-floor exercise, uneven parrallel bars and balance beam; Jan Hillary-bars; Katie Mulroy-floor exercise; Stacey Resser and Becky Rudy-floor exercise, balance beam and Terry Sharp-bars and vault.





In Alphabetical Order: Becky Acton, Lisa Beckley, Jan Bodinus, Janet Broxon, Kelly Brundage, Nancy Choiniore, Ann Christensen, Anne Cox, Elspeth Doobie, Stephanie Foreman, Jane Gibbs, Dana Gragg, Jan Hilleary, Karen Linhoff, Kelly Loy, Katie Mulroy, Stacey Reeser, Judy Ritch, Becky Rudy, Tracey Schutt, Sandy Sharp, Terry Sharp, Karen Shropshire, Dixie Singer, Kerri Smull.

TRACK

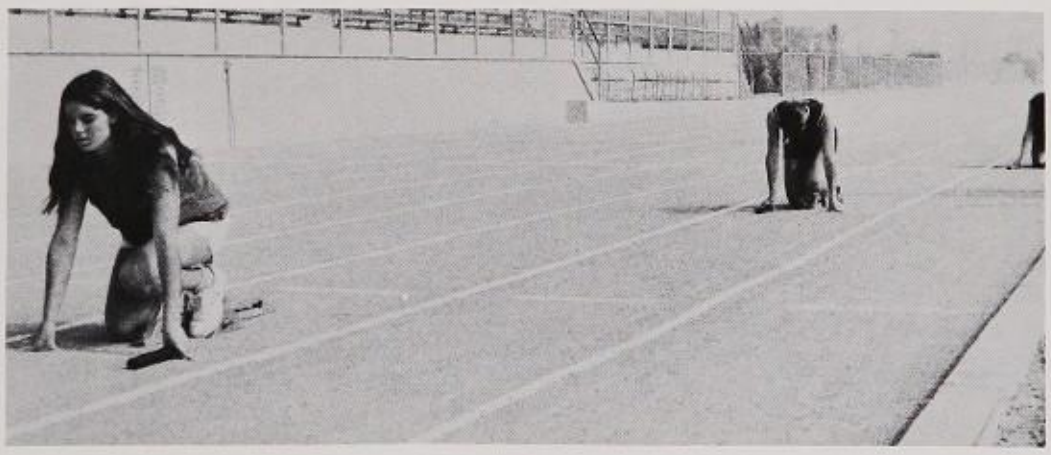
According to track coach Rita McFarland, this year's track team was one of the most enthusiastic she's had in years. And even though this year's team had only 13 returning members and 13 freshmen, the 38 member team was one of the strongest ever.

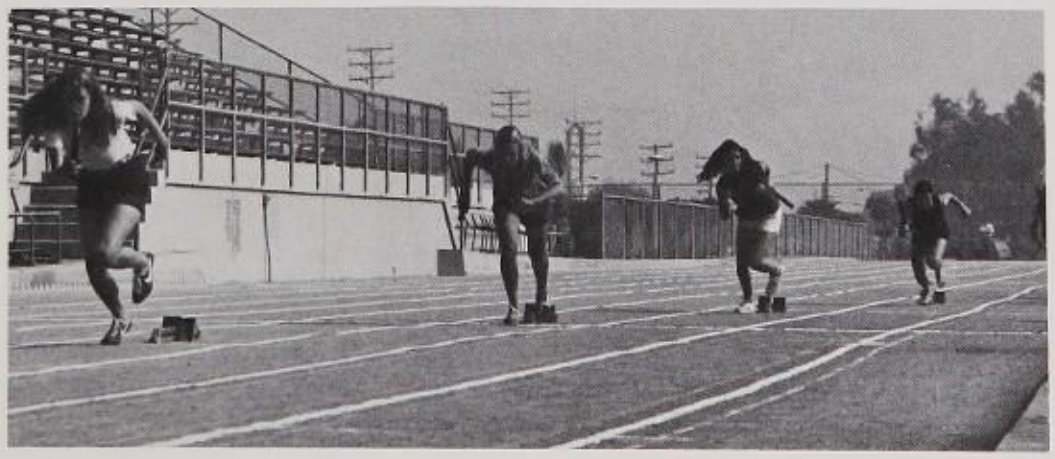
One of the strong points on the well-rounded team were the long-distances. In pre-season activity two records were broken. In the 880 Paulette Mahon broke the record with a 2:36 run. The mile record was broken by two runners. Cindy Palmer with a 6:09 and Della Robertson with a 6:06.

Being more experienced with the CIF level of skill, this year's team hoped to have more members than ever to qualify for CIF competition. This year to qualify for CIF, a person must perform to a certain standard that is set up by CIF. Even if a team does not win their league individual members may still compete in CIF if they are better than the set standards.

Strong members of this year's team were, in Coach McFarland's opinion, Della Robertson and Cindy Palmer, the mile; Barbara Benish, Karen Bradford, Janice Killinger, and Nancy Olson, the 440 relay; Becky Daniel and Marie Lundie, the long jump; Kathy Caricof, the high jump; Becky Daniel, Kathy Caricof, Kay Irvine and Marie Lundy, the shot put, and Candy Montgomery and Pam Bost in the sprints.

In alphabetical order: Karen Attlesey, Barbara Benish, Pam Bost, Karen Bradford, Sally Butler, Cathy Caricof, Becky Daniel, Evelyn Daniel, Cathy DeRuff, Jane Draganza, Joan Hutchinson, Kay Irvine, Laura Johnson, Evaly Kearl, Janice Killinger, Stacey Kirkpatrick, Marie Lundy, Paula Mahon, Paulette Mahon, Joy Marionian, Connie Miller, Cindy Montgomery, Jaque Mutter, Nancy Olson, Trish O'Rielly, Cindy Palmer, Jayne Potoma, Della Robertson, Sara Schultz, Susan Skinner, Julie Shoemaker, Theresa Thamer, Laura Vaghan, Karen Van Dainlin, Jean Vinson.

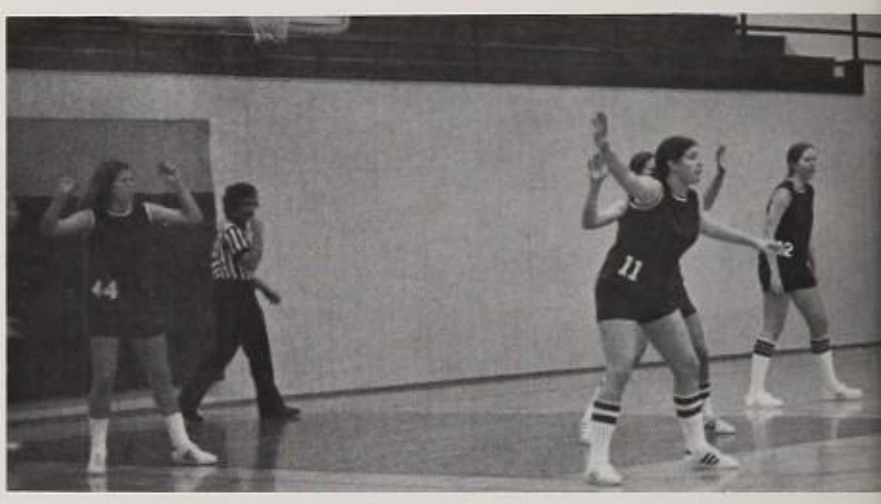




Basketball

All seven members of this year's Varsity basketball team were experienced players from last year's CIF qualifying team. Last year's team went to the second round of CIF. The four returning seniors and three returning juniors worked hard this year, as they have in the past, by having several years of experience in working together. According to Coach Lynn Blanton they were in better condition, than previous teams and worked very hard, which made them better in the fundamentals. This year's Junior Varsity team was a mixture of older and younger players. There were three seniors, one sophomore and three freshmen. This year was a building up year for the JV team. The players all put in extra time to learn and be successful in the same skills required by the Varsity players. They were all very competitive and the prospects for next year seem to be good.

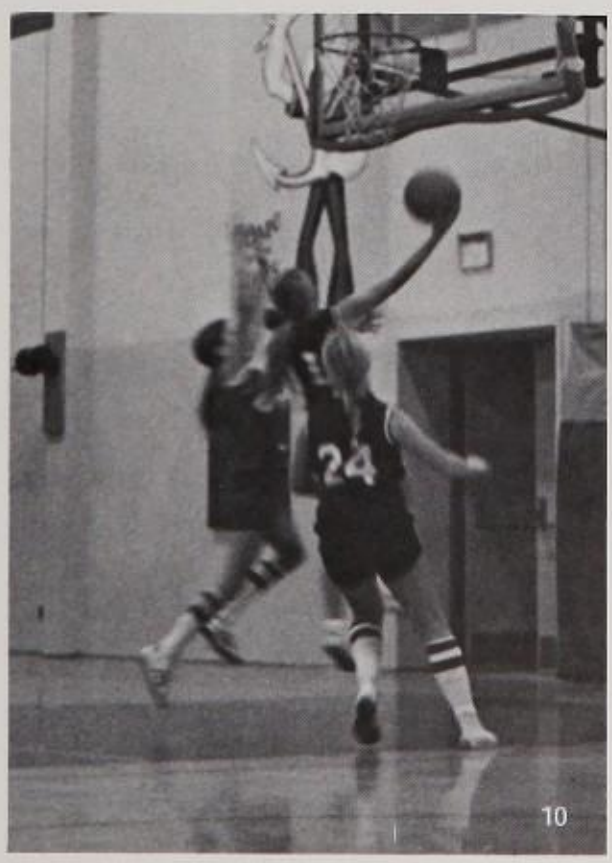
The Varsity and JV teams completed a regular League Circuit by playing the seven teams in the league. The GAA teams had three sportsdays this year. They were against Westminster, Marina and Estancia.



1. Kathy Burns taking a free throw. 2. Hillary McDonald dribbling. 3. Nancy Herman practicing in a GAA game. 4. Pam Knox. 5. Rose Greyshock shooting a free throw. 6. The Varsity teams defense. 7. Celeste Jardine passing to teammate Elena Vincetti in a GAA game. 8. Lynn Williams doing a lay-up. 9. Karen Olson taking a jump ball. 10. Rose Greyshock doing a reverse lay-up. 11. JoAnne Lewis shooting in a practice game against the Varsity team.

Varsity-Front Row: Sharon Wolfe, Christy Dey, Kathy Wolf, Sally Stege. Back Row: Kathy Burns, Lynn Williams, Pam Knox.

JV-Front Row: Hillary McDonald, Jennifer Shoemaker, Rose Greyshock. Back Row: Karen Olson, Julie Feenstra, Patty Baker, Mary Hayos.

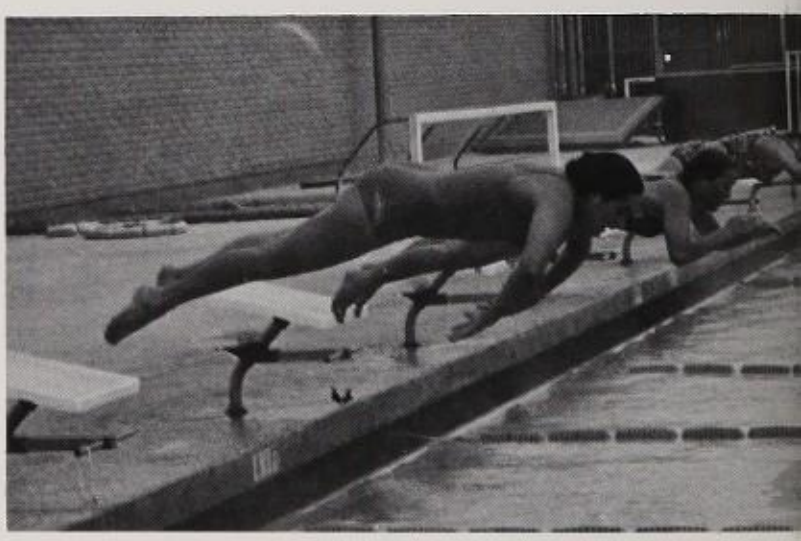


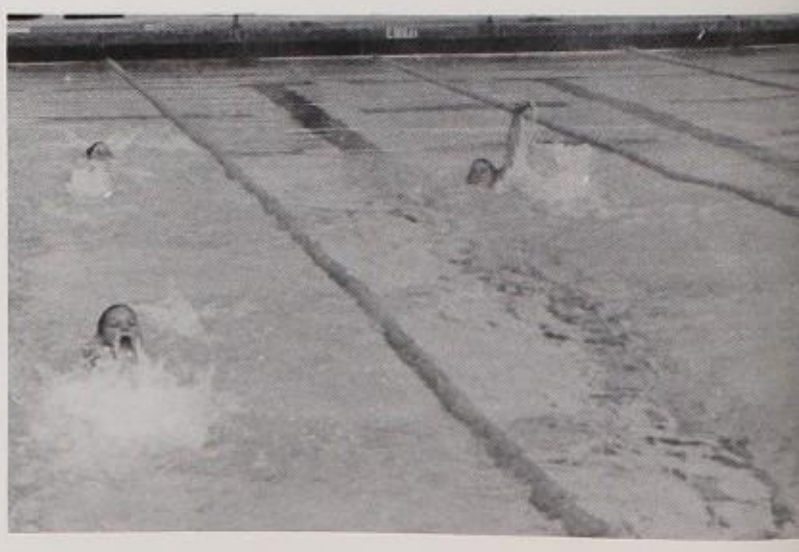
Swimming

In order to raise money for new swim suits, towels, swim equipment and awards this year's swim team held a Swim-a-thon. Each member of the swim team asked for pledges for the maximum 200 lap (25 yards per lap) event. The swim-a-thon was sponsored by the National Swimming Hall of Fame in Florida. Each swimmer received a participation certificate signed by Johnny Weissmuller.

This year the swim team had a new coach, Ms. Terry Winfrey. Ms. Winfrey has ten years coaching experience and at the beginning of the season expected great things with the enthusiasm of the girls.

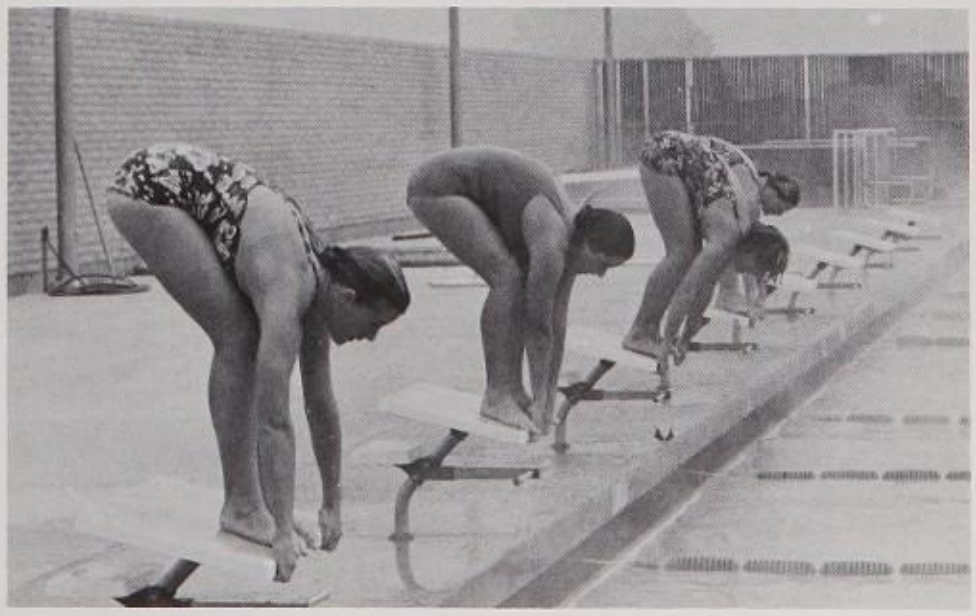
This year's 40 member team participated in addition to the regular league circuit, an Invitational Meet at Mission Viejo. The swim team also had two pre-season meets against University and Corona del Mar.





Swimming-In alphabetical order, Kay Anderson, Kristen Berg, Julie Bergeson, Belinda Blanchard, Connie Bradford, Connie Burbank, Ginny Caricof, Judy Coombs, Linda Esslinger, Michelle Fedorchek, Lori Felde, Terry Felde, Cindy Garber, Jerri Garner, Gigi Gorman, Lauri Hansen, Michelle Howlett, Linda Hutchinson, Kathy Hendrick, Dana Kenworthy, Vickki Leeper, Cindy Larrick, Karyn Loomis, Barbie Moore, Karen Nielson, Susanne Oelke, Lisa Pedigo, Anita Pederson, Renne Power, Beth Poitenent, Candi Rice, Michelle Robertson, Karen Shoffner, Lori Stockman, Kelly Vollen, Jan Wheeler, Karen Olson.

Diving-In alphabetical order, Jan Bowler, Lisa Johnson, Julie Nichols, Not Shown Michell Gorman

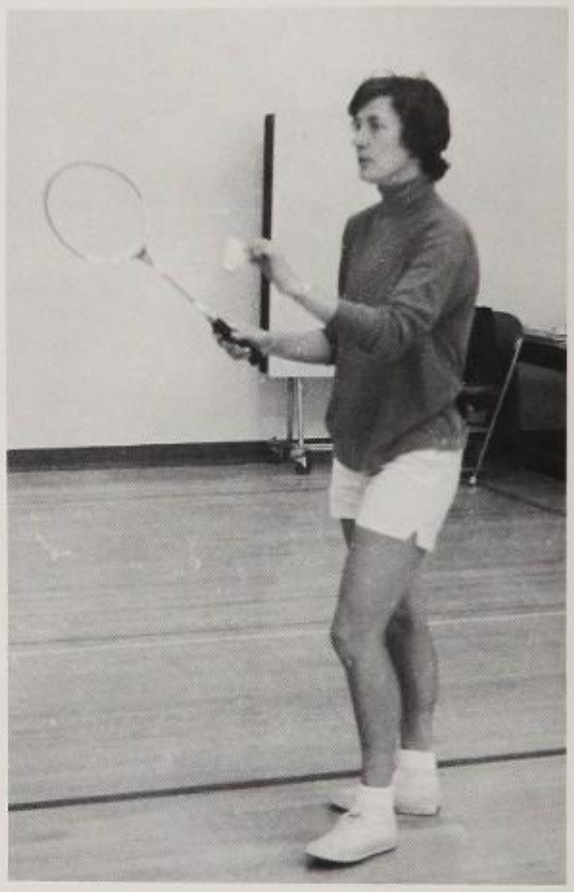


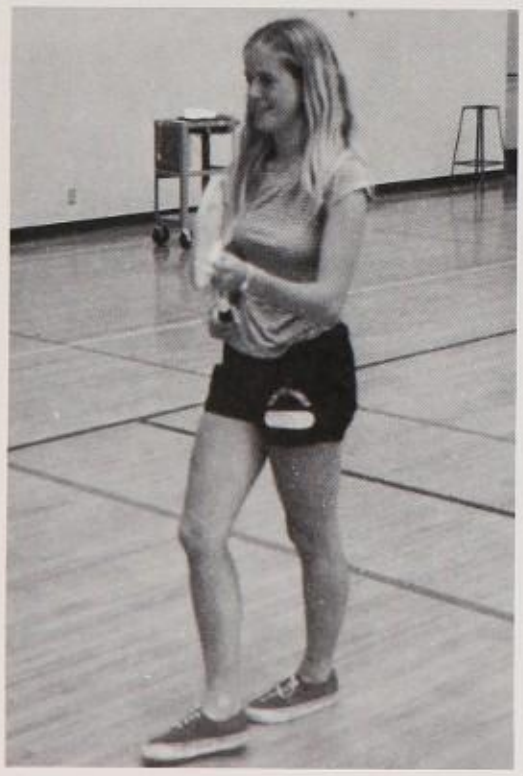
BADMINTON

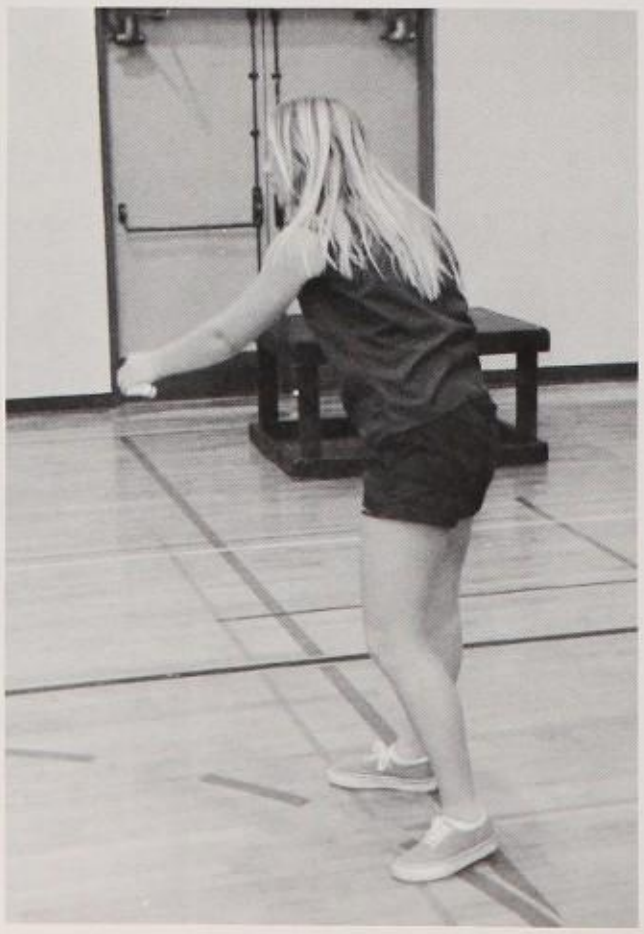
In coach Judy Fogt's opinion this year's badminton team was led by two very strong singles players, Chris Pattison and Julie Campbell. Four of the 13 seniors on the team were also on last year's team. Only one of the 10 juniors on this year's team, was on last year's team. Both sophomores returned from last year. The two freshmen rounded out the 27 member team.

The doubles players practiced on Monday and Tuesday from two to four. The singles players practiced on Wednesday and Thursday. Those who needed or wanted special help came in on Friday sixth period. Coach Judy Fogt commented, "We had a lot of fun this year."

Front Row: Dodi Gilchrist, Terry Miller, Robyn Thornburg, Leslie Scott, Rosemarie Vogado, Debbie Yoder, Robin Ringblom, Sharon O'Brien. Row 2: Joy Lynn Pike, Marcie Kirschenbaum, Julie Campbell, Darrlyn Dalby, Darci Catapano, Lori Scheottler, Elena Vincenti, Glory Laljer, Lisa Myers, Chris Pattison. Back Row: Barbie Skinner, Melinda Myers, Joanne Lewis, Lisa Grupe, Morgan Marchak, Melody Williams, Lori Washbon, Ann Perry.







SOFTBALL

Softball was the final sport in Newport's first year of CIF competition. The Varsity and Junior Varsity teams were nine seniors, six juniors, eight sophomores and five freshmen. Coach Nancy Staub noted that a lot of the seniors and juniors had been playing together for years on recreational teams, so, they were experienced in both skills and in playing together.

In alphabetical order: Patti Baker, Julie Bernatz, Kathy Burns, Patti Duncan, Laurie Dunger, Leigh Evans, Julie Feenstra, Marji Friday, Julie Frum, Rose Greyshock, Eileen Harrington, Lori Harrison, Mary Hayos, Lisa Hinshaw, Mindy Hoose, Carla Hosmer, Pam Knox, Zenda Leake, Patti Leaverton, Liz Mais, Karen Olson, Gayle Penewell, Laura Sell, Sally Stege, Sam Stoneman, Lynn Williams, Kathy Wolf, Sharon Wolfe.

The Varsity and JV teams had the practice games. They were against Corona del Mar, Foothill and Tustin. All of their regular league games were on either Monday's or Thursday's. The GAA teams had one sportsday against Fountain Valley.

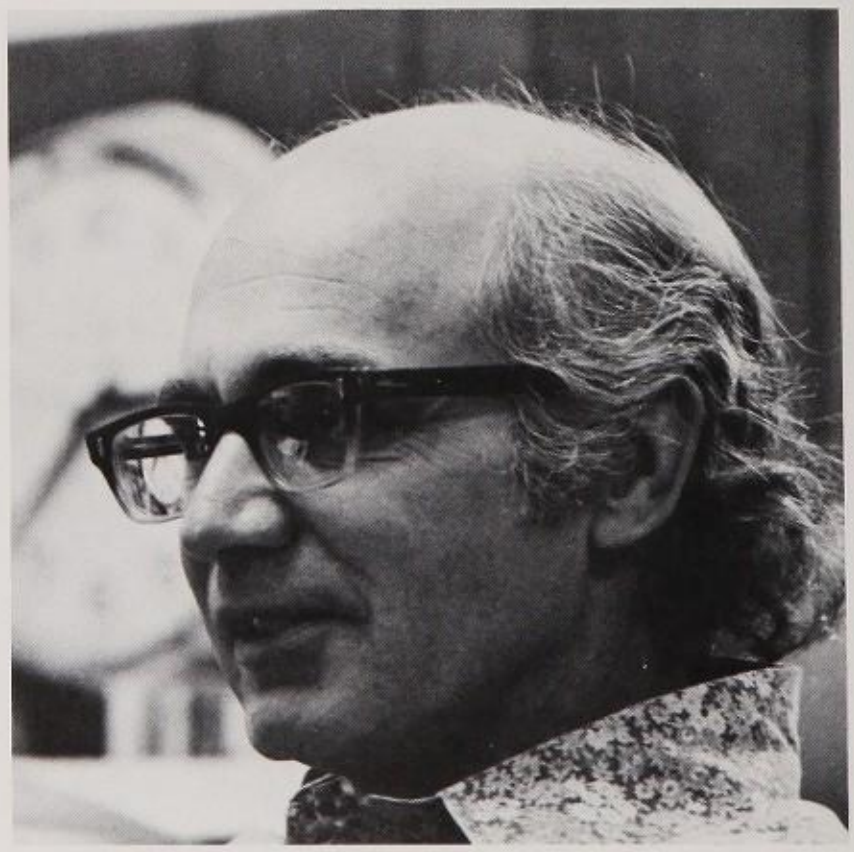
ADMINISTRATION

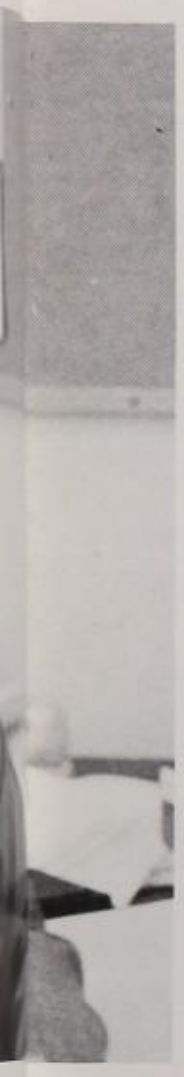
Dr. Charles Godshall

DR. CHARLES GODSHALL-is the principal of Newport Harbor High School. He is responsible for hiring school personal such as the teachers, custodians, and secretaries. His philosophy concerning this is that the better the personal, the better the students. Dr. Godshall has been with Harbor High for the past nine years, and is currently working a 12 hour day. He spends most of this time working with the assistant principals and the department chairmen in an effort to see the approximately 2,960 students make progress. Although burdened by his administrative chores, he still finds time to support several extra-curricular activities such as football and basketball. Dr. Godshall is married and has two children, Chris, age four, and Freddie, who is two. Near the end of school last year, he received his doctor's degree in Education.

Dr. Thomas Wilson

DR. THOMAS WILSON-is the assistant principal in charge of curriculum and planning. He assists the faculty and staff in the development of the courses offered by the school. General school wide organization is also under his jurisdiction. Dr. Wilson coordinates the student teaching program which includes teacher-aides and volunteers. He developed and oversees alternative education programs such as the Newport Plan, and WAY program (Working and You). Other programs run by him include the MGM program, career education, and internal and external research. He also maintains liason with the Parent Teacher Association. Dr. Wilson has been with Newport Harbor High for the past six years. He is married and has four children.





Vashke Breeding

VASHKE BREEDING-is the Assistant Principal in charge of student services. She is also the head of the guidance office, and organizes the awards banquet for the students at the end of the year. She is instrumental in scholarship selection. Mrs. Breeding is the coordinator of graduation ceremonies, such as the Baccalaureate.

Jack King

JACK KING-is the Assistant Principal in charge of operations. He is in charge of the attendance office, discipline, and the custodial staff. Mr. King also has control of the after school facilities, such as the pools and the gyms. He manages Harbor's budget.

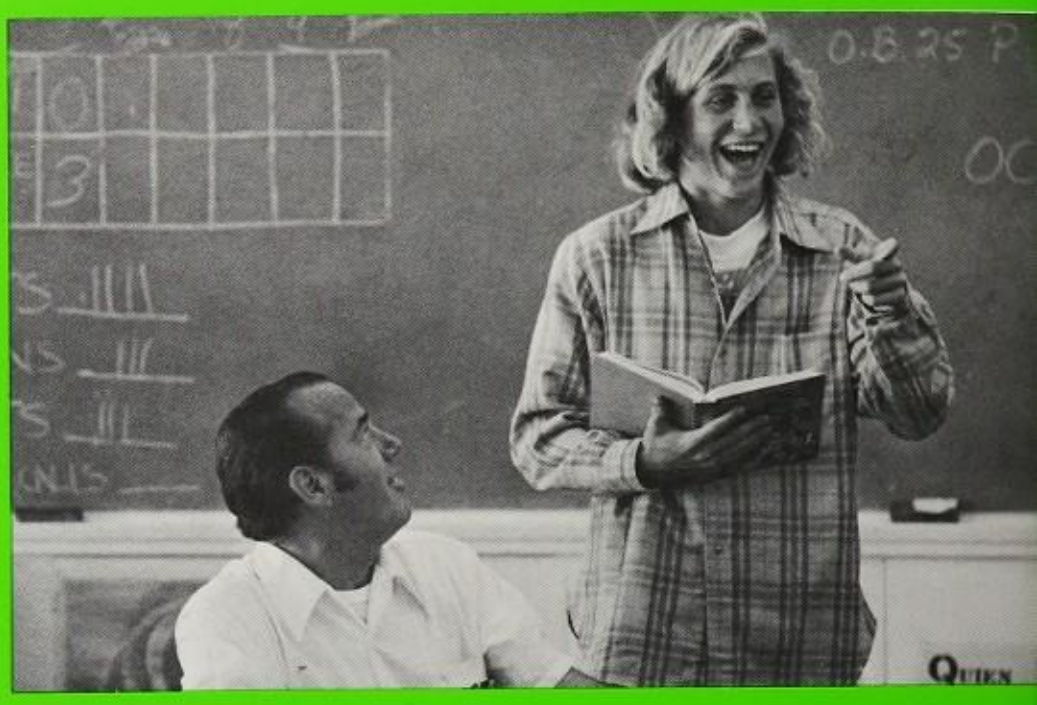
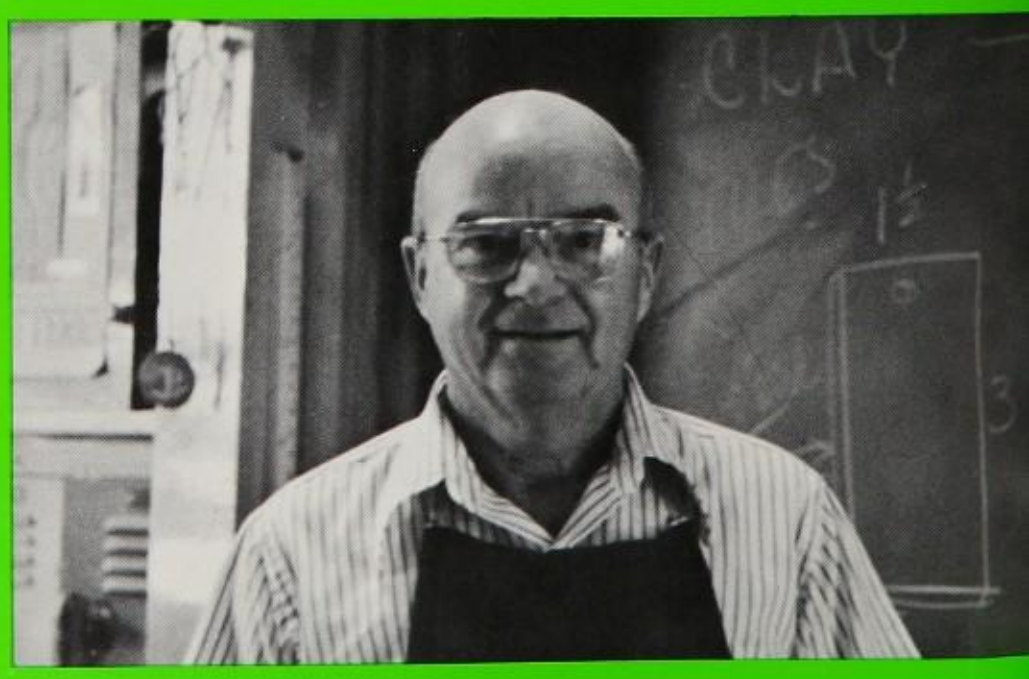
ACADEMICS

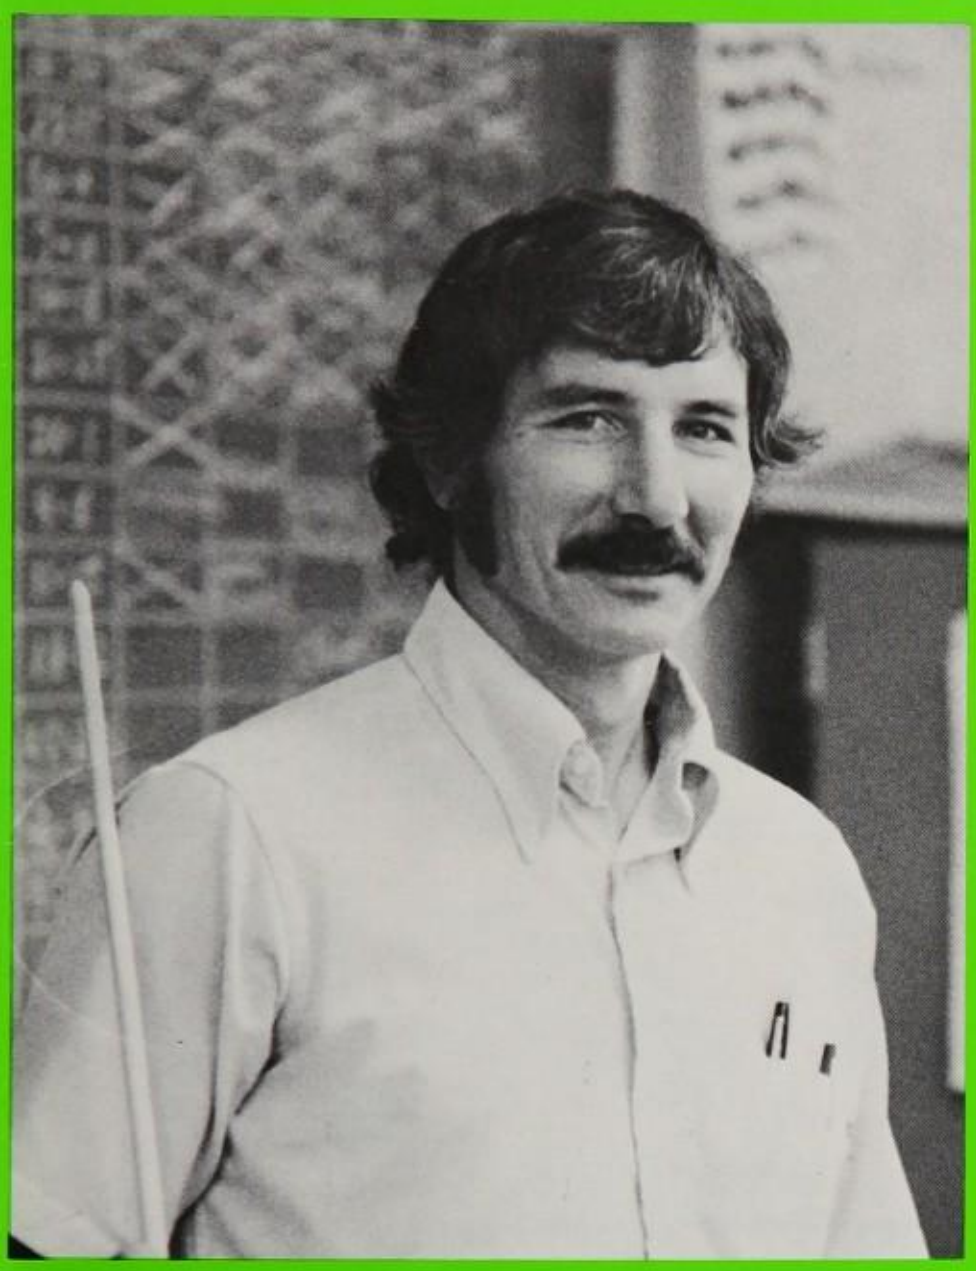
Newport Harbor High innovated some of the most striking new classes and programs for 74-75. Some of these new classes included: Psychology, Water Planet, African Studies and Advanced Math. Psychology, which was taught by Mr. Marino, explored mannerisms and the human mind. Mr. Echternach taught Water Planer which investigated different aspects of water. African Studies was taught by Mr. O'Hern who visited Africa last year on his sabbatical. Mr. Dye taught Advanced Math which allows students to get college credit if they pass the Advanced Placement exams. Four new teachers were added to the faculty staff including Ralph Stansbury-Athletics and Driver's Ed., Joe McCoy-Attendence, Kevin Young-Chinese and Evelyn McNally-English. This was the lowest number of new teachers to be hired in years. Various field trips were initiated into unique areas. Mr. Newkirk took his Criminal Justice classes to the Youth Training School in Chino. The Coastline Regional Occupation Program (CROP) added eight new classes for job possibilities. Other interesting events included a Mouse Trap Derby which was a contest for the best mousetrap to be judged by Mr. Oliver. Mr. Robinson journeyed to India during the summer and returned with many fascinating stories (just ask him, he'll tell you all about it).

Unfortunately, Harbor lost two outstanding teachers who retired; Mrs. Hall and Mr. Miller. These two teachers will be greatly missed by all who have enjoyed their classes. The faculty of 74-75 continued in the fine standard of Harbor tradition to further encourage and educate the students.



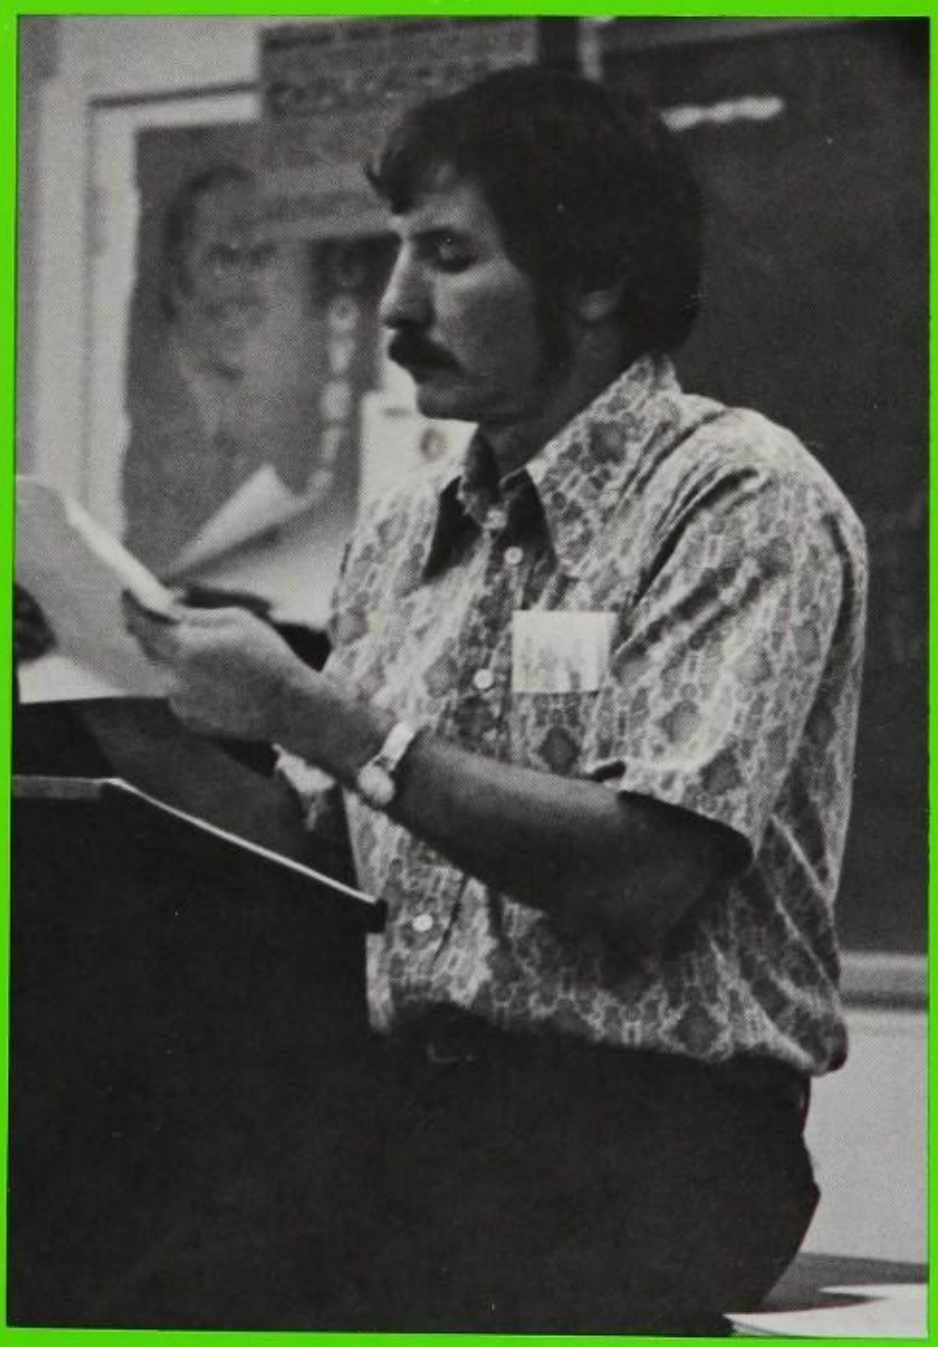


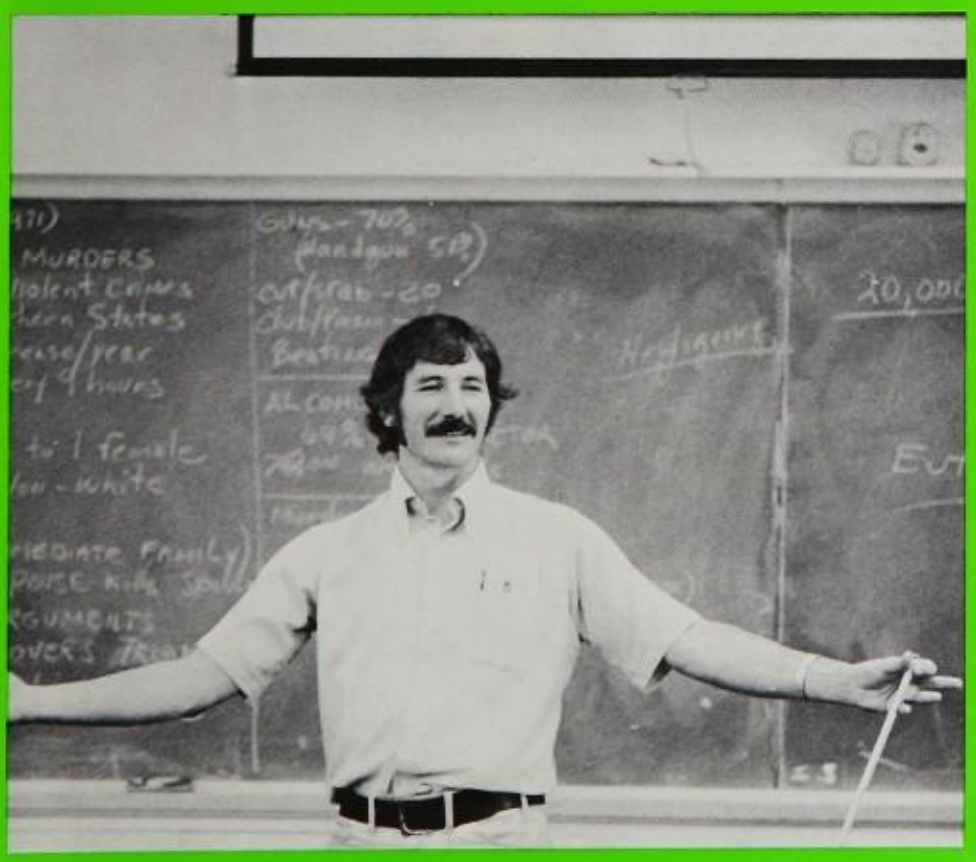
DEDICATION



Open up, this is a bust! If you heard these words, you would probably be panic stricken. However, if you had taken Mr. Jim Newkirk's Youth and the Law or Criminal Justice class you would know what to do. Besides teaching the ins and outs of the law, Mr. Newkirk has officiated on Judicial Court, helped with Graduation ceremonies, chaperoned the Tour America Trip and encouraged a better relationship between police and students by pushing the Ride Along program.

In spite of his 11 years of teaching, Mr. Newkirk has not lost his innovative methods and frequently gets off the subject with stories to illustrate his point. His favorite expression is "OH GOSH". With a great pride in his achievements, we dedicate the 1975 Galleon to Jim Newkirk.





ART

The Art Department of Newport Harbor was again high in demand. This year students had the chance to explore many mediums of expression offered at Harbor. The courses included ceramics, jewelry, crafts and print-making. Also offered were the basic art classes exploring the entire spectrum of art. Crafts dealt primarily with pottery and sculpture. Jewelry made it possible for students to fashion their own personal trinkets. Crafts taught students an array of mediums including pottery, macrame and sculpture. Print-making students learned to do etchings, wood carvings, linoleum block cutting and other related works. Students in ceramics learned how to work and create with clay. They expressed themselves from small irregular pots and sculptures to nice symmetrical pots done on the potter's wheel.

Students at the same time gained good work habits such as using their time constructively and cleaning up after themselves. They developed skills and discovered that through art they can use their ingenuity and express themselves to their fullest capability.

ALTERNATE EDUCATION

Newport Plan in its third year, continued to offer students a chance to earn their requirements through a less-structured, more independent program. Credits were earned on a contract basis.

Bob Wentz headed up the Plan, along with John Mortimer. Both exhibited friendly relationships with their students.

With all its attributes, Newport Plan is not for everybody. Without the pressure being put on the students to produce results, many students may find it difficult to rely totally on themselves to complete the learning process. For others, the benefits of such a program make for more assertive, mature, independent students better suited for adult living.

Tutor Corp again made available to students a chance to experience teaching, and help kids in Junior High, Elementary, and Pre-Schools.

This year in career education, students took advantage of the Coastline Regional Occupational Program. The "Crop" program gave students a chance to learn a skill such as Auto Mechanics and Boat Building.

BUSINESS EDUCATION

Business Education attracted many students interested in Accounting and secretarial careers. Courses offered included two years of typing, marketing and speed writing which all had successful results. Work experience made available chances for working students meeting in class periodically to discuss the good and bad points of "working life". Mr. Wulff, the department head met with the students and reviewed progress reports submitted to him regularly by his students.

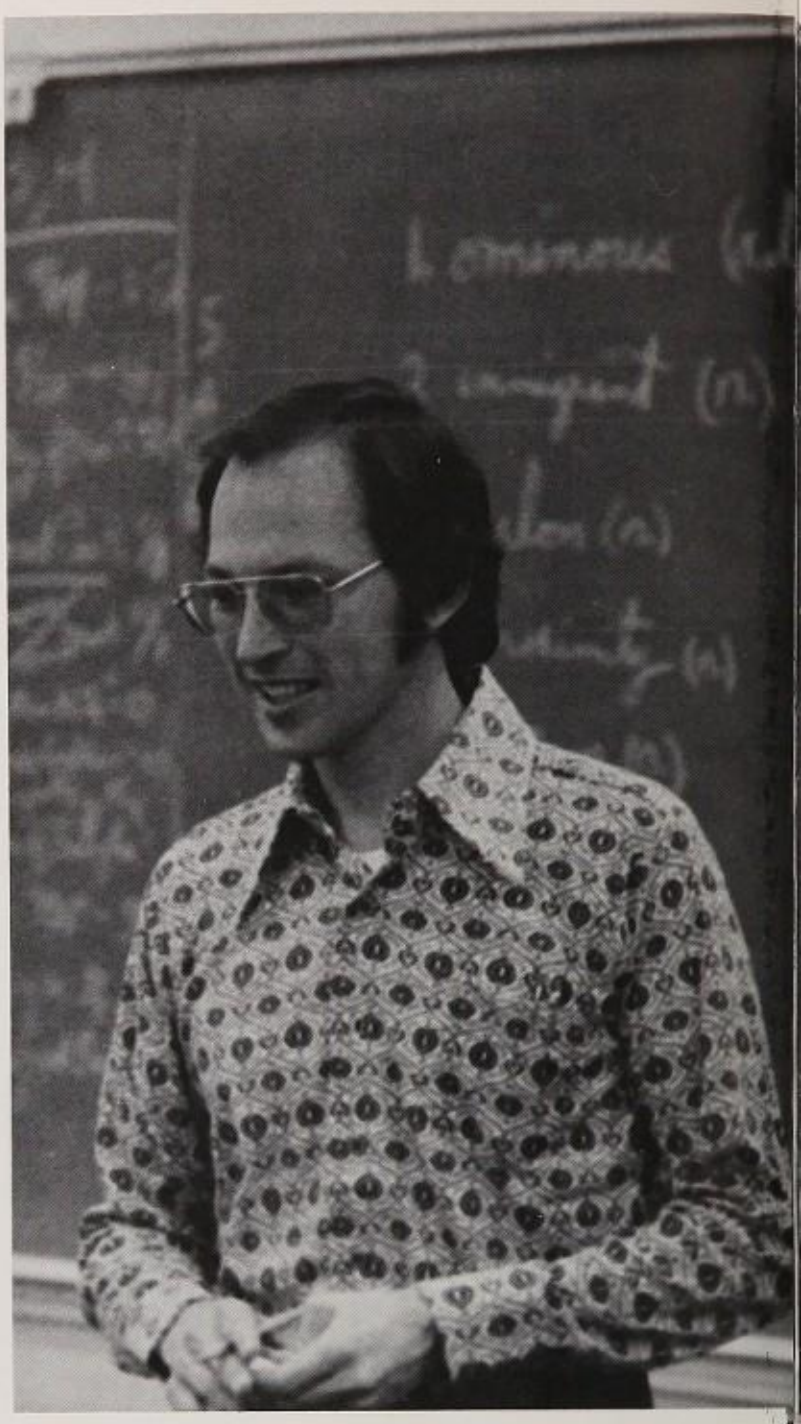
ENGLISH



Created to improve the knowledge of our own language, the English Department strives for much more. Besides teaching the basics of writing, it also teaches you the skill of communicating with others.

In their first year of High School English, freshmen are taught the fundamentals of paragraph writing. In tenth grade English this is expanded to longer, more complicated paragraphs and essays. In the junior year these skills are built upon and polished. Through different elective courses starting in the 10th grade and continuing to your senior year you have the opportunity to branch out to areas of your own interests. These courses, such as Writing Workshop and Creative Writing, develope your writing ability and broaden your creative thinking. The advanced placement program is just another part in the English Department scheme to get you to communicate. This program contains students who have the ability and desire to work at their skills and improve their talent.

The English Department has many field trips to help you go outside the class and experience what you talk about. Among these have been trips to the Music Center to see "Savages", "Juno and the Paycock", and "Macbeth".

The English Department is made up of people who are interested in what they are doing. They try to help all they can. They are a bridge between you and better communication with others.

FOREIGN LANGUAGE

The Language Lab was improved this year with new equipment. The equipment includes new desks, chairs, and carpeting. The desks, or booths, have a system within them which enables a student to listen to a tape and then record his voice and compare it to the tape to perfect his accent. The Lab also has a new supervisor this year, Helene Jacobs.

The size of the Lab was increased this year from 30 to 48 booths. The new increased size allows a teacher to bring his entire class into the Lab. In the Lab a teacher is able to play one tape and have it monitered to all the booths occupied by his students. The first year French and Spanish classes use the Lab about once a week. The first year German students use the Lab two or three times a week. The second, third, and fourth year students, along with the individualized students use the Lab from one to four days a week, depending on their needs.

This year, as in the past, a lot of foreign languages had clubs. These clubs were usually sponsered by teachers who taught the foreign language that rhe club represents. The members usually had taken, or were currently taking, the foreign language, knew the teacher, or knew a member of the club. Most clubs met about once a week at lunch. The German Club again went to the October fest in the Alpine Village. They also went to a German movie and in December they had a German Christmas party. The French Club had a French dinner at a French restaurant. They also went into Los Angeles to see a French movie. The Latin Club had many candy sales and car washes to pay for a trip to San Francisco. The Chinese Club again went to San Francisco to celebrate the Chinese New Year.

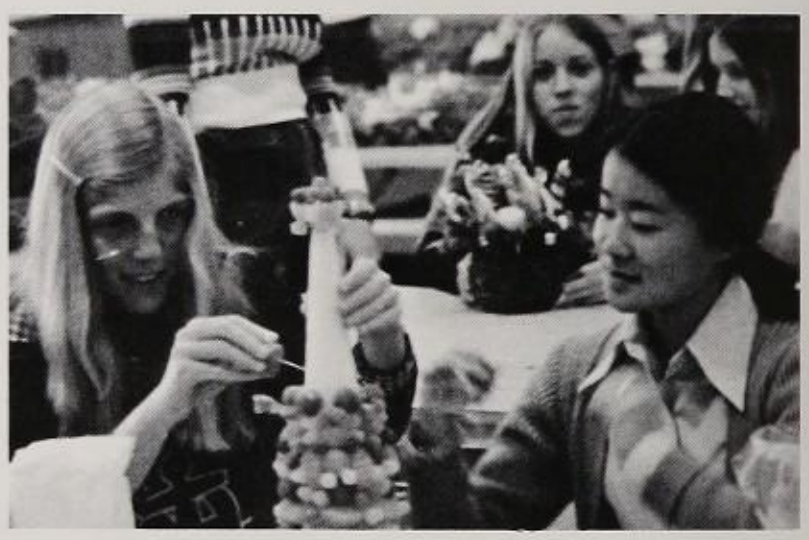
HOME ECONOMICS



This year Harbor's Home Economics Department presented a new image. All classes, even decorative stitchery were co-ed. The sewing classes were individualized so that each student could work at his own pace. The sewing classes offered were: Basic Sewing, Sewing with Knits, Advanced Sewing with Knits, and Tailoring. The cooking classes ranged from basic cooking to advanced classes that ran a catering service for parties and meetings. There was a restaurant in the cafeteria, running for its second successful year, which supplied breakfast. It contained two separate classes, short order cooking, and restaurant service and management. The Home Economics Department also went beyond the usual cooking classes. Buy and Spy was a class that covered the economics side of living. The students learned about credit, contracts and how to buy economically. There were also classes in interior decorating. They worked in the Dean Homes beyond Fashion Island and in the Home Economics lounge. Childhood was a modern course which prepared students for parenthood. They had the opportunity to actually work with small children at Canyon Nursery School. All in all, the new classes presented a new side to Home Economics.

INDUSTRIAL ARTS

The Industrial Arts program gives basic and advanced training in skills, techniques, and information which will be of value to those who choose to enter industry or business. It also provides a background for students who expect to go into advanced fields in engineering, technological work, scientific research, and other professional areas of instruction from which a student can leave High School with a salable skill, equipped to take his place as a productive member of society. Students can choose courses in drafting, electronics, metal and machine shops, photography, power mechanics, woodworking and applied math.

By experiencing a variety of pre-occupational exploratory experiences the student is better qualified to make a meaningful choice in furthering his career of future educational plans. He also learns skills that he may apply to leasure time activities as an adult.

MATH

This school year has been a busy one for the Harbor High Math Department. Fourteen teachers and two Math Lab Assistants have been kept occupied helping over 1560 students learn anything from Practical Math and Beginning Algebra to Trigonometry and Calculus. The newest course being taught this year is the Advanced Placement Math taught by Mr. Dye. Students who do well in the final exam should be able to get college credit for the course.

Mathematical milestones for the year include the retirement of Mr. Jim Miller. Mr. Miller came to Harbor High in 1947 and taught all the Beginning Algebra sections for quite a few years. Later he transferred to Costa Mesa High School where he headed up the Math Department for many years. He returned to Harbor High in 1969 where he taught Algebra for two years before teaching Drafting in Industrial Arts. Our best wishes go to Mr. Miller who, for so long, was Mr. Mathematics at Harbor High.

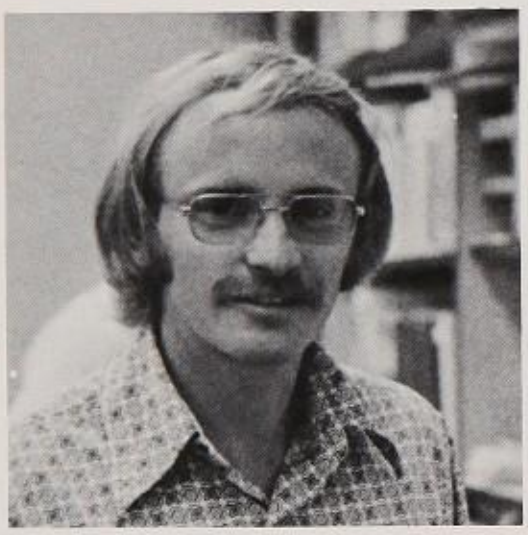
Right where I am.
Bowling

Divided into its two sections of Audio-Visual and Library services, the Multi Media Center attempts to spread the scene, the sound, and the word among Harbor's students and faculty. This is where the action is: on most days over a thousand people visit the MMC.

Easily spotted are the many A-V student assistants who mix in the traffic, leaving and entering the door of the MMC with carts bearing loads of projectors and screens or of audio equipment; those who remain in the A-V room are busy under the supervision of Ross Bregozzo, mending film, assisting students and staff with their many problems at the copy machine, operating the cassette duplicator, laminating pictures, or mystifying spectators as they perform these and many other tasks.

Ross Bregozzo
Audio Visual
Coaching soccer
Dick Cavett
Vancouver Island
Soccer



Besides aiding students and teachers in their research problems, library staff and student assistants tend the collection of better than nineteen thousand books and a five years' collection of over 200 magazine titles, as well as perform many reprographic activities such as typing and duplicating matter necessary to classrooms and administration. Since the library is no longer restricted just as storage and retrieval of printed matter, the staff processes and maintains such exotic communicative media as film loops, film strip, microfilm and cassettes.

Among the throngs of persons seen daily in their search for information in the MMC are also those who contentedly read or study and who appear as serene as though they were in a remote cloister of a mountaintop monastery. Such is the way of man in his ability to adjust to trying circumstances.

PERFORMING ARTS

instrumental

The year began before most students had returned to school for members of the Sailor Band. The annual trip to Canyon Meadows near Bakersfield for Band Camp allowed us to prepare for an outstanding football season, with excellent shows featuring music of the Beatles, A tribute to Bill Pizzica—splendid rendition centering around Slaughter on 10th Avenue—great efforts on the part of the Sailorette Drill Team and Band Auxiliary with their showcase spotlight shared with the Midshipmen. Parades included three fall band reviews, with trophies coming from the band's efforts and top performances from Drum Major Sam Mello. Further successes in parade outings followed in the spring.

Concert performances at Christmas time—the Mid-winter Scholarship Concert featuring guest soloists like Linda Franklin, Valerie Miller and Robert Nelson were highlighted. At the Annual Spring Concert, deserving students received the national and local awards presented to top instrumentalists. Ken Telloian was an outstanding orchestral artist on this program. Other concerts, festivals, rallies, public service functions like the opening of the Mariott Hotel were followed by the 1975 Band Tour—a great time by the Sailor Band in Vegas, Phoenix and the Grand Canyon.

The midshipmen really got uncranked this year, with several dance jobs and feature performances, including their annual jazz concert in May. This group, now "intergrated" (girls yet!) has updated its music and image—did you ever expect an England band in Hawaiian shirts? The year, (Mr. England's 20th, by the way) was pleasantly ended by the arrival of new uniforms for the Sailor Band and anxious expectations of an exciting year for 1975-76.

vocal

This was another banner year for the Choral Music Department. They participated in concerts and festivals, and were involved in a variety of fund-raising activities. Directed by Mrs. Haig, the Choralle, Choruses, and Chantelles performed in the Christmas and Spring concerts with their usual fine musicianship.

The Choralle held several car washes, bake sales, and candy sales. They also took their yearly retreat to Idyllwild at the Isomata performing arts camp. The highlight for the Chantelles was their participation in the International Hawaiian Festival of Music in Oahu, Hawaii during Easter Week. They held a garage sale, a Christmas gift sale, and bake sales to raise money for the tour. They also performed in the 2nd Annual Vocal Showcase Concert.

PHYSICAL EDUCATION

The Girl's PE Department offered a variety of sports including two new classes, Aqua Calisthenics and Track and Trim. Some of the other sports offered were: Volleyball, Badminton, Golf, Flag Football, Dance and Trim Gym. The girls were allowed to choose the sport they were interested in participating in. The classes were each six weeks long.

Boys did not have the chance to choose their courses, but participated in the usual sports such as: Football, Basketball, Volleyball, Softball, Harbor Ball and Swimming. The boys in advance PE (blue) had alternate choices of Badminton, Golf, Tennis and Archery.

The boys were divided into three groups according to grade and physical capabilities. At the beginning of each semester they took physical tests to determine if they would stay in their own division or move up a division. They are classified into three groups, they are: the lowest, white, the middle, red and the advanced, blue.

This year eighteen year-olds or those with three periods or less were exempt from PE classes.

SAFETY EDUCATION

A most important time in High School life is when a student gets his chance to undertake the responsibility of driving an automobile. Newport Harbor's Driver Education Department once again helped the sophomore class to earn their driving privileges.

There are three important teaching methods in driver training. They are class instruction, simulator tests, and actual behind-the-wheel instruction. In class, teachers carefully review the rules of the road. Frequent films help to make a thorough classroom program. The fully computerized simulator familiarizes the student with the basic controls of the automobile. Any error on the driver's part is tabulated and the computer prints out the students' scores for comparison. Students may then operate the specially equipped Driver-training cars, and with the guidance of professional instructors gain experience with varied road conditions and traffic problems.

This year had the largest number of students completing the course: A record 173 in the summer program, and 714 in the semester.

William Bernau heads up the program and hopes for a better educated, safer and more efficient generation of defensive drivers.

SCIENCE

This year, the Science Department had 13 instructors, either full or part time, teaching over 55 sections from worms to E = MC2. The Department offered over 15 different courses, some of which included; Advanced Physical Science, Environmental Studies, and Water Planet. The Science Department also sponsored the week long trip to the Yosemite Institute, and the Summer Field Studies which went to the Sierras. A river rafting expedition was led through the Grand Canyon for the first time. Mr. Dukes sponsored the Math Science Club which specialized in undecipherable car rallies. The Environmental Nature Center won the 1975 Disneyland Community Award in the Environmental-Ecology section. All in all, the Science had one of its most active and stimulating years ever.

SOCIAL STUDIES

Social Studies involves the study of Man. To accomplish this, Harbor High's teachers introduced a wide range of experiences to their classes. Ministers, Rabbis, Priests, policemen, public officials, judges, stockbrokers, and prisoners came to discuss their viewpoint and interchange ideas with the students. The speakers ranged from the famous, like Irving Kanarek, Charles Manson's lawyer, to lesser known but still interesting individuals who introduced a dimension of the real world that could not be communicated by films or tape recordings.

Students were encouraged to explore for themselves by gathering civics credit for going to court, taking the now-famous Discover America Tour, interviewing family members as a historical research exercise, excavating buried artificial societies, making video-tapes and sound-slide presentations, or by involving themselves in community activities. Dennis O'Hern returned from an epic tour of Africa and offered his perceptions through a course entitled African Studies. Fabian Giroux continued his successful course in Comparitive Religions. Mike Marino's Psychology class became one of the most sought after departmental offerings. Wayne Horowitz worked with other staff members to expand the use of classroom television. Carrol Tatro studied the dilemma of the human being in society in her innovative course, "On Being Human."

The staff frequently achieved that "excited interest" which public education strives for, but all to often fails to accomplish. "Where else," commented one student," could you learn how to chant from a Hari Krishna disciple, get frisked by a policeman, talk with a convicted murderer, find out about the Manson case from Manson's lawyer, and imitate a chimp having a lunch-time social all in the same week?"

GRUB AND SCRUB

Top Row: Dorthy Bayliss, Grou Berker, Jean Borwer, Norma Bourgois, Linda Brimmer, Virginia Clark, Linda Illingsworth, Jacque Kronitz, Karen Machodo, Rosemarie McDonald, Beverly Olsen, Val Weoner.

Students enjoying lunch served in the cafeteria.

Day Crew-Back Row: Harry Friedberg, Tom Logue, John Stolarek, Gene Mister, Richie Grave. Front Row: John Scott, Joe Phillips, Robert Murray, Albert Dickson, Albert Johnson, Jose Rodriguez.

Night Crew-Joe Batchelor, Randy Haun, Paul Hanson, Bee Chase, Da
Adams, Tom King, Danny Scott, Bob Fischer.

STUDENT GOVERNMENT

Executive Council
From Left to Right, Front Row, Beth Salvatore, Jeff Zigner, Jamie Masterson, Mandy Lowell, Lily Kumamoto, Second Row, Mark Ashey, Jeff Bitetti, Joni Tucker, Artie Sorce, Joe Bush, Back Row, Debbie Beatty, Vin Mulroy, Meghan Miller.

Student Government for the year of 74-75 was considered to be the lowest in all-time history. The general problem which plagued the student body was APATHY. Student Congress was disbanded in '74 due to lack of student interest. Despite the vigorous efforts of Ex. Council to institute a more efficient method of government, these great notions never came to pass. Once again, Newport had two ASB Presidents; Jeff Zigner and Art Sorce. This was due to the election process which was changed by an ammendment to the Constitution. In the future, elections will be held on a yearly basis. It is certainly hoped that students will participate more actively next year. The following is a letter from Art Sorce.

Over the years, the Ex. Council has been a mainstay in student activities. We have been involved in all dances, concerts, assemblies, and other functions. I only hope that in the future, all students attempt to get involved. Personally, I truly believe Newport will be Number 1 with me forever.

Thanks, God Bless
Art Sorce

Judicial Court
From Left to Right, Front Row, Ellyn Beamish, Lily Kumamoto, Second Row, Terry Miller, Tina Smith, Back Row, Jim Helfrich, Brad Bauman, Artie Sorce.

JUNIORS

The Junior year is the first year that students can really begin to enjoy themselves. Better classes, more electives, and more school involvement make for a better year. The prom plays an important role in this. The class officers main purpose is to raise money for the prom and to make sure that it is a good one. To do this, the Junior class has put on a dance, purchased class rings, and held the annual "Tars and Stars" talent show. As well as the money that needs to be raised, the Junior officers must plan the entire prom. The band, location, prices, and date must be arranged if the prom is to be a success. The Junior year, hopefully, will make the students happy to go to high school.

SOPHOMORES

Sophomores finally can become involved with school. No longer are they freshmen who know nothing about the school. There is no history requirement so students can take more classes which interest them. Sophomores become more active in school activities. The main purpose for the class officers is to get the students involved. Sophomores seem to become more aware of what high school life is really like. They come out of their shells and begin to grow, emotionally and mentally.

When I was a freshman, all I heard in my math class on test days was the slip slap of slide rules. Now on test days, all I hear is, "Let me borrow your calculator for a sec."

I'm just waiting for them to prove that school is a leading cause of brain cancer.

I hope your rat wins the rat race.

What goes up must come down. Did you know that? It's called gravity, you dingaling!

Can we have a skate-board race?

I don't see why English is required, we already know how to speak it, it should be an elective. Yeah, but who would take it?

Individualised German is OK, but it's going to take me the entire high school career to finish 1 chapter.

I just took my SAT test, guess who's not going to college?

What really bothers me is that when I was a Freshman, I had to have those orange outside lockers. But since there was so much vandalism, the Freshmen now have their lockers up in Dodge, and we sophomores got those orange outside lockers.

FRESHMEN

Fear. Loneliness. Confusion. A new school. New people. All of this immediately hits the freshman all at once when he enters high school life. Most freshmen just want to do what is required of them and leave. The freshmen class officers try to reverse this type of thinking. They are not as concerned with monetary problems like the other classes are, so they try to make their first year in high school a good one. They try to make the adjustment as easy as possible. World history, Algebra 1-2, a new foriegn language and other freshman responsibilities all make the year a little harder, but in the end they are glad they made it.

The only reason I enjoy History is because my teacher always gets off the subject.

I hate Friday, sixth period, when I'm dreaming of my weekend and then the teacher assigns us a paper. Five paragraphs, or 2,000 words, due Monday.

My grades were so bad last year, I thought I was going to be on the 7-year plan here at Harbor.

How come I never get my picture in the yearbook?

Bunya!

I don't understand why they call a simulator a stimulator. It doesn't stimulate you at all.

Eating school food is like standing in front of a firing squad.

Everyone warned me about my freshman year, but now that I'm a senior, I look back and think that they all seemed equally bad.

If a person can get out of the school parking lot at noon, he's ready for any freeway in the world.

This school is a clique. Everyone belongs to a group, except me. I'm lost.

Physiology is almost as informative as it is embarrassing. Signed, Lips

The only reason I took Foods is to be able to eat the food that the girls cook.

The only way to get an A in Barnett's class is to bake cakes for the water polo team.

Sewing is a good class-if you can sew.

Have you ever looked up in the auditorium, the ceiling is really beautiful.

I wonder what school would be like without books? Probably pretty bad, then you'd have to listen to the teachers lecture, how boring!

Thinking about colleges is such a hassle. It makes me wonder if I should go at all!

I'd rather be sailing.

Foods is a terrible class if your on a diet.

I remember really looking forward to getting into Harbor, now I can't wait to get out.

This year I learned how to be a really definite maybe about school.

When I had Drivers Ed. they had the old simulators. You could go 200 mph before the red light would go on.

Just think, next year I give the freshmen what I got this year.

May be it would be better if each teacher gave a detailed report on the students progress, instead of a grade. I remember working every night on Latin and I only got a C, that's disappointing!

When I'm typing the cross-out key always wears out.

I wish the nurse could give out aspirin. I hate to always carry it around.

Maybe it's just me, but the people now at Harbor don't seem as much into getting to knowing other people as they used to.

Have you ever seen anyone doing cartwheels upstairs Main about 7:30 in the morning?

Art is fantastic. You can do what ever you want, be creative, but then the teacher has to give you a grade. I wish they'd give A's for trying your best.
